#### AGENDA ITEM: 6.1 - Compliance Audit Return 2022

Subject:	Compliance Audit Return 2022	
Applicant:	Not applicable	
File Ref:	ADM129	
Disclosure of Interest:	Nil	
Author:	Ben Forbes, Executive Manager Corporate Services	
Date:	13 March 2023	
Attachments:	Compliance Audit Return 2022	

### PURPOSE

Committee to review and promote to Council for endorsement the Compliance Audit Return for the year ended 31 December 2022.

### BACKGROUND

All local governments across the State are required by legislation to undertake a compliance audit for the period 1 January to 31 December 2022.

This audit is performed against the requirements of the Compliance Audit Return prepared by the Department of Local Government, Sport and Cultural Industries (the Department) covering the following business areas considered to be 'high risk'.

- Commercial Enterprises by Local Government
- Delegation of Power / Duty
- Disclosure of Interest
- Disposal of Property
- Elections
- Finance
- Integrate Planning and Reporting
- Local Government Employees
- Official Conduct
- Tendering for Providing Goods and Services

A completed Compliance Audit Return must be submitted to the Department by 31 March of the reporting year.

# CONSULTATION

Chief Executive Officer

# STATUTORY IMPLICATIONS

# Local Government Act 1995

# Local Government (Audit) Regulations 1996

- 14. Compliance audits by local governments
  - (1) A local government is to carry out a compliance audit for the period 1 January to 31 December in each year.
  - (2) After carrying out a compliance audit the local government is to prepare a compliance audit return in a form approved by the Minister.
  - (3A) The local government's audit committee is to review the compliance audit return and is to report to the council the results of that review.
  - (3) After the audit committee has reported to the council under subregulation (3A), the compliance audit return is to be
    - (a) presented to the council at a meeting of the council; and
    - (b) adopted by the council; and
    - (c) recorded in the minutes of the meeting at which it is adopted.

[Regulation 14 inserted: Gazette 23 Apr 1999 p. 1724-5; amended: Gazette 30 Dec 2011 p. 5580-1.]

15. Certified copy of compliance audit return and other documents to be given to Departmental CEO

(1) After the compliance audit return has been presented to the council in accordance with regulation 14(3) a certified copy of the return together with —

(a) a copy of the relevant section of the minutes referred to in regulation 14(3)(c); and

(b) any additional information explaining or qualifying the compliance audit, is to be submitted to the Departmental CEO by 31 March next following the period to which the return relates.

- period to which the return
- (2) In this regulation —

certified in relation to a compliance audit return means signed by --

- (a) the mayor or president; and
- (b) the CEO.

[Regulation 15 inserted: Gazette 23 Apr 1999 p. 1725; amended: Gazette 26 Jun 2018 p. 2386.]

# FINANCIAL IMPLICATIONS

Nil

# **POLICY IMPLICATIONS**

Nil

# **RISK MANAGEMENT IMPLICATIONS**

The Compliance Audit Return ensures legislative compliance and internal controls are suitable.

# STRATEGIC PLAN REFERENCE

Nil

# **VOTING REQUIREMENTS**

Simple Majority

# COMMENT

Management notes the following area of non-compliance, as per subsection Finance, question 3.

In accordance with section 7.9(1) of the Local Government Act 1995, Council did not receive and adopt the Annual Report for the year ended 30 June 2022 by 31 December 2022

# **OFFICER RECOMMENDATION/ AUDIT COMMITTEE RECOMMENDATION**

That the Audit and Risk Committee recommend that Council endorse the 2022 Compliance Audit Return, as attached.

MIN 7557/23

MOTION - Moved Cr. Bray

Seconded Cr. Milner

CARRIED 6/0

### 7.0 Other Business

# 8.0 Next Meeting

To be advised.

### 9.0 Closure

There being no further business the Chair declared the meeting closed at 2:12pm.

ATTACHMENT – ITEM 6.1 Audit Report – Shire of Narembeen – 30 June 2022

# **Auditor General**

# INDEPENDENT AUDITOR'S REPORT 2022 Shire of Narembeen

To the Councillors of the Shire of Narembeen

# Opinion

I have audited the financial report of the Shire of Narembeen (Shire) which comprises:

- the Statement of Financial Position at 30 June 2022, the Statement of Comprehensive Income by Nature or Type, Statement of Changes in Equity, and Statement of Cash Flows and Rate Setting Statement for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2022 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

# **Basis for opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

# Other information

The Chief Executive Officer (CEO) is responsible for preparing and the Council for overseeing, the other information. The other information is the information in the entity's annual report for the year ended 30 June 2022, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

# **Responsibilities of the Chief Executive Officer and Council for the financial report**

The Chief Executive Officer of the Shire is responsible for:

- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

# Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at <u>https://www.auasb.gov.au/auditors\_responsibilities/ar4.pdf.</u>

# My independence and quality control relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQC 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Reports and Other Financial Information, and Other Assurance Engagements*, the Office of the Auditor General maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

# Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Narembeen for the year ended 30 June 2022 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Mark Ambrose Senior Director Financial Audit Delegate of the Auditor General for Western Australia Perth, Western Australia 20 April 2023

7.	Asset Management Plan and Workforce Plan Outdated		~	
8.	Procurement Policy Not Updated		√	
9.	Invoices for Credit Card Transactions			$\checkmark$

# **KEY TO RATINGS**

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant	- Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit report, it should be addressed promptly.
Moderate	<ul> <li>Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.</li> </ul>
Minor	<ul> <li>Those findings that are not of primary concern but still warrant action being taken.</li> </ul>

# 1. Lack of Supporting Quotes for Expenditure

# Finding

The Shire's purchasing policy states that where a purchase is not made with the express approval of Council or made through WALGA E-Quotes system, quotes are to be obtained in accordance with the following purchasing threshold bands:

Value of purchase:	
\$0 to \$999	<ul> <li>at least one verbal or written quote is to be obtained;</li> </ul>
\$1,000 to \$4,999	<ul> <li>at least one written quote is to be obtained;</li> </ul>
\$5,000 to \$24,999	<ul> <li>request at least 2 written quotes with at least 1 to be obtained;</li> </ul>
\$25,000 to \$49,999	- request at least 3 written quotes with at least 2 to be obtained;
\$50,000 to \$149,000	<ul> <li>- 3 written quotes with formal quote process &amp; selection criteria;</li> </ul>
\$150,000 and above	<ul> <li>tender unless classified as tender-exempt</li> </ul>

As part of our payments testing, we noted that the required number of quotes was not obtained prior to payment on 5 occasions in the first band; 2 occasions in the third band and 2 occasions in the fourth band with both of these occasions being where only 1 quote was received from a local supplier. The occurrence was for a total of 9 occasions out of a sample of 45 payments tested.

# **Rating: Significant**

### Implication

The Shire has not adhered to its purchasing policy and as a result may commit to expenditure which has not been appropriately procured by management, in line with the budget representing a competitive price and value for money to the Shire. This may potentially result in financial loss to the Shire.

### Recommendation

We recommend that management ensure the purchasing policy is adhered to and the necessary quotes are obtained before a decision is made to contract a supplier. This will make certain a competitive price representing value for money is obtained.

# Management Comment

Verbal quotes have not traditionally been recorded or noted in Council's synergy system as a purchase order is usually made out based on the verbal quote received. It could be argued that the purchase order itself represents the record of verbal quote received in this circumstance.

The Council's procurement system is setup to allow the CEO to override staff purchases which do not meet policy and a reason must be documented as part of the process. This is recorded and saved in the Council's Altus system.

It should be noted that the policy extract quoted above is from the Executive Policy – Procurement which is a management policy rather than a Council Policy. Having purchasing thresholds in a management policy does not meet industry best practice and as an outcome it is recommended that both policies are reviewed.

