The Fence Post is a weekly (45 weeks of the year) voluntary publication in A4, printed mainly in black and white, the email edition is in colour. The newspaper is printed by our local CRC on a Wednesday. There are no summer holiday editions. Advertisements received by email will be invoiced to that address.

Disclaimer

The views expressed in articles in this newspaper are not necessarily the views of the Editor or other volunteers who produce this newspaper.

The Editor has the right to withhold, edit or abbreviate any items.

Over the Fence....

FROM THE EDITOR

Its not often I write any Editors notes when completing the Fencepost, but this week is different. Different because what I want to write about is hard for me to comprehend.

Last week the **Volunteer** Emergency Services building was broken into. I find it hard to fathom how low people go to break into a building that is used by **volunteers only**. The signage out the front clearly states that it is a **Volunteer** Emergency Services building.

I wonder if one day those that did this will require the services of the Firies or the Ambulance.....

If you know of anyone or anything about this break in please let your conscious get the better of you and let the local Police know. We do not need these types of people who show absolutely no regard for other people's property doing this in our town.

CONGRATULATIONS

Congratulations to James King and Vanessa Wittstock on their engagement over the weekend. James is currently working as the Stock Agent at Elders and Vanessa is the CRC Co-Ordinator.

We wish them many happy years together.

WEDNESDAYS IN WINTER

Despite enjoying the warmth of the winter sun in Carnarvon, I am truly missing my Wednesday golf in Narembreen. It has now been five missed Wednesdays, as well as an opportunity to play Pennants against Corrigin. It may well be another five Wednesdays before I am able to join you all and with any luck I will still be able to hold a club.

The ladies who golf (and followers) are my friends – we share a passion for the game; some more than others it has to be said, a good laugh and the telling of tales some of which are rather off-coloured and some too close to the truth to be shared outside of our tight-knit circle. And not to be missed – a shared plate of hot party pies on a cold Wednesday night at the 19th. Missing you all.

Jill

WEDDING

The Narembeen contingent of the “Lethlean” family (Sylvia and Alan Yandle, Terri and Eric Tenardi, Michael Lethlean, Lorraine Lethlean and Warren Milner), together with Jenny and Peter Murphy and Sherryl and Kevyn Bow all travelled to Kununurra to celebrate the wedding of Teagan Wilkins to Jordan Lister.

Teagan is the daughter of Susan (Lethlean) and Geoffrey (Silver) Wilkins of Mandurah.

The wedding was planned late last year with all arrangements made but due to COVID19 plans were changed then changed again. Eventually the modified plans went ahead on 11th July 2020.

Teagan and Jordan were married at St James Anglican Church with the reception for 70 guests being held in a lovely outdoor garden setting with the red hills of Kununurra in the background.

Teagan looked lovely in a long white beaded gown and she was attended by friends Melissa Nicol and Eleatha Tate who wore navy blue halter neck mid length dresses. Jordan’s groomsmen were Trent Brooks and Myles Craker. The mother of the bride looked wonderful in a red lace dress and the grooms mother wore a blue dress.

The weather was lovely and warm and appreciated, especially by those, who, due to the curtailings of flights by Virgin, had to make the 6,000kms round trip by car.

Local

- Our School returned on Tuesday for the commencement of Term 3.
- Local Volunteer Emergency Services building is broken into and damage caused.
- Rain fell for most ranging from 11mm – 26mm across the Shire.

Regional

- Industry has collaborated with a small outback training centre to seal 5km of the Goldfields Highway between Wiluna and Meekatharra
- 'Broome is the new Bali': Picturesque towns flooded with travelling Aussies who can't get overseas
- A West Australian council has registered its opposition to a lithium refinery's plan to dump tailings in the state's Wheatbelt region, more than 500 kilometres from the plant.
- Confusion over two driving suspensions lands prominent WA farmer John Nicoletti in court

State

- Jason Gale brother of well-known Australian model, TV personality and designer Megan Gale has gone missing.
- The pitch invader at Thursday night's clash between Geelong and Collingwood at Optus Stadium in Perth is facing a \$50,000 fine for breaching a COVID quarantine zone. But on Friday, Mandurah man Jesse Hayden told 7NEWS he had no regrets and he would do it all again.
- The father of Baby Gammy, the infant at the centre of an international surrogacy scandal, has died. David Farnell and his wife Wendy made global headlines when the couple's Thai surrogate accused them of abandoning one of their twins, who was born with Down Syndrome.

