Over the Fence....

Volunteers in Narembreen

Last week we celebrated National Volunteer Week. A wonderful initiative from The Co-Op was recognising a great local volunteer each day and providing them with a coffee. Also our St Johns ambulance publishes articles espousing one of their volunteers each week in this paper titled "Who Am I".

These things all add up to improve our community. Not only do we have numerous volunteers making Narembreen a better place, but we have them being recognised as well!! Please keep this up. Let us know of people you know that are doing that 'bit extra'..it is a lovely thing to hear about and hopefully inspires others to do the same...

Australian Made

The Australian Made campaign kicked off this week for the first time. It is encouraging us to spend an extra \$10 on Australian products and this in turn will create jobs and help our local businesses.

Valmai Bow turned 80

Congratulations and best wishes from us here at the FencePost Valmai! She asked me to include this for her today: *"I would like to thank my friends, family and relations for the gifts, flowers, cards and kind wishes on my 80th birthday! And*

*not forgetting the delicious chocolate cake from the Autumn Club. You all made me feel very special indeed. One thing I am certain about— **Narembreen is a great place to live.**"*

Babies Babies Babies

Congratulations to Eden O'Neill on the birth of her

little girl! Best wishes.

Also good luck to Kristie Lee, from the CRC who is on maternity leave.

Alice Hardham

Alice competed in an On Point dance competition on the weekend and achieved fifth place. She danced in the 14 years and under Lyrical section. Alice competed in the amateur competition against dancers from all around Perth. Our local dance instructor, Laura Cala (FTCK-For the Country Kids) and Alice have been working hard to be ready for this event.

Electoral Reform

Please see the open letter to the Electoral Reform Committee further into this edition; also an explanation of the process from Mia Davies. I urge all readers to respond with a submission on this issue of regional representation. Submissions close June the 8th.

**DID YOU
KNOW...?**

Billericay Townsite

It is difficult to imagine, when we have no rail services in our area today, that up to 1960 there were six railway sidings between Kondinin and Narembeen.

These were: Notting, Bendering, Billericay, South Kumminin, Hedges (a private siding) and Emu Hill.

This and other information is available at the Billericay Information Stop at the southern end of the Narembeen Shire.

In gathering details for this project we were fortunate to be put in touch with

Mr Neal Garswood whose father owned the Billericay Store in 1938 and 1939, before enlisting for WW2.

This and other aspects of this once thriving settlement are depicted at the tourist stop which we hope you will visit in the near future.

Narembeen Community Resource Centre

From the Managers Desk

Hello everybody!

Last Wednesday we had our Monthly **Morning Coffee Club**, we had a fun morning at the CRC playing a balloon game with pool noodles and mini golf. Thanks to the Co-Op who supplied a delicious morning tea and Gina DeLuis for the amazing sponge roll. Stay tuned for next month's activities, happening on Wednesday, 16 June. Thank you also once again to the Department of Communities for making this event happen.

As part of **National Volunteer Week** celebrations, we hosted the **Community BBQ** on Friday, 21st May. Approx. 40 people attended and enjoyed a celebratory BBQ. Thank you once again to Mia Davies, (MLA, Member for Central Wheatbelt) who contributed \$200 to the evening.

A big thank you to all volunteers, your work never goes unappreciated!

Don't forget we are hosting the **Biggest Morning Tea** tomorrow, Thursday 27th from 10.00am so if you are around, pop down to the Community Precinct. Help us reach our goal of raising \$500, for such an important cause!

STEM Time is here again! Happening this Friday and we have some super fun and educational activities organised for this weeks session! Bring your little ones down for a morning of singing and fun! We hope to see you there. Thank you to the State Library of WA for their continued support.

I hope everyone has a great week.

*Vanessa Wittstock
CRC Coordinator*

COUNCIL WRAP UP - MAY 2021

MACHINERY FLEET REPLACEMENT

The Shire of Narembeen continues to ensure it has a suitable fleet of vehicles that contribute positively and effectively to the work performance of the Shire of Narembeen. At the May 2021 Council meeting, Council

agreed to purchase a new 18 Ton Pneumatic Roller and a Backhoe Loader from Westrac. Both items of machinery were budgeted in the 2020/2021 financial year. Council also endorsed a four year Plant Replacement Program as part of the development of the 2021/2022 Annual Budget.

RFT 02/2021 - APEX PARK UPGRADE

Council accepted the tender from Reality Landscapes to complete landscaping and upgrade works at Apex Park. This project has been made possible with funding from the Drought Communities Program.

SHIRE OF NAREMBEEN - COMMUNITY GRANTS PROGRAM

Council accepted the following applications for funding for the 2021/2022 Community Grants Program:

- Narembeen Bowls Club - \$5,082.00 - replacement of 3 damaged shade sails
- Narembeen Historical Society - \$3,468.90 - equipment purchase - desktop computer/scanner/printer and digital camera
- St John WA – Narembeen - \$2,033.90 - 3 storage lockers

An amount of \$10,584.80 will be included in the 2021/2022 Council Budget for the above expenditure.

