

CANDIDATE PROFILE

FOR NOMINATION – LOCAL GOVERNMENT ELECTIONS

I live in the north-eastern part of the Shire and have served on council for the past 4 years.

During my time I have been a part of the Sporting strategy working group which has seen a good plan for the future with our sporting infrastructure. I have a passion for the roads and accessibility of trucks to certain parts of the Shire and have worked hard to achieve this along with the CEO. As a member of the plant committee, I have good knowledge of machinery and what is suitable for our conditions. I am the current Chair of the EWBG which works hard to eliminate vermin from farming properties.

I wish to re-nominate to continue having input into Shire projects that are in the best interests of our community.

Scott Stirrat