National

- The Auditor-General has told the department responsible for Murray Darling water buybacks to lift its game

Global

- Teen dies from bubonic plague - A 15-year-old boy has died of bubonic plague in western Mongolia after eating marmot, as authorities impose quarantine measures.
- Hong Kong issues mask rules amid surge, LA mayor agrees city reopened too soon
- Global wheat production on the decline

EULOGY - BILL BAILEY

Good morning everyone and thank you all for coming today to celebrate the life of Bill – our brother, our father, our father in law, our grandfather, our great grandfather and “our friend”.

Each of you here today have your own relationship, your own set of memories of my father. How lucky we all are to have known him, to have had him in our lives. My father was a gentleman ... in all manner of the word.

He fulfilled every obligation he ever took. His word was his bond and everyone knew it.

I never heard him utter a lie nor intentionally deceive.

William Edward Bailey was born on 30th April 1929 in St Annes Hospital Mt Lawley. He was the first born followed by Bob, Anne, Jennifer, Helen and the baby of the family, Peter.

My Father was self-made and self-reliant, from his education to his career, from his skill with everything agricultural, machinery, soil cropping and to breeding some of the best merino sheep in the district.

Bills schooling was at the Graball school, opposite the farm gate. Being the oldest, it was Bills job to unhitch the horses from the sulkies in the morning at school and take them down to the dam for a drink. Likewise, just before school finished, he would water the horses again and hook the sulkies up to the horses for everyone to get home. The school eventually closed down due to lack of numbers so correspondence was done at home. The school bus started, then it was a six mile ride to Yeomans to catch it. Bob used to ride dinky on Bills handlebars. On one occasion they missed the bus so Bill rode into town – with Bob on the handlebars. At the conclusion of the day the principal said you might as well ride home, which they did – with Bob on the handlebars.

After finishing school in Narembreen, Bill spent three years of high school at Northam, boarding with the manager of Easywalking shoes. It was there that he developed a distaste of pumpkins, as the managers wife grew nothing but pumpkins – for breakfast, lunch and dinner. So, if anyone wondered why Bill left the pumpkin on his plate, you now know why.

While at high school he was a member of both the football and cricket teams.

Dad left school at fifteen and went back on the farm where he worked together with Pop and Bob for ten years. During this time Pop lent Bill £4,000 to buy his first block which he duly paid back.

At the time, anyone under the age of twenty one could not own land in their name so it had to be put in Pops name, transferring it later when Bill was of age.

While working with Pop and Bob he was determined to get away from pulling two A1 Sunshine Harvesters in tandem so he persuaded Pop to by the first International Harvester from Moppetts. A new GL200. Now this was a mighty machine....but the grain box was only nine bags so he did away with the grain box and designed a forty five bag bin that was towed behind the large rear wheel ... no easy feat considering the tools and materials at hand.

It was about this time, 1955, at a weekend in Perth with Eric Berry, they met two ladies from Bruce Rock, one of those ladies was the very attractive Lydia Jean Mitchell. They would go on to meet again at football matches and dances until the 3rd March 1956 when they were married in St Peters Victoria Park.

Things moved quickly after that. Greg was born, I followed eighteen months later then Karen three years after that.

During this time the family home was established and more land was purchased from brother Bob at Mt Walker. Then with Greg and I home from school, Dad went alone and started gradually expanding, eventually owning 13,000 acres.

My father was a great family man. He was proud of his children ... most of the time

Family holidays were always looked forward to as this was the time we all had his undivided attention. Trips to North Fremantle to visit grandparents with the mornings at Port Beach, swimming and jumping off his big shoulders in the surf, turning into whole day events at the beach. He didn't seem to mind. Probably because at the end of the day, he and Harry (Pop) would head down to the Rose for a couple of cold ones.

Other holidays include Busselton and an epic 1965 trip inland to Roebourne in an EH Holden station wagon, brave move with three kids in the back. I think even dad didn't realise how many gates there were.

As grandchildren came along his focus shifted to them and he was always enquiring as to their whereabouts, and, what they were doing, whether it be sport, travel or studies.

All during his time Dad participated in all sports.

My father was a gifted cricketer who played County Week. It was Bill, who along with Bob and others who set up the Mt Walker Cricket Club. They spent twelve months clearing a site and preparing a pitch and outfield, to only have to close after twelve months due to not being able to stay in the competition.

Bill was also a solid golfer playing for many years. He was also involved in the Narembreen Tennis Club, He played bowls for many years, winning all championships except for singles.

But it was as a footballer that he shone. Bill played for Rovers and many a battle he and Chook Currie had on derby days. He also represented the Association on many occasions.

My father had a sense of civic duty. He served as a councillor for eight years. His time at the council coincided with the purchase of Walkers farm by the shire, which he considered one of the best decisions made while he was serving.

It has been mentioned to me by a past president that Dad was one of the most learned councillors he had come across, not only of local issues but worldly issues as well. Although he didn't speak a lot at meetings, very rarely was he spoken against. To the best of my knowledge he never missed a meeting and you would never have to ask him twice to do anything.