Responsible Person:	Chief Executive Officer
Completion Date:	August 2022

# 2. Supplier Master File Amendments

# Finding

Management uses New Supplier Forms to authorize amendments to the supplier database. We noted that in 6 instances out of a sample of 6 New Supplier Forms examined, there was no evidence of a telephonic call with suppliers recorded to verify changes to supplier details. Furthermore, we identified 2 instances where ABN checks were not documented as having been performed for new suppliers.

# Rating: Significant

### Implication

This may result in unauthorised or inaccurate supplier information being processed to the supplier database giving rise to a risk of payments not being made to the appropriate supplier.

### Recommendation

We recommend that evidence of telephonic calls to suppliers to confirm changes to supplier details be recorded on the New Supplier Form and that ABN checks are performed and recorded on the New Supplier Form for all new suppliers.

# Management Comment

Management disagree that this is a significant finding.

Adding a phone call to the process of adding a new supplier can be implemented, however, this will not eliminate the risk of fraud.

The ABN checking process may have been missed for some creditors with a changeover of staff, however management are confident that it is undertaken for all new creditors at present.

Responsible Person:Executive Manager Corporate ServicesCompletion Date:July 2022

# 3. ICT Disaster Recovery Plan

# Finding

The Shire does not have an ICT Disaster Recovery Plan in place or a policy regarding cyber security threats and responses to attacks.

# **Rating: Significant**

# Implication

Without a plan or policy in place, key risks to electronic data may not be identified and safeguards not put in place to minimise risks. This may ultimately lead to loss of electronic data through cyber threats, damage to backed-up data and damage to equipment.

# Recommendation

We recommend that management:

- Develop an ICT Disaster Recovery Plan and Cyber Security Policy.
- Identify and document key ICT risks, along with the treatments to reduce the risk to an acceptable level.
- Test the plan to ensure validity.

# **Management Comment**

Management agree. To be implemented by Cohesis / Qbit.

Responsible Person:	Executive Manager Corporate Services
Completion Date:	August 2022

# 4. Purchase Orders dated after Invoice Date

# Finding

During our purchases testing, we identified 1 out of 45 payments where the authorised purchase order (PO 1860) was dated after the date of the corresponding supplier's invoice.

# Rating: Moderate Implication

The Shire has not adhered to the purchasing policy and as a result may commit to expenditure which has not been appropriately authorised by management, in line with the budget or representing valid business-related expenditure of the Shire. This may potentially result in financial loss to the Shire.

### Recommendation

We recommend that management ensure purchase orders are obtained per the purchasing policy prior to the acquisition of goods and services and payments made to suppliers.

# **Management's Comments**

Support recommendation. Staff will be reminded of the importance of ensuring a PO is generated prior to the works being undertaken.

Responsible Person:Executive Manager Corporate ServicesCompletion Date:August 2022

# 5. Employee pay rates were not always supported by an employment contract or letter of employment

# Finding

Our testing of payroll noted 3 instances out of a sample of 24 where employees' pay rates could not be verified to a signed employment contract or letter of employment. In one of the instances, the Works Manager's employment contract was not retained on file.

We also noted that increment letters do not specify the additional amounts to be paid to employees above the award rates.

# **Rating: Moderate**

# Implication

Without a properly signed contract or letter of employment, there is an increased risk that employees may not be legally bound and as a result, disputes could occur in relation to employment entitlements, including pay rates and leave. There is also an increased risk that errors may occur within payroll transactions which could go undetected.

# Recommendation

To help ensure the accuracy and validity of payroll transactions, all employees should be supported with an employment contract or letter of employment which details all necessary terms of employment including pay rates and leave entitlements. These contracts should be retained within the employee personnel files.

### **Management Comment**

HR processes including record keeping has been identified by Management as an area requiring improvement. Recommendation supported.

Responsible Person:	Executive Manager Corporate Services
Completion Date:	September 2022

# 6. Review of Bank Reconciliations

# Finding

We noted that bank reconciliations for the months of December 2021 and April 2022 were signed and dated by the preparer but not by the reviewer.

# Rating: Moderate Implication Without a review of bank reconciliations, errors may not be detected and resolved.

# Recommendation

We recommend that management ensure bank reconciliations are either physically printed and signed or alternatively authorised through a digital signature as adequate evidence of an independent review by senior management.

### Management's comments

Recommendation supported. EMCS to ensure bank reconciliations are reviewed monthly.

Responsible Person:Executive Manager Corporate ServicesCompletion Date:July 2022

# 7. Asset Management Plan and Workforce Plan Outdated

# Finding

We noted that the Shire's Workforce Plan 2014 – 2023 had not been reviewed and updated since 2014. We further note that the Shire's Asset Management Plan 2014 – 2023 had not been reviewed and updated since 2013.

# Rating: Moderate

# Implication

The Shire has no current plan to follow in respect of matters relating to employment and the management and renewal of assets.

# Recommendation

We recommend that the Workforce Plan and Asset Management Plan is reviewed, updated and approved by Council to provide the Shire with a plan to follow in respect of matters relating to employment and the management and renewal of assets.

# Management's comments

Review of the Workforce Plan has been held off until the adoption of the Community Strategic Plan which is due for adoption July 2022. Council's asset management plans requiring updating and the process has commenced for land and building and infrastructure.

Responsible person:	Chief Executive Officer
Completion date:	January 2023

# 8. Procurement Policy Not Updated

# Finding

Per the Procurement Policy we noted that the maximum authority limit granted to management before the requirement to conduct a tender process is \$150,000.

The Local Government (Functions and General) Regulations 1996 has been amended to increase the maximum authority limit before the requirement to conduct a tender process from \$150,000 to \$250,000. The Shire's Procurement Policy has not been updated in line with the amendments to the Local Government (Functions and General) Regulations 1996.

We further noted that the authority limit granted to management to authorise payments without conducting a tender process per the Altus procurement system is \$200,000.

# **Rating: Moderate**

# Implication

Management's delegation limits are not internally consistent and do not comply with the Local Government (Functions and General) Regulations 1996 and increase the risk of the authorisation of payments outside a level that meets the acceptable risk of the Shire.

### Recommendation

The Shire should review its procurement policies and procedures with a view to updating a maximum authority limit as part of the local government's delegation to management and to comply with the amendments to the Local Government (Functions and General) Regulations 1996.

### Management's comments

Management support a review of Council's procurement policies including an increase in tender threshold to \$250,000 as per the regulations.

Responsible person:	Chief Executive Officer
Completion date:	August 2022

# 9. Invoices for Credit Card Transactions

# Finding

We noted that in 4 instances out of a sample of 41 credit card payments, the credit card EFTpos receipt was retained on file but the supplier's invoice for the purchase could not be provided.

# Rating: Minor

# Implication

Accepting a credit card transaction without the supplier's invoice increases the risk of unauthorised payments.

# Recommendation

We recommend that where an employee could not obtain or retain the supplier's invoice for a credit card purchase, the employee must complete and sign a statutory declaration confirming the reason for the purchase and not obtaining the supporting supplier's invoice.

# **Management Comment**

Staff already complete a statutory declaration when an invoice is lost or misplaced. It is acknowledged that EFT pos receipts may have been confused with invoices during the year. Management will remind staff of the need to present invoice as evidence.

Responsible Person:	Executive Manager Corporate Services
Completion Date:	July 2022

# ATTACHMENT – ITEM 6.1 Final Management Letter – Shire of Narembeen – 30 June 2023

	Index of findings	Rating		
		Significant	Moderate	Minor
1.	Disposal of fixed assets		√	
2.	Excessive annual leave balances		√	
3.	Lack of purchase orders for expenditure			√

# Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- **Significant** Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit report, it should be addressed promptly.
- **Moderate -** Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- **Minor -** Those findings that are not of primary concern but still warrant action being taken.

# 1. Disposal of fixed assets

# Finding

We noted that a vehicle was traded in during the financial year however, the Shire did not comply with the *Local Government Act 1995* Section 3.58(3)(a) which requires public notice to be given before an asset is disposed of.

### Rating: Moderate

# Implication

There is a risk that the disposal of assets is affected without proper authorisation and not at the best price obtainable by the Shire. This may potentially result in financial loss to the Shire.

