SUMMARY

To review the Shire of Narembeen Annual Report and Annual Financial Report as required by regulation.

BACKGROUND

Each year, Local Governments are required to produce an Annual Report which includes an audited Annual Financial Report (Local Government Act 1995 s5.53).

COMMENT

The audited Annual Financial Report for the 2019/2020 financial year has been received together with the Independent Auditor's Report and Management Report and is presented to the Audit Committee for consideration and recommendation to Council.

Council's auditor reported that in his opinion the Shire of Narembeen's financial report complies with the Local Government Act and associated Regulations and gives a true and fair view of the Shire's financial position and its financial performance and cash flows as at 30 June 2020 and complies with Australian Accounting Standards.

The Shire's management supplied the auditors with all required information and satisfactory explanations were obtained for all areas requiring clarification. All audit procedures were satisfactorily completed, and the asset consumption ratio and asset renewal ratio were supported by verifiable information and reasonable assumptions.

Based on advice from Moore Australia and the Office of the Auditor General (OAG) the Shire reported an accounting misstatement with regards to the RoeROC Waste Facility to the OAG. The OAG deemed the item immaterial and it did not affect their opinion of the Shire's finances, but the Shire will need to work with the other Shire's involved in RoeROC to ensure correct accounting practices are being followed. Essentially the way the current MOU is written and the fact the group has purchased and operates a Landfill has led the auditors to form the opinion that it should be treated as an investment in an associate entity not a joint venture. It won't hurt for all RoeROC Shire's to spend some time reviewing how they account for the RoeROC scenario and to improve consistency across the group.

The Interim Audit identified eight key findings that the Shire has worked to rectify since March. Most issues are fully resolved but the administration wanted to flag with the audit committee that it is still fine-tuning revenue recognition (AASB 15 and AASB1058), most grants are now treated as a contract liability, but the Shire needs to look at other areas such as rubbish charges collected with rates which the auditor also expect to be a contract liability with apportioned revenue only receipted on a monthly basis. Also finding seven was that employee pay rates were not always supported by an employment contract or letter of employment. This is a legacy issue and has been rectified for all

new employees, but the Shire needs to issue letters to all employees after the next round of EBA negotiations conclude.

This year's Annual Financial Report has an increased number of notes mostly related to the changes in accounting standards and regulations. Overall, the Shire has experienced minimal impact from the standard changes with the main changes being:

- Revenue recognition policy - Each source of revenue is required to be tabled in note 2. Revenue recognition is about determining when revenue will be receipted as opposed to received.
- Revenue from contracts with customers – AASB 15 this includes all revenue received based on a contract. Historically revenue was shown on receipts of funds, funds now shown as a liability until the obligation of the contract has been met as at 30 June 2020 the Shire had \$196,501 in contract liabilities, disclosure on note 15.
- Leases – the adoption of AASB 16 requires right of use assets and lease liabilities to be shown separately from other assets, the shire currently has no leases to report. the shire experienced no impact from the new standards relating to leases.

The Shire finished with a strong surplus position of \$1,709,673 this figure is inflated due to \$1,046,634 of unbudgeted Financial Assistance Grants for 2020/2021 received in the 2019/2020 reporting period, expenditure was also down by \$319,112 spread across all accounts.

The Financial Health Indicator is a measurement of a local governments overall financial health based on the seven financial ratios.

	2015/2016	2016/2017	2017/2018	2018/2019	2019/2020
Ratio Names	Raw Ratios	Raw Ratios	Raw Ratios		Raw Ratios
Current	1.66	3.48	2.03	9.20	5.60
Asset Consumption	0.97	0.94	0.98	0.96	0.95
Asset Renewal	0.25	0.27	0.99	0.88	0.81
Asset Sustainability	0.70	0.91	0.72	1.68	1.02
Debt Service Coverage	0.17	20.95	5.01	22.17	15.20
Operating Surplus	(1.51)	(0.38)	(1.13)	0.11	(0.51)
Own Source Revenue	0.30	0.33	0.23	0.35	0.38
	32	60	57	89	71

Trends show an improved financial health, 2018/2019 was inflated due to WANDRRA funding with 2019/2020 showing sound financial health

The Shire President, Deputy President, Cr Milner, Cr DeLuis, Cr Wright as well as the Acting Chief Executive Officer and Finance Officer attending a close of audit meeting with the Shire's auditors and an OAG representative and all parties were satisfied with the audit process and findings.

As well as the Annual Financial Report the Shire's Annual Report also contains a report from the Shire President and CEO, information relating to the Strategic Community Plan and projects undertaken in 2019/2020 and projects planned for 2020/2021, and statutory compliance information relating to items such as:

- Freedom of Information
- Complaints Received
- Employee Salaries over \$100,000
- Disability Access and Inclusion
- Record Keeping
- Competitive Neutrality
- Councillor Training

The Shire had no notifiable issues or items of note to disclose for 2019/2020 financial year.