He was always very keen to go on trips to other shires as a councillor to gather ideas to improve all things Narembreen, but also very keen to show the visiting councillors the way things were done here so that they could take on board ideas to improve the running of their shires

He was very involved, and participated in the setting up of the Aged Care Facilities in the town.

He was also involved in the Historical Society.

My father had a quiet dignity, respecting himself the way he respected others.

In his final days he occasionally lost his good humour but never had one moment of self-pity.

In life, and now in death he wouldn't want us to focus on the sadness and the sorrow.

My father lived Life to the full ... from start to finish

Rest in peace Dad.
(Steve Bailey)

HISTORICAL HIGH LIGHTS

The July meeting of the Historical Society was held in our newly renovated 1927 District Road Board Building. Although the renovations have not been completed yet, the meeting room was comfortable enough with our new chairs. The lighting is superb, the air-conditioning works well and the upgraded sink allows for afternoon tea to be enjoyed without being too cramped. We are extremely grateful to the Shire Council for allowing us to use their chambers and old library area during our renovations.

The meeting was opened with one minutes silence to pay respects to Bill Bailey, one of our very valuable members. His knowledge of the area will be greatly missed by the Society.

The main business matters discussed were as follows:-

There is still a lot of re shuffling of furniture and display items to go through yet before the Centre is open to the general public. Funding has been supplied and we are taking delivery of new glass display cabinets later this week. Some items are still to be moved back from the railway shed.

Our Billericay information bay is still to be finished.

Historic facts are being sourced by the group developing the information bay at the Wadderin Precinct. Hazel Toovey has been able to supply details on the early days while the dam was being built. Discussion was had on when the dam roof was taken off, in the 1970's or 1980's. IF YOU KNOW WHEN THE DAM ROOF WAS TAKEN OFF PLEASE LET ONE OF OUR MEMBERS KNOW.

The 100 years of local government will be celebrated in 2024 and the members are asked to add to the information already listed.

Kings Tours are planning to come through the town on a Tour early in September. We are pleased to be able to show the visitors what we have in the museums and in the town. The Grain Discovery centre is on their agenda and we hope to show them our newly renovated building as well as showcase the town.

Several visitors have passed through the town and have been given a tour of our museums. Many thanks to those members who offer their time to these visitors. Many of them are delighted with the information that we have in our files.

The machinery and buildings have been tidied up at AVOCA farm thanks to Chris Bray. Some extra machines have been moved out to the buildings. Discussion was held in regards to the implications of moving the machinery around, from shed to shed, further research needs to be done in this regard.

Members are asked to donate items for the raffle to be held in September.

NEW MEMBERS ARE WELCOME, COME ALONG AND SEE WHAT WE HAVE IN THE MUSEUMS. YOU MAY EVEN BE ABLE TO HELP US MOVE SOME OF OUR ITEMS BACK INTO THEIR NEW CABINETS. A photo was taken of the members present to send to Mia Davies in appreciation of the money she provided towards the cabinets. (See photo left)

Just contact one of our members

The next meeting will be held on **MONDAY 17th AUGUST AT 2.00pm.** at the History Centre

MEET A NAREMBEEN FARMER: *JOEL DELUIS*

13.07.2020

by Jessie Davis

Show us your favourite place on your farm

Q: Why is it special to you?

This is a paddock that has had self sown clover on it for the last 6 years and it was only sown with 20kg of fertiliser this year and it's thriving! - July 2020

Q: What are you doing on the farm this week?

Finishing off the broad leaf spraying in the wheat crops.

Q: Are you trialling anything new on farm this season?

We are trialling a few new chemicals in cereal crops and have seen some damage due to a well needed but poorly timed rain of 14mm in 10 minutes. The crop is successfully recovering and the weed suppression is looking good so far.

Q: What is your favourite tool or piece of equipment on farm? Anything Milwaukee really makes life easy with all the tools and attachments you can use anywhere anytime

Q: What is your best farm hack? Tec Screws or The Grey John Deere tape holds anything together for a temporary fix.

From the Managers Desk

After a couple weeks of craziness, things at the CRC have quietened down again. We are busy getting things to 'PRE COVID-19 times' again and are confident that all of our monthly events/activities can continue to go ahead in a safe environment.

Our new library program is currently being developed and we are excited to announce that besides Rhyme Time and Story Time we will also be hosting a STEM Story Time session. Please keep an eye out on Facebook for upcoming dates.