# Recommendation

The Shire ensures compliance with the *Local Government Act 1995* Section 3.58(3)(a) in relation to the disposal of qualifying assets going forward by giving public notice before disposal.

The Shire ensures all disposals are authorised and that the best price is obtained.

# Management comment

Management are aware of the oversight in the lack of local public notice and have educated all associated staff of the correct approach to the disposal of assets going forward.

Responsible person:	CEO/EMCS
Completion date:	Ongoing

# 2. Excessive annual leave balances

# Finding

During our testing of employee leave provisions, we noted that 2 out of 31 employees had annual leave balances in excess of 8 weeks (40 days) at year end.

The Local Government Officers' (Western Australia) Award 2021 & Municipal Employees (Western Australia) Award 2021 deem an employee's leave accrual to be excessive if the employee has accrued more than 8 weeks.

# Rating: Moderate

# Implication

Excessive annual leave balances may have adverse effects on the Shire including:

- key staff not being rotated, a preventive control against fraud
- health and safety concerns with staff members not taking their annual leave entitlements
- increase the Shire's costs given salary rises and increments over time.

# Recommendation

The Shire should ensure that employees take leave in a timely manner and excessive leave balances are cleared to a level below what is deemed to be excessive per the Local Government Officers' (Western Australia) Award 2021 & Municipal Employees (Western Australia) Award 2021.

### Management comment

*Employees with excess leave balances will be liaised with to ensure that they are reduced to acceptable levels.* 

Responsible person:	CEO/EMCS/WM
Completion date:	Ongoing

# 3. Lack of purchase orders for expenditure

# Finding

The Shire's purchasing policy states that where the value of a purchase exceeds \$99 an official purchase order is to be issued.

As part of our payments testing, from a sample of 15 payments tested, we noted that one purchase order where a purchase order was required per the purchasing policy, did not appear to have been prepared.

### Rating: Minor

# Implication

The Shire has not adhered to the purchasing policy and as a result may commit to expenditure which has not been appropriately authorised by management, in line with the budget or represent valid business-related expenditure of the Shire. This may potentially result in financial loss to the Shire.

# Recommendation

We recommend that management ensure that purchase orders are obtained prior to the purchase of goods and services for all payments as required per the purchasing policy.

### Management comment

As noted previously, management is cognisant of the deficiencies in the existing procurement practices and is actively working towards educating all staff of best-practice principles, as well as putting additional control measures in place to safeguard against purchases being made without a PO.

Responsible person:	CEO/EMCS

# **ABOUT US**

Narembeen is located in the heart of the Wheatbelt, 286km east of Perth. The town has evolved from its traditional rural history and today plays an important role within the Wheatbelt in cereal cropping, cattle and sheep production, agricultural innovation as well as support from industry such as engineering, auto works and tourism.

Narembeen is a vibrant community offering high quality infrastructure, fantastic services and endless opportunities.

# A MESSAGE FROM THE SHIRE PRESIDENT & CHIEF EXECUTIVE OFFICER

We are pleased to present the Shire of Narembeen's Annual Report for the year ended 30 June 2022.

Like many other communities throughout Western Australia and in fact the whole of Australia the Covid 19 pandemic created a whole new range of challenges for the Council and community, from people having to isolate, reduction of services and in some cases temporary closure and supply issues. Our community appeared to cope reasonably well as it bandied together as usual to assist when required.

The financial year has again been a particularly busy year for the Shire and its staff with the flood of Federal and State Covid funding for various initiatives, whilst being welcomed in the community it has certainly created its own set of challenges as the Shire found it very difficult to source tradespeople to complete all the projects identified for completion with the Federal Community Drought and Local Roads and Community Infrastructure funding. Further funding \$1,093,684 was also provide by the Federal government. As a result, many of the projects from 2020-21 have been carried over into this financial year.

Community projects continued during the financial year included:

- Town Hall upgrades
- Old Church restoration
- Apex Park precinct upgrade
- Main street upgrades
- Walker Lake dual use path and exercise equipment
- Dual Use Path in Brown and Ada Streets

Major road works commenced and completed during the year included:

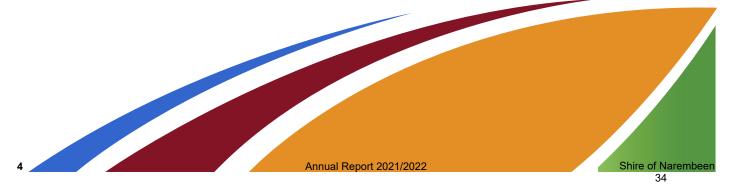

- Soldiers Road gravel re-sheet
- South Road upgrade
- Narembeen Kondinin Road widen and overlay to 10 metres
- Latham Road improvements

In addition to the above construction works, the small, but efficient, outside work crew continued working hard to keep our roads, sporting facilities and gardens in good condition throughout the heat of summer and wet of winter.

There is always pressure on the crew to get as much grading done as possible as soon as the wet weather commences and to ensure our roads continue to be safe during the summer period, especially when the carting of grain to the bins is in full swing and the dry summer conditions makes it very difficult to maintain the gravel roads in a suitable state.

Shire staff and especially the outside staff continue to support the community in their own time at community events such as ANZAC Day, Australia Day and the Triathlon. Thank you to you all, we appreciate your work.

The Community Resource Centre (CRC) continues to represent the Shire in an outstanding manner to support a wide range of community focused events and activities. The CRC continued to oversee the running of SOCK week (Save Our Country Kids) which is a local initiative developed to raise awareness of the impacts of road trauma.

# A MESSAGE FROM THE SHIRE PRESIDENT & CHIEF EXECUTIVE OFFICER CONT

With the support of the Road Safety Commission, this year's SOCK week program was extended to other Wheatbelt communities.

At the highly successful Australia day event held at the Narembeen swimming pool, enjoyed by all those who attended, including the announcements of Brittany Duncan as Citizen of the Year and the Narembeen Netball Club receiving the Active Citizenship award.

The local government elections were held in October 2021 with five (5) vacancies, one (1) being for a two (2) year term. Eight (8) nominations were received, with Scott Stirrat re-elected for a further term and Chris Bray, Trevor Cole, Holly Cusack and Michael Currie being elected for the first time. Congratulations to Scott for being reelected and to first time Councillors Chris, Trevor, Holly, and Michael. Alan Wright chose not to renominate after serving one four (4) term and Regina DeLuis resigned after serving two (2) years, with previous Councillor Peter Lines not being re-elected. On behalf of Council and the community our appreciation is extended to Alan, Regina and Peter for their commitment to serve the community.

Special acknowledgment to former Shire President Rhonda Cole, who has worked tirelessly for the Narembeen community over the past sixteen (16) years, including five (5) years as Shire President, Rhonda decided not to renominate for Council in October 2021.

Rhonda' efforts were recognised by receiving the Eminent Service Award at the 2021 WALGA convention which was well deserved. Finally, to all the Councillors, thank you for your dedication, support and commitment to the Shire of Narembeen and its community over the past twelve months.

Thank you also to all the staff who work tirelessly for our community. We look forward to a positive future for Narembeen and "Together We will continue to Grow".

Cr Kellie Mortimore Shire President

David Blurton Chief Executive Officer

Annual Report 2021/2022

Shire of Narembeen 35

## **PROJECTS 2021/2022**

## APEX PARK UPGRADE Cost: \$337,051

## Narembeen Apex Park beautification and increased accessibility to this area included:

- New Entrance Statement and Signage for Caravan and Apex Park
- New Nature Play Area made from Timber and other Natural Materials
- Enhanced landscaping surrounding highactivity areas
- Improved lighting, including solar lighting around high-trafficked areas
- Signage for Caravan Park using QR code technology to ensure information remains current
- Information Bay with Shire and Town Maps
- Astrotourism stargazing area

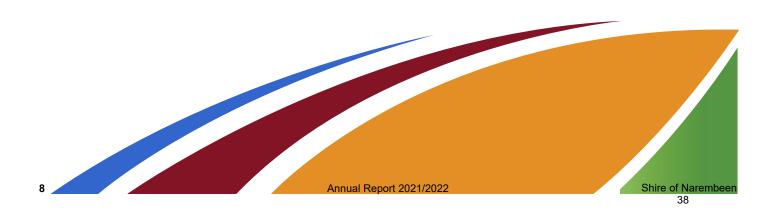

The improvements compliment the Caravan Park and Tourist Precinct.

