

I have lived in Narembeen my whole life and I am passionate about farming and the sustainability of our town. I have always been heavily involved in many sporting clubs and community groups including football, tennis, bowls and golf, holding many positions.

I am a long-standing member of Go Narembeen of which I was President for 3 years. During my time on Go Narembeen I supported the start-up of the community café and have assisted yearly with their cropping program to raise funds for projects in our community.

I am interested in ensuring our town continues to build on the current infrastructure as well as build on and explore new opportunities to sustain and improve on what is already a great town.
