Narembeen Seahawks Swimming Club Annual Wind-up  
2020/2021 Season

We held our Wind-up on Thursday 25<sup>th</sup> March at the Narembeen Swimming Pool. Each year the swimming club members take part in the Handicap swim finale for the season. Some great swimming was completed, and we were lucky enough to also have a visit from the Swimming WA Ambassador, Joshua Hofer. Joshua drove to Narembeen to see the kids swimming and to be a part of our handicap swim. He showed us great technique and that 'he has still got it' in taking part in a race and also showed the kids his Paralympic medals from the 1992 Madrid Paralympic Games. He also had his Order of Australia medal for us to all look at too. The kids loved seeing his medals and to have him visit their club was an honour.

After the handicap swim our AGM was held, and we say goodbye to our Secretary Bianca Currie and welcome Tenille Cole. Thanks to Bianca for her long standing role as secretary. We look forward to having Tenille on board and thanks to all the other members of our committee for remaining for another spell.

Presentations were held shortly afterwards. Medals were presented for the handicap swim winners and then our club trophies were presented.

Here is the list of our winners for the 2020/2021 season;

Clubman Trophy: Sponsored by Di Latham - Amy Hardham

A (semi) retirement gift was presented to Chris Arnold who will continue on as a part time coach

This season we were fortunate to gain sponsorship from **Collgar Wind Farm**. With their sponsorship this year we purchased a new double length shade which looks amazing and will get much use by our swimmers and club.

We were also sponsored by Ramelius Resources for our Annual Invitational Swim Meet which was held on the 14<sup>th</sup> March. Our numbers were up and we had 126 swimmers from many wheatbelt towns compete on the day.

Thank you to Mr Chick and the Shire of Naremben for always having the pool in such great condition for our weekly use and for the Swim Meet. Mr Chick also donated canteen supplies for the swim meet, we thank you for your donation.

Our club members have had another very successful swimming season. They work hard and have amazing coaches in Trista Federici, Amy Hardham and Chris Arnold. We can't thank them enough for the time and effort they put into our club members. We hope it's rewarding for you to see the improvements they make in the water.

Thank you must also go to the other committee members that make up our team; Tash Hills (Treasurer), Sarah Kuhne-Munroe (Merchandise & fundraising coordinator), Carissa Wanless (recorder) and Lucy Lines (catering coordinator) and her apprentice Jo Cheetham! Many thanks also goes to all the parents helping out on Fridays and for getting the kids to trainings.

We look forward to seeing you all again in 2021/2022 swimming season. New members are always welcome at our club. Swimming is really good for your health and fitness. Not all training sessions are compulsory – we would love for you to join in. Our next season starts when the pool opens in November – keep an eye out for times and dates!

## My Aged Care

### A guide to accessing aged care services

As you get older, living independently in your own home can become more challenging. If you are finding it harder to do the things you used to, ask for help from My Aged Care! Asking for help does not mean losing your independence. Getting support with your daily activities means you can stay independent in your own home for longer. Your GP or local health service can assist you with this process, if needed.

#### Step one: Learn about the different services available

- meals and other food services
- personal care services
- nursing care services
- Allied Health/therapy services
- short-term care
- domestic assistance
- home and garden maintenance
- home modifications/goods, equipment and assistive technology
- transport services
- social support services.

#### Step two: Apply for an assessment

Contact **My Aged Care** either online at [myagedcare.gov.au](http://myagedcare.gov.au) or over the phone on 1800 200 422. You will need your Medicare number for this. They will confirm your eligibility for an assessment.

Once your eligibility and needs have been confirmed, you may receive an in-person assessment from:

**Low Care** - Regional Assessment Service (RAS) for services provided through the Commonwealth Home Support Program (CHSP).

**Higher Care** - Aged Care Assessment Team for a Home Care Package or residential aged care. You will be notified of your assessment outcome by letter.

#### Step three: Find a provider that is right for you and arrange your services

If you are approved for CHSP services, your local CHSP provider will contact you to commence services. The services that CHSP can provide will depend on their funding and staff availability.

If you are approved for a Home Care Package, you will be placed on a waiting list and contacted by letter when a package becomes available in your area. CHSP services will be put in place and will continue until a package is made available to you. If you are having difficulty finding a package provider, contact the Wheatbelt Aged Care Unit on 9690 1318 or email [WACHS-WheatbeltACAT@health.wa.gov.au](mailto:WACHS-WheatbeltACAT@health.wa.gov.au).