## MAIN STREET IMPROVEMENTS STAGE 2 Cost: \$146,000

As part of a two-staged development to improve the main street and pedestrian access. Additional landscaping and a new crossover paved by Reality Landscapes. The contrasting levels and coloured pavers help to slow down vehicles travelling through the main street making it safer for pedestrians and traffic.

## **PROJECTS 2021/2022**

## TOWN HALL RESTORATION STAGE 1 Cost: \$159,773

Restoration of the Town Hall preserves the building in line with its historical significance in Narembeen and State Heritage Listing. The Hall was constructed in 1939 and has been a landmark and place of gathering for the community since. Structural Engineers and Architects were engaged to develop a Conservation Plan which informed the process. The plan addresses issues such as rising dampness and electrical work being a priority to make certain the building is safe for the community to continue enjoying the facilities. The next stage is to undertake works that will ensure the building retains its contemporary modern art deco façade, historical aesthetics, and interior design.

A specialist restorative builder from Perth engaged to provide a high standard of work as per the National Trust requirements.

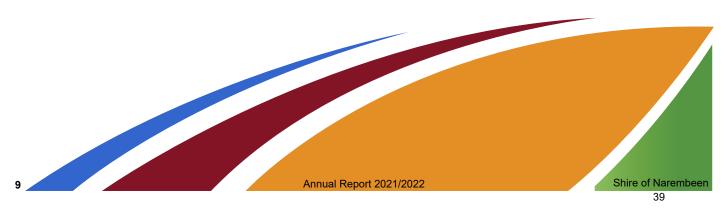

## ST PAULS CHURCH MUSEUM STAGE 1 Cost: \$131,577

Formerly St Paul's Anglican Church presently a Church Museum was in much need of repair and maintenance. A Conservation Management Plan has now been developed for the 1928 building according to its State Heritage Listing restoration requirements, which identifies priority works to preserve its condition.

Specialist builders have been engaged to carry out the works, including electrical works, the removal of asbestos, re-stumping, replacement of wall panelling, and restoration of windows and doors.

## **PROJECTS 2021/2022**

## WALKER LAKE DUAL – USE PATH Cost: \$405,084

The construction of an approximately 1.5km dualuse concrete path around Walker Lake replaced an existing gravel path. The original path posed a fall hazard for users and restricted the use for some residents in Narembeen and visitors to the area. The path has been well received and used regularly by community members. To further enhance the use of the path two exercise areas with outdoor equipment will be added, thanks to MACA sponsoring one of the stations. A water fountain has also been installed for both walkers and 4 legged companions.

## BROWN AND ADA ST FOOTPATH Cost: \$90,424

The Council adopted a pathway network priority for Narembeen in 2019. It was identified as important for locals as it allows path users to follow a continuous cycle/walk path from the residential areas of town through to key amenities, including children going to school and other recreational users. A major priority for the Shire is to keep bikes/pedestrians/ gophers off the road and away from traffic. The improvement of the pathways is also an initiative to promote physical activity for those living in the community.

Some of the benefits include:-

- Narembeen District High School students better and safer connectivity from the school north to Brown Street (residential area) and vice versa.
- Tourists better access to and from the Caravan Park through to the Avoca Farm Walk Trail
- Recreational users provide a connection to the existing shared pathway network.
- Elderly safer access along Brown & Ada Street for those using gophers.

Annual Report 2021/2022

Shire of Narembeen

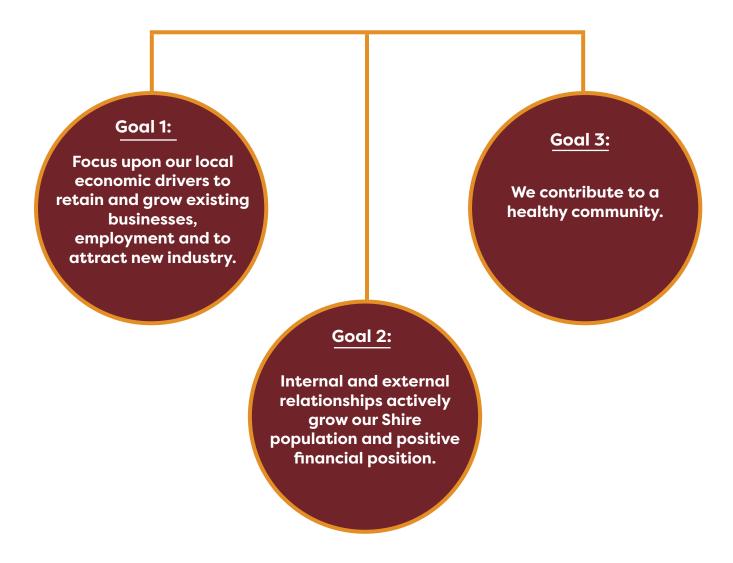

## **ROADS 2021/2022**

# PLANNING FOR OUR FUTURE

The Shire's Strategic Community Plan together with other integrated planning documents, which include the Business Plan and Long-Term Financial Plan, provides a guide for Council's operations towards the year 2032.

The Strategic Community Plan Vision: Together we create the opportunity to grow, is underpinned by three main goals:

The Shire is continuing along a positive trajectory towards achieving its goals and working towards the community's vision whilst maintaining financial functionality into the future.

# STRATEGIC COMMUNITY PLAN

The Shire of Narembeen developed its Strategic Community Plan for the community – electors, ratepayers, permanent residents and temporary visitors. The Strategic Community Plan was developed hand in hand with the community. It has a key place in the Shire's delivery and management of services and infrastructure, and it is important to our community because it:

- Includes a revised vision for the Shire of Narembeen which Council feels is more reflective
  of their direction, priorities and how they will achieve them
- Includes a clear direction for Council using a decision making criteria developed by Council
- Identifies the risks and opportunities for Council
- Establishes the direction of other integrated planning documents
- Is an easy to access and understand document that is in direct response to what Council and staff require in planning and delivering services and infrastructure, with clear targets and points of measurement
- Identifies the important role not for profit organisations in our community will play in helping the Shire to achieve its strategic goals and community outcomes as well as how the Shire will help not for profit organisations achieve their goals – it is a mutually beneficial partnership.

# MAJOR PROJECTS PLANNED FOR 2022/2023

## TRANSPORT CAPITAL WORKS

The Shire will be under taking a number of road infrastructure improvement projects totalling some \$5.2m with funding from Federal, State and Shire, including Regional Road Group, Wheat belt Secondary Freight Network and Roads to Recovery, some of the major ones being:

\$2,500,000

\$ 914,000

\$ 520,000

\$ 710,000

\$ 180.000

\$ 90,000

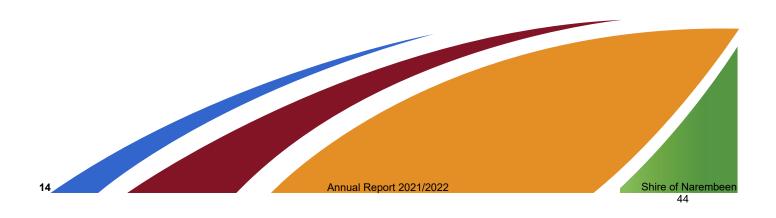

- Narembeen- Kondinin Road widen and seal
- Soldiers Road gravel Resheet
- Cramphorne Road reconstruction and seal
- Latham Road improvements
- Narembeen South Road seal
- Longhurst Street drainage