Next week we are hosting a Social Media Workshop (Facebook Training) here at the CRC, if COVID-19 has taught us one thing, it's how important social media is these days!! We depend on applications like Facebook or Messenger to stay in touch with loved ones that don't live close by. This is a fantastic opportunity for everyone to get together to ask questions you might have or talk about difficulties you may have experienced during COVID-19. If you have a couple more

questions, please come along. There will be time for personal questions afterwards followed by morning tea.

If there are any other courses or workshops you are interested in please contact us at the CRC so that we can organise them for you.

On a personal note, I am very excited to announce that Jimmy and I got engaged on the weekend. These are very special times and we are so very excited (I AM OVER THE MOON TO BE EXACT) and are looking forward to our future together.

I hope everyone has a fantastic week!

Vanessa Wittstock

HOW GOOD IS THE FOOTY.....

Last Saturday saw the return of football to Narembreen. Considering the times in which we live and the turmoil the world finds itself in right now just the fact that footy is back is something we should all be so happy about. For footy does do one thing very well, it gives people a chance to get together when perhaps otherwise they wouldn't have. It was great to see a healthy crowd at the footy and great to see so many little kids running around and just having fun. Country sport has so many benefits and the Narembreen Hawks were proud to be able to offer them up once again.

The Junior Hawks started the day under new coach Tim Cusack with a spirited display against a skilled Hyden side. Cusack has an especially young group of footballers to work with and it was great to see the numbers of girls playing continue to grow. They were ably led by Nash Cheetham. Stephen Cummins and Cam Hills. Special mention should also go to a couple of Junior Hawks who learned to get up again after incurring slight injuries, resilience is a key to being a Hawk.

The Ressie's fielded a side full of exciting youth and some classy experience. They started like a house on fire dominating the first quarter. New Hawks Mark Wandel (Esperance) and Liam McWha (Koorda), who are both playing with the Hawks because of their local competitions not going ahead, started their time in the maroon and gold. Cooper Sprigg was also amongst it early as the young midfield worked to provide opportunities forward of the ball.

A poor second quarter put the boys behind the eight ball as that young midfield overused the footy and didn't defend which hurt their team. So, the challenge at half time was for them to work harder and to defend more. To their credit the further things went the better they did it. Young Hawks Archie Saunders and Judd Major both used the ball well into their forward line while Pete Cowan led a young defence to defending much harder than they were. They may not have got the chocolates but a predominantly young side showed growth in just two hours of footy which suggests there is more good to come.

Ressie's 8.5 53

Hyden 12.6 78

Best: Sprigg, Wandel, McWha, Cowan, Brown

The Hawks got jumped early against a big, strong and bold Hyden side. After being dominated in the first quarter the boys need to show some character and work out a way to absorb the pressure. To their credit for the next two quarters that is what they did. Kyle Della worked hard in the ruck and around the ground while new captain Cody Duncan led from the front with his work ethic and use of the ball. The boys toughed it out which was to their credit.

Injuries to key Hawks Mitch Miolini and Ben Gill made things tougher for the boys after the main break but their intensity stayed up. Youngsters Chris Shaw, Nikau Brown and Jake Garlick showed glimpses of the future against much physical bigger opponents as they worked hard and used the ball well. Rhys Cousins showed potential as a key forward as well when he was able to get one out with his opponents.

The final quarter saw the dam wall break however and the Saints dominated once again. The Saints were impressive over every line as they were not only physically strong but also has quality footballers right across the ground, they look a class side and could well challenge as we move through this shortened season.

Narembeen Hospital

Auxiliary

A collection basket has been placed at IGA for donations towards our annual hamper raffle.

Your Support is greatly appreciated.

The hamper will be drawn on
Friday 14th August.

All proceeds will be used for items for the
Hospital.

Thank you,

Kerry Fricker, President

CBH GROUP HARVEST CASUAL WORK 2020

Applications are now open - get in quick!

We are looking for hard working, safety-conscious people to work at our receival points across the WA grain growing region during harvest this year.

We are inviting applications for the following casual positions:

- Receival Point Operators, including grain sampling, and
- Plant Operators at selected port terminals

Depending on weather conditions, the season will commence around October and generally lasts up to six weeks.

No experience? No worries! Full training is provided - no need for qualifications or experience, just a great attitude.

To find out more about the CBH Group, what harvest is like and where to apply, visit:

CAREERS.CBH.COM.AU

cbh.com.au

Did I read that sign right?

"TOILET OUT OF ORDER. PLEASE USE FLOOR BELOW."

In a Laundromat:

AUTOMATIC WASHING MACHINES: PLEASE REMOVE ALL YOUR CLOTHES WHEN THE LIGHT GOES OUT.

In a London department store:

BARGAIN BASEMENT UPSTAIRS.

