NAREMBEEN WA 6369

I would like to nominate for the position of Shire Councillor in the upcoming local government elections for the Narembeen Shire.

I am a passionate, caring and organised broadacre farmer with decades of hands-on-experience, both on-farm and as a financial officer in our business. My strong work ethic in my business and my community focus drives me. My ability to see a view from all angles is one of my strongest attributes.

I have had a long standing desire to have a positive effect on our local community, which I believe I have done to a point. I now feel nominating for a position on Council is my next step in having a greater impact on our community.

Kind Regards

Holly Cusack