## **MAJOR PROJECTS**

•	Staff Housing	\$ 500,000
•	Bowling Club Resurface	\$ 146,000
•	Administration Office Refurbishment - Plans	\$ 120,000
•	Stormwater Harvesting Program	\$ 30,000
•	Cemetery Shade and Seating	\$ 30,000

## The Local Roads & Community Infrastructure stimulus funding afforded the Shire \$1,093,684 which will be spent as follows: -

•	Church Museum Restoration Project Stage 2	\$115,229
•	Town Hall Upgrade & Restoration Stage 2	\$102,730
٠	Walker Lake Outdoor Exercise and Shelter	\$50,000
•	Footpath Infrastructure	\$175,655
٠	Planning and Development of Churchill St	\$350,000
•	Electronic Video Sign Board	\$50,000
•	Seal Savage St Laneway	\$250,000

# FINANCIAL PERFORMANCE

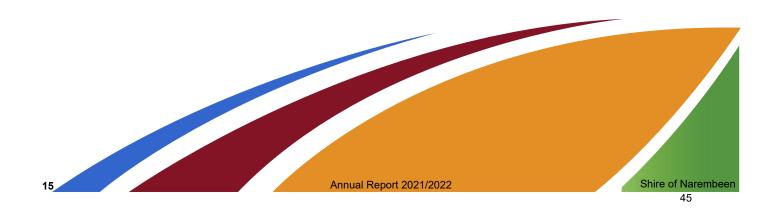

The Shire of Narembeen finished the financial year in a strong financial position with a surplus of \$2.56m for the 2022 financial year, after transfers of \$1.32m to reserves.

A good indicator of an organisations financial health are the financial ratios, which are tabled below. All ratios for the 2022 financial year meet or exceed the Department of Local Government Sport and Cultural Industries' benchmarks, except for the Operating Surplus ratio which measures 0.18 for the year ended 30 June 2022. It is not unusual for a Local Government to record a weak result in this metric and is indicative of Council's financial planning being reliant on securing sufficient grant funding to maintain its operations.

As at 30 June 2022 Council has \$4,133,569 in reserves which is anticipates using on several key strategic projects in future years. Total cash held at year end is \$6,887,323 which includes reserves and \$1,001,460 of unspent grant funds.

Ratio Type	2022	2021	2020
Current ratio	2.32	6.91	5.60
Asset consumption ratio	0.92	0.92	0.95
Asset renewal funding ratio	0.81	0.81	0.81
Asset sustainability ratio	0.96	1.25	1.02
Debt service cover ratio	27.98	9.36	15.20
Operating surplus ratio	0.18	(0.75)	(0.51)
Own source revenue coverage ratio	0.37	0.36	0.38

## Finanical ratios for the year ended 30 June 2022

# GOVERNANCE & STATUTORY REPORTING STANDARDS

The Shire of Narembeen has a number of other Acts and Regulations that requires it to provide statutory reporting.

## Freedom of Information Act 1982

The Freedom of Information Act 1992 gives an applicant a legally enforceable right to access records held by both State and Local Government agencies, subject to exemptions.

Council maintains several records and registers including but not exclusive of; Town Planning Schemes, Financial Interest Registers, Delegated Authority Register, Cemetery Register, Insurance Register, Rate Book, Tender Register, Electoral Roll, Asset Register etc.

Nominated documents can be inspected free of charge upon application to the Office of Council located at 1 Longhurst Street, Narembeen during normal business hours.

During the year of review, there were no requests for Freedom of Information. Any application received will be considered, subject to the request not contravening the privacy rights of individuals, and may be subjected to a small administrative charge for the enquiry.

## **Public Interest Disclosure**

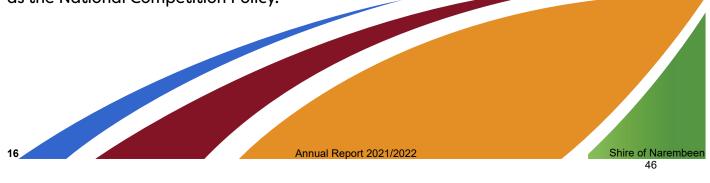

The Public Interest Disclosure Act 2003 (PID) enables individuals to make disclosures about wrongdoings within the public sector without fear of reprisal. The legislation is commonly referred to as the 'whistle-blower' Act. Individuals can report present or proposed future wrongdoing by a public body when performing a public function to the Shire's Chief Executive Officer. The Shire of Narembeen received no PID applications in for the 2022 financial year.

## Register of certain complaints and minor breaches

Section 5.121 of the Local Government Act 1995 requires a local government to maintain a register of complaints that result in an action or a finding under section 5.110(2)(a) LG Act. An up-to-date register is available on our website at narembeen.wa.gov.au. The Shire of Narembeen did not receive any minor breach complaints for the 2022 financial year.

## National Competition Policy (NCP)

In 1995 the Council of Australian Government entered into a number of agreements known as the National Competition Policy.

The policy is a whole of Government approach to bring about reform in the public sector to encourage Government to become more competitive.

Local Government will mainly be affected where it operates significant business activities that compete or could compete with private sector business. Local Government will also be impacted where its local laws unnecessarily affect competition.

Local Government and more particularly the Shire of Narembeen is required to comply with certain policies within the National Competition Policy Statement and report on progress in connection with Competitive Neutrality Principles and review of Local Laws.

## **Competitive Neutrality (CN)**

The principle of "Competitive Neutrality" is that government businesses should not enjoy a competitive advantage, or suffer a disadvantage, simply as a result of their public sector ownership.

Measures should be introduced to effectively neutralise any net competitive advantage flowing from government ownership.

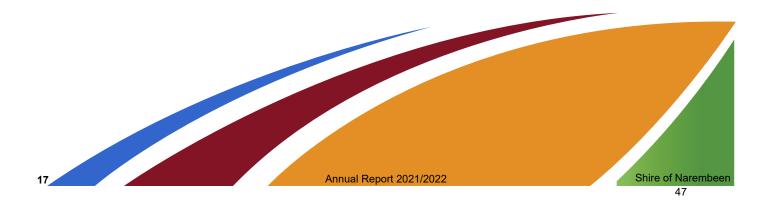

Competitive Neutrality should apply to all business activities that generate a user pays income of over \$200,000 per annum, unless it can be shown it is not in the Public Interest. A Public Benefit test is used to determine if competitive neutrality is in the public interest.

The Shire of Narembeen does not control any business activity with a user pays income in excess of \$200,000.

## **Record Keeping Plan (RKP)**

The State Records Act 2000 is an Act to provide for the keeping of State Records and for related purposes. Section 19 of the Act requires that every government organisation must have a record keeping plan that has been approved by the State Records Commission. A government's organisation, including local governments, record keeping plan sets out matters about which records are to be created by the organisation and how it is to keep its record.

The Record Keeping Plan comprises of a range of documents which, when assessed as a whole, provides an accurate reflection of the record keeping program within the organisation. More specifically, documentation regarding the organisation's record keeping system/s, disposal arrangements, policies and practices and processes will be essential components of the record keeping plan held by a local government. The inclusion of such documentation will constitute evidence of compliance.

The Shire's Record Keeping Plan has been adopted by Council and approved by the State Records Commission.

## **Disability Access Inclusion Plan**

Under Section 29 (2) of the Disability Services Act 1993 the Shire is required to provide an annual summary report on its approach to assisting people with disabilities in our community as part of its inclusiveness planning, which is guided by seven (7) key outcomes.

**Outcome 1:** People with disability have the same opportunities as other people to access the services of, and any events organised by, a public authority.

Council continues to consider the need of people with disabilities wherever possible.

**Outcome 2:** People with disability have the same opportunities as other people to access the buildings and other facilities of the Shire of Narembeen.

Access standards to all of Council's public buildings remain a priority for people with disabilities to access these public buildings.

**Outcome 3**: People with disability receive information from the Shire of Narembeen in a format that will enable them to access the information as readily as other people are able to access it.