In an office:

WOULD THE PERSON WHO TOOK THE STEP LADDER YESTERDAY PLEASE BRING IT BACK OR FURTHER STEPS WILL BE TAKEN.

Narembeen Bowling Club News

On Monday August 3rd Evergreen Bowling Solutions will be laying the new bowling green on rink A. On Thursday 30th July Peel Irrigation will be coming to Narembeen to install the reticulation.

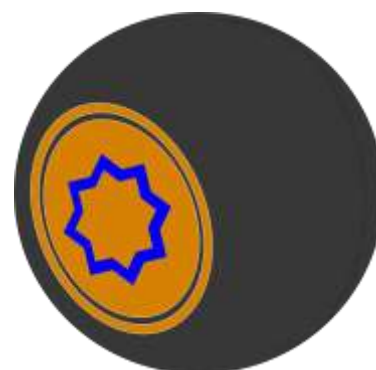

Consequently, on Saturday 25th July at 9 am we will be holding a busy bee to remove the existing bowling green but leaving the underlay until Evergreen arrive. All ditch carpets will be removed, the header bricks around the rink need to be removed and taken away. We then need to dig a trench 300ml deep all the way around to lay the reticulation pipes. Good news is the sand is soft and easy digging!

We need as many members as possible. Please bring a spade, stanley trimmer if you have one and wheelbarrows to take the bricks away.

Any queries about the busy bee please ring me on 0428 653066.

THE HEAD BUTT

Craig Gmeiner

Faith.

I have found myself thinking about how powerful faith is at the moment. Don't worry I'm not talking about religion, I have full respect for people who believe in religion but I am not one of those people, in fact I ,again respectfully, believe religion has a lot to answer for but that is a conversation for another day. No, I'm talking about how important it is for us to have faith in ambition, faith in ideas and faith in people who try to create change for the better. For is it not a fact that every time the world was faced with a seemingly insurmountable challenge that it took just one good idea to overcome it.

The ease with which people find reasons why things won't succeed rather than reasons why they do I feel holds us back. It is probably the one characteristic of the Australian culture that annoys me. Australians are often so quick to evoke the tall poppy syndrome that I often wonder how many potentially earth changing poppies have been taken down by this process before they got the chance. I believe strongly that we are the worse for it.

I really think we're missing so many opportunities by our inability to get excited by the success of others. I don't really understand the enjoyment people seem to get out of picking apart that same success. I really think we should be going the other way, think that it should be the norm to admire and extol rather than analyse and dismantle. For imagine what we might create if we did.

As so many changes in society need to do, we need to start this one with kids. I'm not saying lose the banter, for the great Australian tradition of banter can create a level of resilience that is vital for kids these days. What I am saying is let's teach kids the power of support and the power in having faith. Getting kids to believe that who gets the credit isn't the most important thing but the thing that gets done is what matters could well be the biggest game changer we all need.

I firmly believe that ambition is good. I think that one of the biggest lessons we can teach kids is that it is a good thing to overreach, a good thing to dream and a great thing to try. Sure there will be many that don't get where they want to go because their idea doesn't work or they're not good enough in the end, but the thing is that's ok. That's ok because there will also be some that succeed, some that achieve their goal. It is because there is the chance of these successes, successes that may well change the world if they just got a bit more support, that I wish and hope that we may all start to have just that little bit more faith.

The poster has a solid red background. At the top, the text 'A & K Catering' is in white. Below it, 'Christmas in July' is written in a large, elegant script, with 'Christmas' in gold and 'in July' in light blue. To the left of the text is a large white outline of a candy cane, and to the right is a white outline of a Christmas stocking. At the very bottom, there is a faint, large white outline of a Christmas tree. The event details, including the date, time, location, and menu items with prices, are listed in white and gold text.

Narembeen Golf

Mick Toovey, Mk 2, strikes again!

For those who don't know, 92 year old Mick Toovey, plays our course 360 days a year-through flies, sun, rain and hail. Well, we have a new golfer, Sheldon Miller, who has severe case of the golfing bug and can be seen emulating the great man and out there every day. We are sure that

Ebony is impressed to return from holidays so he could play on Sunday. Lucky for him he won again and broke his handicap to 24 by winning the Elders trophy with 38pts. The club is thinking of invoking professional handicap consideration on those that play 7 days a week.

John Currie flew the flag for the oldies, as R/p, with 36 from Paul Wanless and Brendan Parsons 35, Cody Duncan and Scott Stirrat 34 and Peter Cowan and Tim Cusack 33. Brendan Parsons won the Long Dong, Best 2nd no 7 John Currie, Best 2nd no 14 Dean Maringoni and NP no 17 was Jake Cole. Besides Sheldon, the other handicap changes were Cody Duncan 20, Scott Stirrat 11 and Peter Cowan 29. Hooray for you Pete.