#### Step four: Manage your services

Once you are receiving services, there may be times when you need to make some changes to them. Your care needs may increase, or you may have regained some aspect of your independence and no longer need a particular service. If these changes occur, please discuss this with your service provider.

# COMMITTEE MEMBERS NEEDED!

## Narembeen Community Wellbeing Plan

We are looking for committed community members to join the team and contribute their ideas to the Narembeen Community Wellbeing Plan.

The long term outcome of this plan is to reduce risks and increase safety for all individuals within the Shire of Narembeen.

We aim to improve health and wellbeing and strengthen agency collaboration; in turn reducing the incidence of risky behaviours and potential harms associated with alcohol and other drug use within the community of Narembeen.

If this is something you would be interested in being apart of, please contact Vanessa at the Narembeen CRC.

## NAREMBEEN FOOTBALL CLUB

### 2021....

In what was surely one of the greater examples that we are further out of the pandemic than we are in it footy returned to the Been last weekend. It's not that we didn't have footy last year, we did, but this year it has started at the normal time and in the normal manner. It was great to see the crowds gather back at Hawk Park with all the excitement that a new season brings.

The day started with the juniors once again under the guidance of Tim Cusack and Sheldon Miller. The result in this footy isn't really the point, although the kids will always know the score, but just the fact that the kids are outside running around. Outsized both numerically and physically by their opponents the young Hawks found their way into the season with some brave contributions and lost of fun being had. A good start.

With the breeze favouring the town end of the ground a young Ressies side started the day highly competitively as they looked to hold their talented opponents for the quarter. This was a goal that was achieved more or less by restricting the Saints to just the one goal in the first stanza. Ri Green was quick to look to take a lead role in the midfield and Rhys Cousins was reading the ball well in the last line.

The Ressies weren't quite able to take advantage of their turn with the breeze in the second quarter and a four point deficit meant the game was well and truly in the balance at the half. Unfortunately the Saints were able to kick away in the second half as the young rессies midfield got hurt on the turn over and the Saints, to their credit, just couldn't miss.

The Ressies were always in it however as that youthful running brigade often work the ball well to half forward but then would turn the ball over when it mattered most and got hurt going the other way. These are lessons young footballers learn, they just need the time to do so.

Ressies 4-1 25

Hyden/Kalgarin 9-4 58

Best: Green, Cousins, Saunders, Hunter, Waldorf

The start was always going to be oh so important for the Hawks. A good one would make footy fun again, it would enliven the players and the supporters as to believing that times were changing. A poor one would strengthen the worries at the back of everyone's minds, that despite the hard work being done, that nothing had actually changed and the maroon and gold were stuck in a rut.

As the Hawks got on top out of the middle and new forward Cody Duncan wheeled around onto his left foot the start was quickly the type that the whole community was after. It was clear that the Hawks were indeed competitive again and you could feel the excitement around the ground.

The midfield matched it with their much vaunted opponents and found an ability to defend as well as attack which made it hard for the Saints to provide good delivery to what is a powerful forward line. The back six were calm and composed when the ball did come in and attack and brace as they brought the ball out. A four point deficit at half time was a wonderful indication just how competitive the Hawks were being.

As it inevitably would, the game opened up after half time as legs became weary and more space was found. The Saints threatened a couple of times to run away from the Hawks but to their credit they stood their ground. Jay Gill had what would arguably be his best game for the club as he attacked with the ball and showed a willingness to challenge his opponents to run him down. Mitch Miolini's work rate was at his usual high level while Jayden Hooper and Ryan Duffy fared well against the super talented Elhers brothers.

Hawks	6-9	45
Hyden/Kalgarin	12-11	83

Best: Gill, M.Miolini, Hooper, Duffy, Duncan, Pearman

While the Hawks lost the game they hopefully won their own hearts and those of the supporters who witnessed it. The club did it tough in 2020 and interest and excitement in the game and the organisation waivered across the community. However good people got to work over the summer, a fresh new coach was brought in who has not only enlivened the playing group but engaged the supporter base. A core group of keen footballers worked hard over the summer, Perth based locals were recruited back to the club and then we had 30+ on the track last Thursday, of which only four were home from school. They all just needed a strong performance in round one, they deserved one for their efforts, they got one and now we are off and running.