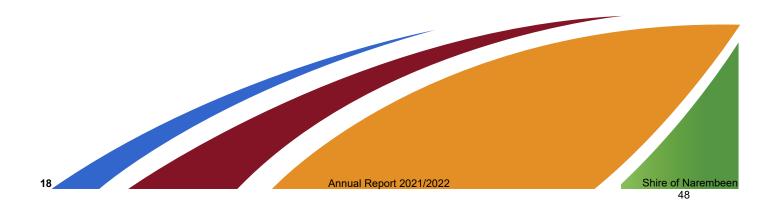

Council remains mindful of communicating at the simplest and easy to read formats for all its residents.

**Outcome 4:** People with disability receive the same level and quality of service from the employees of the Shire of Narembeen as other people receive.

Staff remain aware to offer the appropriate assistance and advice to its residents on all occasions.

**Outcome 5:** People with disability have the same opportunities as other people to make complaints to the Shire of Narembeen.

Staff will ensure that grievance mechanisms are accessible for people with disability and are acted upon.

**Outcome 6:** People with disability have the same opportunities as other people to participate in any public consultation by the Shire of Narembeen.

Ensure that people with disability are actively consulted about the DAIP and any other significant planning processes and that people with disability are aware of and can access other established consultative processes.

**Outcome 7:** People with disability have the same opportunities as other people to obtain and maintain employment with the Shire of Narembeen.

The Shire of Narembeen continuously reviews its Disability Access Inclusion Plan, the next major review is scheduled for 2022.

## Strategic Community Plan 2017-2027

Council has adopted a "Strategic Community Plan" that outlines Council's continued progresstowards the aims and objectives of the district to maintain the overall vision that "Together we create opportunity to grow".

With Shire priorities being:

- 1. Growing our community and visitor population
- 2. Creating and capturing positive economic opportunities

3. Our partnerships and networks return us tangible financial, economic, social and environmental benefits.

The Strategic Community Plan is due for major review in 2022.

## Corporate Business Plan 2018 - 2022

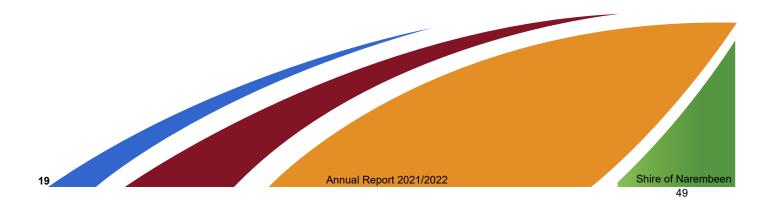

Council adopted a Corporate Business Plan for the period 2018/19 to 2021/22. The Plan sets out a range of actions, measures and targets that reflect Council's Strategic Community Plan's goals:

**Goal 1:** Focus upon local economic drivers to retain and grow existing businesses employment and to attract new industry.

**Goal 2:** Internal and external relationships actively grow our Shire population and positive financial position.

**Goal 3:** We contribute to a healthy community.

The Corporate Business Plan is due for review in 2022.

## **Employee Payments**

Regulations 19B (2) (b) of the Local Government (Administration) Regulations 1996 requires details of the number of employees of the Shire entitled to an annual salary of \$130,000 or more and the number of those employees with an annual salary entitlement that falls within each band of \$10,000 over \$130,000 to be included in the Annual Report

Set out below, in bands of \$10,000, is the number of employees of the Shire entitled to an annual salary of \$130,000 or more for the 2021 and 2022 financial year:

Salary Range	2021	2022
\$140,000 - \$149,999	1	1

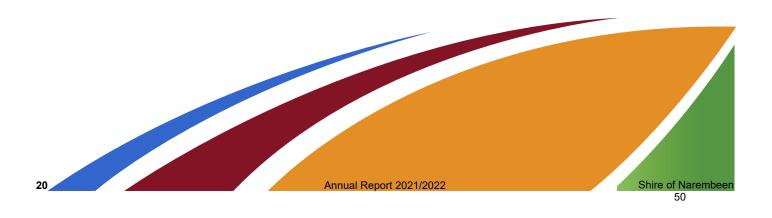

Regulation 19B (2) (e) of the Local Government (Administration) Regulations requires details of the remuneration paid or provided to the CEO the financial year to be included in the annual report, which was \$198,492.

## Councillor meeting attendance

Regulation 19B (2) (f) of the Local Government (Administration) Regulations requires details of the number of council and committee meetings attended by each council member during the financial year.

The number of meetings attended by Councillors during the period 1 July 2021 to 30 June 2022 is tabled below.

Councillor	Total Meetings	Council Attendance	Committee Attendence
Cr Mortimore	18	13	5
Cr Stirrat	15	13	2
Cr Milner	18	12	5
Cr Hardham	15	9	1
Cr T Cole	12	10	2
Cr Currie	15	10	5
Cr Bray	12	10	2
Cr Cusack	12	9	2
Cr R Cole	3	3	
Cr Lines	3	3	
Cr Wright	3	3	
Cr DeLuis	3	1	

## **Council Allowance**

Councillors are paid an annual allowance in recognition of carrying out their civic and statutory duties, work on policy development and as spokespeople on community matters. Councillors incur expenses in the course of fulfilling their roles and are reimbursed for incurred expenses.

Total payments to Councillors for the period 1 July 2021 to 30 June 2022 are tabled below:

Description	Amount
Meeting Fees	\$20,480
Presidential Allowance	\$7,581
Deputy President's Allowance	\$1,752
Travel Expenses	\$4,388
Total	\$34,201

Note 24	Rating Information	42
Note 25	Rate Setting Statement Information	45
Note 26	Borrowing and Lease Liabilities	46
Note 27	Reserve accounts	47
Note 28	Trust Funds	48

#### 1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 28 of the financial report.

#### Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- · estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, and infrastructure.

#### 2. REVENUE AND EXPENSES

#### **Revenue Recognition**

Revenue recognised during the year under each basis of recognition by nature or types of goods or services is provided in the table below:

#### For the year ended 30 June 2022

Nature or type	Contracts with customers	Capital grant/contributions	Statutory Requirements	Other	Total
	\$	\$	\$	\$	\$
Rates	0	0	1,878,801	0	1,878,801
Operating grants, subsidies and contributions	5,121,459	0	0	0	5,121,459
Fees and charges	629,747	0	0	0	629,747
Interest earnings	0	0	0	27,239	27,239
Other revenue	207,620	0	0	0	207,620
Non-operating grants, subsidies and contributions	0	1,390,774	0	0	1,390,774
Total	5,958,826	1,390,774	1,878,801	27,239	9,255,640

#### For the year ended 30 June 2021

For the year ended 30 June 2021

<ul> <li>Restricted cash and cash equivalents</li> </ul>	15(a)	4,133,569	2,813,325
		6,887,323	6,240,029

#### SIGNIFICANT ACCOUNTING POLICIES

#### Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

#### 4. OTHER FINANCIAL ASSETS

#### (a) Current assets Financial assets at amortised cost

(b)

#### Financial assets at amortised cost

Self supporting loans receivable Term deposits	25(b)	15,546 1,760,391	
		1,775,937	
Held as			
- Unrestricted other financial assets at amortised cost		1,775,937	
) Non-current assets			
Financial assets at amortised cost		90.300	
Financial assets at fair values through other comprehensive		,	
income - Units in Local Government House Trust		77.804	
		,	
Financial assets at amortised cost			
Self supporting loans receivable		90,300	
		90,300	

#### SIGNIFICANT ACCOUNTING POLICIES

**Other financial assets at amortised cost** The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierachy (see Note 22 (i)) due to the observable market rates.

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

#### **Restricted financial assets**

2022

\$

1,775,937

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

Details of restrictions on financial assets can be found at Note 15.

2021

\$

15,264

15,264 0 15,264

15,264

105,847 73,807

105 847

105.847

Financial assets at fair value through profit and loss
The Shire classifies the following financial assets at fair value
through profit and loss:

 debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
 equity investments which the Shire has not elected to recognise

fair value gains and losses through other comprehensive income.

#### Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 21.

5. TRADE AND OTHER RECEIVABLES	Note	2022	2021
		\$	\$
Current			
Rates receivable		100,264	109,968
Trade and other receivables		159,460	36,010
GST receivable		54,667	81,998
Allowance for credit losses of trade and other receivables	21(b)	(2,014)	(7,618)
		312,377	220,358
Non-current			
Pensioner's rates and ESL deferred		0	3,959
		0	3.959

#### SIGNIFICANT ACCOUNTING POLICIES

**Trade and other receivables** Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

#### Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 21. **Classification and subsequent measurement** Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to value is considered immaterial.

#### **6. INVENTORIES**

	Note	2022	2021
Current		\$	\$
Fuel and materials		13,372	13,372
		13,372	13,372
Non-current			
Land held for resale		236,300	303,628
		236,300	303,628

The following movements in inventories occurred during the year:

#### Balance at beginning of year

Inventories expensed during the year		(191,258)	(165,124)
Land sold during the year	25(a)	(67,328)	0
Additions to inventory		191,258	170,173
Balance at end of year		249,672	317,000

#### SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and

holding charges incurred after development is completed are expensed.

311,951

Borrowing costs and holding charges incurred after development is completed are expensed.

317,000

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

#### 7. PROPERTY, PLANT AND EQUIPMENT

#### (a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

#### 7. PROPERTY, PLANT AND EQUIPMENT (Continued)

#### (b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value Land and buildings					
Land	2/3	Market approach using recent or estimated observable market data for similar properties	Independent Registered Valuers/Management Valuation	June 2022	Observable or estimated open market values/price per hectare
Buildings - non-specialised	2/3	Market approach using recent or estimated observable market data for similar properties	Independent Registered Valuers	June 2022	Observable or estimated open market values/price per square metre
Buildings - specialised	3	Cost approach using depreciated replacement cost	Independent Registered Valuers/Management Valuation	June 2022	Construction costs and current conditions (level 2), residual values and remaining useful life assessments (level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

## 9. FIXED ASSETS (Continued)

# SIGNIFICANT ACCOUNTING POLICIES

## **Fixed assets**

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

**Initial recognition and measurement for assets held at cost** Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognised at fair value. Assets held at cost are depreciated and assessed for indicators of impairment annually.

### Initial recognition and measurement between

mandatory revaluation dates for assets held at fair value Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5).* These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next revaluation date in accordance with the mandatory measurement framework.

### Revaluation

The fair value of land, buildings and infrastructure is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

## **Revaluation (continued)**

At the end of each period the carrying amount for each asset class is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

### Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

## Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

21

# **10. TRADE AND OTHER PAYABLES**

## Current

Sundry creditors
Prepaid rates
Accrued payroll liabilities
PAYG Liabilities
Bonds and deposits held
Licensing
Accrued Interest on loans
FBT Liabilities

## SIGNIFICANT ACCOUNTING POLICIES

## **Financial liabilities**

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

2022	2021
\$	\$
577,081	111,733
18,461	16,968
58,213	95,738
30,010	32,322
19,490	17,396
361 9,393	0 10,716
10,696	7,243
723,705	292,116

## Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

## **Prepaid rates**

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

1. OTHER LIABILITIES	2022	2021

Less than 1 year	1,001,460	576,149
•		

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

## SIGNIFICANT ACCOUNTING POLICIES

11

**Contract liabilities** Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

### Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as revenue when the obligations in the contract are satisfied.

Non-current capital grant/contribution liabilities fair values are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierachy (see Note 22(i)) due to the unobservable inputs, including own credit risk.

## **12. BORROWINGS**

			2022			2021	
	Note	Current	Non-current	Total	Current	Non-current	Total
Secured		\$	\$	\$	\$	\$	\$
Debentures		74,875	742,285	817,160	86,671	817,161	903,832
Total secured borrowings	26(a)	74,875	742,285	817,160	86,671	817,161	903,832

## Secured liabilities and assets pledged as security

Debentures, bank overdrafts and bank loans are secured by a floating charge over the assets of the Shire of Narembeen. Other loans relate to transferred receivables. Refer to Note 5.

The Shire of Narembeen has complied with the financial covenants of its borrowing facilities during the 2022 and 2021 years.

## SIGNIFICANT ACCOUNTING POLICIES

### **Borrowing costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierachy (see Note 22(i)) due to the unobservable inputs, including own credit risk.

## Risk

Information regarding exposure to risk can be found at Note 21. Details of individual borrowings required by regulations are provided at Note 26(a).

## **13. EMPLOYEE RELATED PROVISIONS**

### **Employee Related Provisions**

	2022	2021
Current provisions	\$	\$
Employee benefit provisions		
Annual Leave	168,720	150,296
Long Service Leave	171,900	159,663
	340,620	309,959
Non-current provisions		
Long Service Leave	14,417	49,542
	14,417	49,542
	355,037	359,501

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

	Note	2022	2021
Amounts are expected to be settled on the following basis:		\$	\$
Less than 12 months after the reporting date		171,588	342,353
More than 12 months from reporting date		183,449	17,148
		355,037	359,501
Expected reimbursements of employee related provisions from			
other WA local governments included within other receivables	5	0	0

## SIGNIFICANT ACCOUNTING POLICIES

### **Employee benefits**

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

## **14. REVALUATION SURPLUS**

	2022	2022	2022	Total	2022	2021	2021
	Opening	Revaluation	Revaluation	Movement on	Closing	Opening	Closing
	Balance	Increment	(Decrement)	Revaluation	Balance	Balance	Balance

## **16. CONTINGENT LIABILITIES**

As disclosed in Note 20, the Shire has a 25% interest in the Bendering Landfill Site (the Site). The Site has been registered as a Category 89 Prescribed Premises under Part V of the Environmental Protection Act 1968.

The Environmental Protection (Rural Landfill) Regulations 2002 apply to Category 89, Prescribed Premises in Schedule 1 Part 2 of the Environmental Protection Regulations for a putrescible landfill site that accepts between 20 and 5,000 tonnes of waste per year. These regulations outline the requirements for the Site, including a post-closure plan.

A Landfill Management Plan (the Plan) was prepared by Tallis Consultants outlining the post-closure rehabilitation requirements for the Site. The Plan was received by the members of the Roe Regional Organisation of Councils at their meeting in July 2022. The Plan estimates the remaining life of Stage 1 of the Site to be approximately four years and the closure cost for Stage 1 will be \$514,337. The Shire's share of this cost will be 128,584.

The Shire currently has \$28,652 in the Bendering Landfill Renewal Reserve account by way of Council Resolution in 2016/17. The Shire will transfer the balance of \$99,932 for the next three financial years to cover the costs of rehabilitation of Stage 1 of the Site.

### 18. Elected Member Remuneration (Continued)

TOTAL	34,201	36,378	38,378
Fees, expenses and allowances to be paid or	2022	2022	2021
reimbursed to elected council members.	Actual	Budget	Actual
	\$	\$	\$
President's annual allowance	7,581	7,000	7,875
Deputy President's annual allowance	1,752	1,750	875
Meeting attendance fees	20,480	23,228	22,670
Travel and accommodation expenses	4,388	4,400	6,958
18(b)	34,201	36,378	38,378

## (b) Key Management Personnel (KMP) Compensation

		2022	2021	
The total of compensation paid to KMP of the		Actual	Actual	
Shire during the year are as follows:		\$	\$	
Short-term employee benefits		442,771	418,177	
Post-employment benefits		55,356	52,639	
Employee - other long-term benefits		22,198	12,401	
Employee - termination benefits		0	1,834	
Council member costs	18(a)	34,201	38,378	
		554,526	523,429	

## Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

### Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

### Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

## Termination benefits

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

### Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

## (c) Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions occurred with related parties:	2022 Actual \$	2021 Actual \$
Purchase of goods and services Post employee benefits - other related parties	161,181	164,272
Amounts outstanding from related parties: Loans to associated entities	72,343	80,000

## **18. RELATED PARTY TRANSACTIONS**

## (d) Related Parties

## The Shire's main related parties are as follows:

### i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel.

## ii. Other Related Parties

An associate person of KMP was employed by the Shire under normal employment terms and conditions.