Whilst the men played, so did 5 women-or at least we were out there. Between being tree lovers, a totaliser agency and choosing between big and little (???? censored) things Julie Hayter managed some respectability with 33pts, Joan Cusack flew for 9 holes for a 31 and the rest apparently weren't worth rewarding. Or at least that is what Captain Maxine Miolini said! After, we adjourned to the clubhouse for Miolini ding sausages, footy and an Eagles win! YES.

The ladies play their return pennant game with Corrigin on Friday, the Mixed Club Foursomes Championship, choose partners, is on Sat afternoon and the men are playing an intra club pennant game on Sunday. That will be awesome-even just for the sledging and all men are asked to come and play some match play.

Many thanks to our great sponsors Brownley Plumbing, NB Engineering, Sonic Boomsprays, NB Medical, Motive Travel, Varley Transport, Bernie Vallance, S&C Padfield, The Cusack Family and IGA Narembeen

from the CHIEF

1 LONGHURST STREET, NAREMBEEN WA 6369 T: (08) 9064 7308 F: (08) 9064 7037

PUBLIC NOTICE DISPOSAL OF PROPERTY

The Shire of Narembeen as part of the establishment of the Narembeen Volunteer Fire and Emergency Service (VFES) plans to dispose of two Narembeen Bush Fire Brigade vehicles being a Toyota Landcruiser fast attack (NB025) and an [Isuzu 2.4 fire truck](#) (NB393) to the Department of Fire and Emergency Services (DFES).

Note these fire appliances will be retained within the Shire as part of the Narembeen VFES.

The consideration being received by the Shire will be nil with all transfer costs being met by DFES. The market value for the fire appliance has been estimated at \$89,125 for the Landcruiser fast attack and \$336,695 for the Isuzu 2.4 fire truck based on a valuation undertaken by the Shire in March 2020.

The fire appliances have been fully funded through the DFES levy (grant funds at no cost to the Shire of Narembeen).

Submissions are invited and close Thursday 6 August 2020 at 2pm. All enquires are to be directed to the CEO Chris Jackson.

Chris Jackson
Chief Executive Officer

from the CHIEF

PUBLIC NOTICE COUNCIL POLICY - CONTINUING PROFESSIONAL DEVELOPMENT OF COUNCIL

The Shire of Narembreen has adopted a new Policy - Continuing Professional Development of Council Members as required under the Local Government Legislation Amendment Act 2019.

The Policy is available on the Shire of Narembreen website via the following link:

<https://www.narembreen.wa.gov.au/the-shire/public-documents/policies.aspx>

Alternatively a hard copy of the policy may be collected from the Shire of Narembreen administration office.

The Policy is open for public comment, if you have any questions or comments, please email admin@narembreen.wa.gov.au. The public comment period will close 4.00pm, Wednesday 5 August 2020.

Chris Jackson
Chief Executive Officer

SOMETIMES THE JOURNEY IS HALF THE FUN!

Richard Hamilton from Dandaragan recently visited Narembreen and stayed at the Narembreen Caravan Park, it was lovely to receive his wonderful feedback by email last week:-

"Your facilities were immaculate. Lyn your caretaker could not have been more helpful and welcoming. Please pass on my congratulations to the Shire CEO and President. I will be back and I will sing your praises."

Richard Hamilton, Dandaragan

from the CHIEF

IT'S A WRAP! JULY COUNCIL MEETING

RFQ 03/2020 - Supply and Delivery of Aggregate

Council resolved for the CEO to obtain eQuotes for the Supply and Delivery of Aggregate with a supply only option for a three year period with an option to extend for two years. All eQuotes received are to be presented at the August 2020 Ordinary Meeting of Council.

RFQ 02/2020 - Supply, Delivery and Spraying of Bitumen

Council approved that Bitutek Pty Ltd of Ellenbrook WA, based on the recommendation of the evaluation panel, local knowledge as the current provider and their company experience be awarded the contract for the Supply, Delivery and Spraying of Bitumen (RFQ 2/2020) for a period of three years, from July 2020 to June 2023. With an option to extend for a further two years, depending on satisfactory performance and service provided.

Narembeen Volunteer Fire & Emergency Services (Narembeen VFES) Vehicle Transfer

Council approved that two Narembeen Bush Fire Brigade vehicles, being a Toyota Landcruiser fast attack (NB025) and an Isuzu 2.4 fire truck (NB393) be disposed of to the Department of Fire and Emergency Services (DFES) as part of the establishment of the Narembeen Volunteer Fire and Emergency Services.