## 100 Goals.....

Correct me if I am wrong but I think Chris MaGuire was the last one to do it. Simon Dawson back in the day I am pretty sure did it. After that I think you may have to go back a fair way to find a forward who kicked more than 100 goals in an EDFL season. Tough to do in only fourteen games no doubt but could it be possible in 2021? I think it could.

Three facts make me think that it may well happen. Fact one, the league competition is sixteen a side. This rule naturally makes the game at this level more open and conducive to ball movement. With coaches seemingly unwilling to drop a spare player back, that would leave you with only four forwards, this rule pays the way for forwards to move into space, get on out and get more shots on goal.

Fact two, the six-six-six rule, or in the case of the EDFL five-six-five rule. It is plain to see at the higher levels that if a side can get on top in the middle of the ground then they can give their forwards a great look at early shots at goal. This has been and should continue to also be the case at our level. Especially at Hyden and up at the Cross where the distance to home is a bit shorter than elsewhere.

Fact three, the new stand the mark rule. As we have seen at the higher level this new rule has opened up the game and brought back the big forward. Walker at Adelaide, Bruce at the Bulldogs and then the three big blokes at West Coast were all dominant last weekend. This rule will allow the ball to stream into some of the forward lines of sides across the competition. Especially at the smaller grounds we could well see forwards being hit up from half back. The ball is going to move fast and big bags could well ensue. So now let's have some fun and consider who might be able to get to the milestone for their respective sides in 2021. With very little research I have come up with five players who could well crack the ton.

### **Simon Duckworth (Kulin-Kondinin)**

I have it from a source close to the club that The Fossil is intending on going around again. Ignoring the fact that he will turn sixty eight some time during the footy season this makes Duckworth a real chance to have a massive year. Still a beautiful kick of a footy and with a penchant for kicking big bags Ducky could well set another record standing in front of what is sure to be another sublime mid-field rolled out by the Blues.

### **Josh Bootsma (Corrigin)**

Now I don't have official confirmation that Bootsma is playing at the Tiges but if he is, he could well rip the competition apart. An obvious massive talent he is big and quick and will take some serious stopping if he gets parked in front of the football. Word has it that Corrigin's midfield will be similar to previous years which could mean that he will get consistent and quick service and more chance to get one out. Big bags could well be the norm rather than the exception down at the Tiges.

### **Lane Sedgwick (Bruce Rock)**

I maintain that Sedgwick would well become a premier midfielder in the competition. A bit of stalk-booking just now didn't reveal his age but he can't be that old, he could still become that super midfielder. In the meantime, however he is perhaps already a super forward. He plays taller than he is

### Sam Hooper (Nukarni)

As I have written before everyone at the offices of UEDFLP believe Hooper is a super player. He could play anywhere on the ground and the Cosgrove Medallist has done so over the years. If however he is parked forward like he was in the premiership year he could well break some serious records. One out and with the ball coming so quick and unhindered Hooper will take some serious stopping.

### The Ehlers Boys (Hyden)

Now I have decided to treat these two as one player purely because I have no idea which is which. I know one of them gets a bit mad at me when I umpire the Saints, I can hear you all saying 'join the queue' don't worry. These boys are both just super players. I umpired the Second Semi last year and the further that game the more they were just taking the piss. Wonderful on the lead, great set of hands and good kicks. Then there is the fact they will play seven games at Hyden in front of some pretty good kicks. These boys could well be the ones to crack the ton.

An Old Man owned a large farm for several years.

The farm had a large lake, so he fixed it up with picnic tables a bbq and planted some fruit trees.

One evening the farmer decided to go down to the lake, as he hadn't been there for a while and take a look. He grabbed a bucket so he could pick some fruit at the same time.

As he neared the lake, he heard voices shouting and laughing with glee.

As he came closer, he saw it was a bunch of young women skinny-dipping in the lake.

He made the women aware of his presence and they all went out into deeper water.

One of the women shouted to him "we're not coming out until you leave"

The grumpy old man frowned and replied " I didn't come down to watch you ladies swim naked or make you get out of the lake naked"

Holding up the bucket he said,

"I'm here to feed the crocodile"
