### SUMMARY

To review the Shire of Narembeen Annual Report and Annual Financial Report as required by regulation.

### BACKGROUND

Each year, Local Governments are required to produce an Annual Report which includes an audited Annual Financial Report (Local Government Act 1995 s5.53).

### COMMENT

The audited Annual Financial Report for the 2018/2019 financial year has been received together with the Independent Auditor's Report and Management Report and is presented to the Audit Committee for consideration and recommendation to Council.

Council's auditor reported that in his opinion the Shire of Narembeen's financial report complies with the Local Government Act and associated Regulations and gives a true and fair view of the Shire's financial position and its financial performance and cash flows as at 30 June 2019 and complies with Australian Accounting Standards. This means the audit is a clean (unqualified) audit report.

In the management letter, the auditors have also acknowledged that all required information and explanations were obtained, all audit procedures were satisfactorily completed and the asset consumption ratio and asset renewal ratio were supported by verifiable information and reasonable assumptions.

This year's Annual Financial Report has an increased number of notes mostly related to the changes in accounting standards and regulations. Overall the Shire has experienced minimal impact from the standard changes with the main changes being:

- Other Financial Assets – this includes term deposits, investment in Local Government House Trust and loans receivable
- Property, Plant and Equipment, and Infrastructure – Financial Management Regulation 17A was amended to set a minimum asset value of \$5,000 – as such the Shire reviewed assets in the asset register and wrote off a number of assets with an opening valuation under \$5,000 – these are shown in notes 9 and 10 as assets written off and total \$57,923 in assets.
- The shire experienced no impact from the new standards relating to leases and contracts with customers.

- Credit Risk on Sundry Receivables – in the past the Shire has used a provision for doubtful debts to manage and receivables that may be written off throughout the year – the introduction of AASB 9 now provides an approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. Essentially the Shire has determined that debts owed (not rates) that are more than 90 days past due have a 42% chance of default. Although these debts are not very high and amounts to an expected credit loss at 30 June 2019 of \$3,596.

Overall the Shire has seen an improvement in its ratios – this is mostly due to the expenditure on capital assets in 2018/2019 being of a replacement/renewal basis as opposed to the creation of a new asset and also due to the Shire's strong end of year surplus position. These ratios may change again next year but the negative trend that was noted last year is not evident in 2018/2019.

The Shire finished with a strong surplus position of \$1,892,362 however it is worth noting that this figure was inflated by WANDRRA money yet to be received for works completed in 2018/2019 – this accounts for \$1,048,561 of the surplus position. This will not occur again in 2019/2020 and the Shire needs to remain conscious of its operating expenditure and budget management in the years to come. The Shire did budget for an opening surplus of \$1.8m in the 2019/2020 Annual Budget so there should not be major changes required in this area as a result of the audit during the budget review period.

The Shire President and Deputy President as well as the Chief Executive Officer and Executive Manager Corporate Services attending a close of audit meeting/phone conference with the Shire's auditors, and all parties were satisfied with the audit process and findings.

As well as the Annual Financial Report the Shire's Annual Report also contains a report from the Shire President and CEO, information relating to the Strategic Community Plan and projects undertaken in 2018/2019 and projects planned for 2019/2020, the Narembeen CRC Annual Report and statutory compliance information relating to items such as:

- Freedom of Information
- Complaints Received
- Employee Salaries over \$100,000
- Disability Access and Inclusion
- Record Keeping
- Competitive Neutrality

The Shire had no notifiable issues or items of note to disclose for 2018/2019 financial year.