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the Shire.

### iii. Entities subject to significant influence by the Shire

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

## **19. JOINT ARRANGEMENTS**

## (a) Share of joint operations - Department of Housing

The Shire together with the Department of Housing have a joint arrangement with regard to the provision of 9 housing units in Currall & Doreen Streets, Narembeen. The Shire's share of the housing units is included in Property, Plant & Equipment.

Statement of Financial Position	2022 Actual	2021 Actual
	\$	\$
Land	10,694	150,000
Buildings - non specialised	142,071	996,075
Less:accumulated depreciation	0	(85,191)
Total assets	152,765	1,060,884

## SIGNIFICANT ACCOUNTING POLICIES

Joint operations

A joint operation is a joint arrangement where the Shire has joint control with another party to the joint arrangement. All parties to joint arrangementhave rights to the assets, and obligations for the liabilities relating to the arrangement.

Assets, liabilities, revenues and expenses relating to the Shire's interest in the joint operation are accounted for in accordance with the relevant Australian Accounting Standard.

## (b) Share of joint operations - Roe Environmental Health Services

The Shire has a 15.38% interest in Roe Environmental Health Services (RoeEHS).

The Shire's interest in the revenue and expenses have been included in the respective line items of the financial statements.

Statement of Comprehensive Income		
	2022	2021
	Actual	Actual
	\$	\$
Materials and Contracts	(22,700)	(32,928)
Profit/(loss) for the period	(22,700)	(32,928)

## **20. INVESTMENT IN ASSOCIATES**

## (a) Investment in associate

Set out in the table below are the associates of the Shire. All associates are measured using the equity method. Western Australia is the principal place of business for all associates.

	% of ownersh		2022	2021
Name of entity	2022	2021	Actual	Actual
Roe Regional Organisation of Councils (RoeROC) Total equity-accounted investments	25.00%	25.00%	\$ 48,097 48,097	\$ 0
Total equity-accounted investments			40,037	0
The Roe Regional Organisation of Councils (RoeROC) was formed to Waste Facility and Environmental Health Services across four shires. RoeROC assets at the Bendering Landfill site.				
The Shire's share in the assets for 2022 are based on the audited res Organisation of Councils as follows:	sults of the Roe Regi	ional		
Current assets			0	0
Non-current assets			192,386	0
Total assets			192,386	0
Liabilities			0	0
Net assets			192,386	0
Shire's 1/4th interest in associate			48,097	
Opening Balance			0	0
Movement in infrastructure previously recorded as a joint operation			6,198	0
Movement in land previously not recorded as a joint operation			20,000	0
Movement in share of result in associate			21,899	0
Closing balance			48,097	0

In 2021, the Shire's interest in RoeROC was reported as a joint arrangement without reference to RoeROC's audited financial statements.

## SIGNIFICANT ACCOUNTING POLICIES

### Investments in associates

An associate is an entity over which the Shire has the power to participate in the financial and operating policy decisions of the investee but not control or joint control of those policies.

Investments in associates are accounted for using the equity method. The equity method of accounting, is whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

## 21. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rates	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	00,	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	<ul> <li>Availability of committed credit lines and borrowing facilities</li> </ul>

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

### (a) Interest rate risk

### **Cash and cash equivalents**

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate %	Carrying Amounts \$	Fixed Interest Rate \$	Variable Interest Rate \$	Non Interest Bearing \$
2022 Cash and cash equivalents Term deposits	0.69% 2.14%	6,887,323 1,775,937	0 1,775,937	6,887,323 0	0 0
2021 Cash and cash equivalents	0.51%	6,240,029	0	3,426,704	2,813,325

### **Sensitivity**

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

Impact of a 1% movement in interest rates on profit and loss and equity\*
\* Holding all other variables constant

2022	2021
\$	\$
68,873	34,267

### **Borrowings**

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 26(a).

## 21. FINANCIAL RISK MANAGEMENT (Continued)

## (b) Credit risk

### Trade and Other Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The Shire is able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2021 or 1 July 2022 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors.

The loss allowance as at 30 June 2022 and 30 June 2021 for rates receivable was determined as follows:

	Less than 1 year past due	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total	Note
30 June 2022						
Rates receivable						
Expected credit loss	0.00%	0.00%	0.00%	0.00%		
Gross carrying amount	7,541	27,712	18,500	46,511	100,264	
Loss allowance	0	0	0	0	0	5
30 June 2021						
Rates receivable	0.000/	0.000/	0.000/	0.000/		
Expected credit loss	0.00%	0.00%	0.00%	0.00%		
Gross carrying amount	45,000	24,910	13,010	31,006	113,926	
Loss allowance	0	0	0	0	0	5

The loss allowance as at 30 June 2022 and 30 June 2021 was determined as follows for trade receivables.

	Less than 30 year past due	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total	
30 June 2022						
Trade and other receivables						
Expected credit loss	0.00%	0.00%	0.00%	1.00%		
Gross carrying amount	153,329	2,221	1,900	2,010	159,460	
Loss allowance	0	0	0	2,014	2,014	5
30 June 2021						
Trade and other receivables						
Expected credit loss	0.00%	0.00%	0.00%	0.56%		
Gross carrying amount	5,018	16,957	321	13,714	36,010	
Loss allowance	0	0	0	7,618	7,618	5

## 21. FINANCIAL RISK MANAGEMENT (Continued)

### (b) Credit risk

The loss allowances for trade receivables and contract assets as at 30 June reconcile to the opening loss allowances as follows:

	Rates receivable		Trade and other receivables		Contract Assets	
	2022	2021	2022	2021	2022	2021
	Actual	Actual	Actual	Actual	Actual	Actual
	\$	\$	\$	\$	\$	\$
Opening loss allowance as at 1 July Increase in loss allowance recognised in	0	0	7,618	4,156	0	0
profit or loss during the year Receivables written off during the year as	0	0	0	5,603	0	0
uncollectible	0	0	(5,604)	(2,141)	0	0
Closing loss allowance at 30 June	0	0	2,014	7,618	0	0

Trade receivables and contract assets are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Shire, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on trade receivables and contract assets are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

# 21. FINANCIAL RISK MANAGEMENT (Continued)

## (c) Liquidity risk

## **Payables and borrowings**

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 15(c).

The contractual undiscounted cash flows of the Shire's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

<u>2022</u>	Due within 1 year \$	Due between <u>1 &amp; 5 years</u> \$	Due after 5 years \$	Total contractual cash flows \$	Carrying values \$
Trade and other payables Borrowings	723,705 115,077 838,782	0 452,565 452,565	0 <u>489,651</u> 489,651	723,705 1,057,292 1,780,997	723,705 817,160 1,540,865
<u>2021</u>					
Trade and other payables Borrowings	292,116 15,682 307,798	0 15,239 15,239	0 1,056,436 1,056,436	292,116 1,087,357 1,379,473	292,116 903,832 1,195,948

#### 22. OTHER SIGNIFICANT ACCOUNTING POLICIES

#### a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

#### c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

#### d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

#### e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

#### f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

#### g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

#### h) Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

#### i) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

#### Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

#### Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

#### Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

#### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

#### Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

#### Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

#### i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regularity to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

#### k) Initial application of accounting standards

During the current year, no new or revised Australian Accounting Standards and Interpretations were compiled, became mandatory and were applicable to its operations.

#### New accounting standards for application in future years

The following new accounting standards will have application to local government in future years: - AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current

- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments

- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates

- AASB 2021-7 Amendments to Australian Accounting Standards – Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections

It is not expected these standards will have an impact on the financial report.

# 23. FUNCTION AND ACTIVITY (Continued)