It was resolved that in accordance with the signed Memorandum of Understanding between DFES and the Shire of Narembeen, DFES will as per section 4.2 of the MOU take full responsibility for these assets and ensure that this standard of fire appliance and or above will remain in the Shire of Narembeen in the future.

Council are required to give local public notice in accordance with section 3.58 of the Local Government Act 1995 of its intent to dispose of this property to DFES.

If no submissions are received by the closing date, the CEO is authorised to progress the transfer process. If submissions are received, the matter is to then be referred to Council's August 2020 Ordinary Meeting for further consideration.

Local Roads & Community Infrastructure Program (LRCI Program)

Council nominated the following projects to utilise the LRCI Program funding during the 2020/21 financial year and upon confirmation of funding adopt them for inclusion within the 2020/2021 Annual Budget:-

- Bows Road Culvert (estimated \$200,000);
- Town Hall External Restoration (estimated \$100,000);
- Town Oval Improvements [new water source] (estimated \$80,000); and
- Townsite Improvements - Currall St Lighting Upgrade and Churchill St Beautification.

If the Town Hall Oval improvement (new water source) project was classed as an ineligible project, Council agreed to allocate the \$80,000 from this project towards an internal restoration of the Town Hall.

from the CHIEF

2020/2021 Budget Summary

The Shire of Narembeen 2020/2021 Annual Budget was adopted by Council and this year's budget will bring an exciting stage of development to the district with a few major projects and revitalization initiatives set to take place. Summarised below are some of the major focus points in the budget:

Roads

Utilising Roads to Recovery funding the Shire intends to conduct major works on Soldiers Road over the next few years and this is set to begin in 2020/2021 with a \$500K reseal program.

Regional Road Group funding will be used to partially fund a \$510K project on Kondinin Narembeen Road.

The Shire will continue with the redevelopment of the main entry intersection utilizing Federal Blackspot funding to deliver this \$570K body of works, aimed to make the area safer and more user friendly.

The big news for 2020/2021 is that the Shire has been able to secure funding through the Wheatbelt Secondary Freight Network of just over \$2m to undertake major works on the Merredin Narembeen Road, widening and improving the road surface to better service the freight movements.

Around the Town

The Shire will be undertaking several projects around the townsite in a bid to refresh and revitalize the area to provide a more attractive and welcoming district centre for all.

The Shire is utilizing \$500K of Drought Communities funding to fund two thirds of a major renovation of the Apex Park and Caravan Park precinct. This project is set to include improved landscaping, new public toilet facilities, improved amenities at the caravan park and more in a bid to improve this focal point at the entry to the townsite. It is hoped that improvements in this area will improve its useability for the community and encourage tourists to stay and spend money in our district as opposed to travelling through.

To link in with the above mentioned renovation and the intersection redevelopment, the Shire plans to construct a Shared Pathway on Currall Street to provide safe and smooth access from Churchill Street towards the Recreation Centre for wheelchairs, people with prams, cyclists and those walking or jogging. The Shire is hoping this is just the beginning of a series of footpath upgrades across the townsite. This project will be 50% funded by the Department of Transport.

Rates

So far 2020 has been somewhat turbulent because of COVID-19 and thankfully so far, our community has been mostly insulated from its impacts. The Shire is aware that the virus has caused disruption to many businesses and service providers and in June 2020 the Narembeen Council adopted a Council Policy – Financial Hardship that provides a mechanism by which people and businesses who have been significantly affected by COVID can apply to the Shire for concessions relating to rates and other debts. The Policy and application form are available on the Shire's website - <https://www.narembeen.wa.gov.au/the-shire/public-documents/policies.aspx> The Shire has worked hard in the 2020/2021 Annual Budget to keep operational spending at a level similar to that of 2019/2020, however in order for the Shire to maintain its long term sustainability a rate increase has been applied for 2020/2021.

from the CHIEF

Considering the uncertain economic conditions at the moment, the Narembeen Council has taken a practical and equitable approach to this year's rate increase applying a three-step approach.

1. Minimum rates have increased by a modest amount \$10 from \$455 to \$465
2. The discount for on time payment of rates has reduced from 4% to 2% - as always it is the cheapest option to pay rates in full on time regardless of the discount but as the economic conditions may see more ratepayers choosing the instalment option the discount in fact comes at a cost to those suffering most. Council also hopes that by having a reduced discount it will be able to reduce potential rate increases in future years.
3. An increase to the rate in the dollar of 0.5% for all property types. The Narembeen Council has applied a minimal increase to the rate in the dollar applied to GRV and UV properties across the district.

The State Government has chosen to apply UV property revaluations in 2020/2021 even though they have applying significant pressure to Local Governments to minimise rate increases. As such although the Shire of Narembeen has applied a very minimal increase to its rate in the dollar, some properties will still experience an increase in their rates above 0.5% as their property values may have been increased by the valuer general. Increases will vary from property to property and some properties may also experience a reduction if their properties values have reduced.

