I am a local resident and business owner who has served on the council for the last 4 years I would like to continue in my role as a councillor, serving for the people of Narembeen. During my first term local residents have been able to contact me to discuss any concerns they have raised and wanted resolved at council meetings.

With a greater appreciation for what the role now requires, if elected I am hopeful we can deliver on many of the plans that have been put in place. We also need to be respectful of the financial situation the council is in, not all projects community members are wanting can be delivered on.

Look forward to serving for the community if elected.