Rates notices have been issued and should be in your mailbox over the next couple of weeks, if you haven't received your notice by the start of August, please get in touch with the Shire office so we can help track the notice down.

Overall, the Shire is expecting to receive \$1.79m in income from ratepayers in the 2020/2021 financial year. As always, the Shire aims to deliver significant community outcomes and provide essential services across the district with expected expenditure by the Shire in 2020/2021 set to exceed \$10m.

Sport and Recreation

The Shire is currently working on the development of a Sport and Recreation Plan to help guide decisions and investments across the district over the next 10 years.

In 2020/2021 the Shire is supporting the Narembeen Bowling Club with the provision of a self-supporting loan to facilitate the resurfacing one of the bowling green surfaces.

The Shire has a strong understanding of the positive influence sport and recreation can have on the health and wellbeing of the community and in response to the significant disruption caused by COVID-19 the Narembeen Council has waived all sporting club ground usage fees for the 2020/2021 financial year.

The Shire of Narembeen is on a positive trajectory and is using its Strategic Community Plan and Corporate Business Plan to drive initiatives across the district. Included with this year's rate notice is a Rates Information Flyer and ESL Flyer that provides images and details around projects completed in 2019/2020 and where money will be spent in 2020/2021.

from the CHIEF

Council Policy - Continuing Professional Development of Council

Council adopted the new Council Policy - Continuing Professional Development of Council Members. The CEO was directed to advertise the new Policy for 14 days in line with the public consultation period in the Council Policy – Strategic Policy Framework and report significant comments back to Council.

Council agreed that if no comments were received the CEO be authorised to complete the policy adoption process including posting the document on the Shire of Narembeen website.

The following policies were repealed as they are adequately accounted for within the Council Policy - Continuing Professional Development of Council Members:

- 4.2.3 - Conference Expenses
- 4.2.4 – Annual WA Local Government Convention
- 4.2.9 – Reports on seminar-meetings

Council acknowledged receipt of the Shire of Narembeen Annual Report of Councillor Training, this has been posted on the Shire website and is provided on the following pages.

COVID-19 ESL Penalty Interest Concession

Council endorsed the modification of unpaid ESL penalty interest rate to 0% from 1 April 2020 until the 2020/2021 rates fall due on 31 August 2020 – essentially writing off any charges that have accrued during this period.

Council adopted the application of the default penalty interest charge of 8% for the 2020/2021 financial year.

Council authorised the Chief Executive Officer to waive and write off ESL penalty interest charges for excluded persons under the Council Policy – Financial Hardship.

from the CHIEF

Annual Report of Training undertaken by Elected Members of the Shire of Narembeen 2019-2020

Pursuant to Section 5.127 of the Local Government Act 1995:

- (1) A local government must prepare a report for each financial year on the training completed by council members in the financial year.
- (2) The CEO must publish the report on the local government's official website within 1 month after the end of the financial year to which the report relates

Hon Mia Davies MLA

Member for Central Wheatbelt

MEDIA RELEASE

20 July 2020

Volunteer gag order on Central Wheatbelt volunteers unacceptable

Leader of The Nationals WA and Member for Central Wheatbelt Mia Davies says a new Department of Fire and Emergency Service's (DFES) code of conduct gagging volunteers from communicating with State and Federal Members of Parliament must be ditched.

The mandatory code of conduct was announced earlier this month by the Emergency Services Commissioner and requires all the State's 26,000 emergency services volunteers to sign up to it within four weeks.

Ms Davies said preventing volunteers from communicating with Members of Parliament was undemocratic and may stop them seeking support for equipment, infrastructure or any other challenges they may face.

"Preventing volunteers, who play a vital role in Wheatbelt communities, from engaging with Parliamentarians will be detrimental for their organisations and individuals," she said.

"Blocking their communication channel to raising issues impacting them or their brigade, group or unit essentially renders them voiceless in State and Federal Parliament.

"That could have negative consequences in the communities they serve, because one of their key pathways for raising concerns has been blocked."

There are dozens of emergency service groups, brigades and units in Central Wheatbelt whose members regularly put their own safety on the line to protect others in the community.

Ms Davies said the code of conduct was a severe overstep and needed to be addressed.

"Quite rightly many in the volunteer community are boiling mad about this and I don't blame them for feeling the way they do," she said.

"The Nationals WA have been vocal on behalf of volunteers and the need for the Premier to step in and intervene with this draconian code."

For media enquiries contact Mia Davies on 9041 1702 (Merredin), 9622 2871 (Northam) or email mia.davies@mp.wa.gov.au