SPORT AND RECREATION FACILITIES PLAN 2021-2031

Council adopted the Sport and Recreation Facilities Plan 2021-2031. The aim of the plan is to provide a clear vision of the direction in which Council, in partnership with local sport and recreation clubs will proceed with sport and recreation facilities over the next ten years.

FEES & CHARGES

Council accepted the 2021/2022 Fees and Charges Schedule, this will be included in the 2021/2022 Annual Budget for adoption.

from the CHIEF

2001

WHAT WAS HAPPENING 20 YEARS AGO - MAY COUNCIL MEETING 2001

- Alan Wright (who is now a Shire Councillor) was the Chief Executive Officer and Rose Jones was the Deputy Chief Executive Officer
- Cr R Hayter congratulated Mr R Parsons on his retirement from Council for his outstanding contributions of over 19 years as a Shire Councillor.
- Council were planning a Civic Reception for retired Councillor's Ray Parsons and Juli Bailey.
- Council were giving consideration to capital items/major works to be included in the draft Council budget—these included—Town Kerbing, Churchill St Intersection, Industrial and Residential Subdivisions, Muntadgin Bin bitumen widening and the Heavy Haulage Bypass.
- The Kondinin Roe Tourism Association became incorporated and between the Shire's of Corrigin, Bruce Rock, Narembreen, Kondinin and Kulin collectively started to evolve a tourism strategy for the region. A new tourist brochure was being developed of which the RTA sought \$2,000 from each Shire for their contribution.

CONTAINERS FOR CHANGE

Several sporting clubs have requested that Council consider the establishment of a can and bottle recycling system in Narembreen

Expressions of interest were recently sought from individuals/businesses/groups who may have been interested in managing and operating a Containers for Change Depot in Narembreen.

Unfortunately no expressions of interest were received.

Due to lack of interest from a prospective parties, Council will not be pursuing the establishment of a Containers for Change Depot in Narembreen.

Nearest Containers for Change Refund Points are located in Corrigin and Bruce Rock.

Glass and aluminium cans continue to be delivered to the Lions recycling station opposite the Roadhouse for recycling.

FREE GROUP WEBINAR VIEWING

PRE-DIABETES: WHAT IS IT?

At Narembeen CRC - Light snacks and refreshments provided.

DATE: TUESDAY 8TH JUNE

TIME: 9.30 AM - 11.30AM

BOOKING: AT NAREMBEEN CRC - 9064 7055

In this session credentialled diabetes educators, will help you understand what pre-diabetes is and what happens in your body. It will cover risk factors of developing type 2 diabetes, screen checks available, signs and symptoms and how you can reduce your risk. Extra time will be available afterwards to ask any burning questions you may have.

NAREMBEEN

We thought you would like to learn a little bit about us and why we do what we do. Over the next few edition's we will tell you about our Volunteer Ambulance Officers and our Committee and other helpers.

WHO AM I?

Name: Debbie Hall

How long have you lived in Narembreen: Forever, except for a brief stay in Bruce Rock when born and time in Perth, Merredin, Geraldton and Alice Springs while nursing.

How old are you: I was born in 1955 (I will let you do the math's).

What do you do here (occupation and voluntary): I spend a lot of my time volunteering on the family farm, helping out at Wadderin Wildlife Sanctuary and as a Volunteer at St John's. Most important to me is as one of Jehovah's Witnesses sharing with others the good news of his kingdom. As for paid employment I drive a school bus occasionally.

Do you have any hobbies: When I have the time, I enjoy spending time with my horses or on the back of Peter's motorbike travelling about the countryside.

Do you have a partner/child: Yes, my best friend and lover, Peter Hall. We have 4 grown up children Ben, Jodie, Rebecca and Naomi and 4 grandchildren.

Do you have any pets: Yes, we have lovely sheepdogs and unfortunately a cat, also birds and a couple of aging horses.

How long have you been an Ambulance Volunteer: I have volunteered for 25 years.

Why did you become a Volunteer: I became an Ambulance volunteer because I appreciated some ambulance people helping me many years ago.

Do you think others in our town could give it a go: Others in town should give it a go if you want to challenge yourself and like helping others. It's also a good way for newcomers to town to get to know some fun-loving people.

"Narembeen community is built on volunteers that's why we are in a great place to live."

Anything else about yourself or volunteering at St John's: I am a Life Member of the hockey club and played for many many years predominantly as the A Grade goalie and played B Grade before retiring. I may have given netball a go too. I am also a Life Member of our St John's Sub-Centre.

**Everyday people doing everyday things for people in
our Community**

Information Session

Thursday June 3rd

2pm – 3pm

Narembeen Recreation Centre

Please come and join us for a cup of tea and a brief information session.

Preparing Students for a Changing World

FROM THE PRINCIPAL

Week 6 already!! Time is flying by in 2021! The community and the students are busy with winter sports. This year is looking good for the maroon and gold with football, hockey and netball all having reasonable success and August looks like it could be a big month for the town with all of the finals. Our Faction Cross Country will be held this Friday and more information can be found later in this Newsletter. Many thanks to all of the staff for the effort they put in to the recent events, simultaneous story time and National Family Day. The main coordinators were Lucy and Hannah K, but many staff had input and presented for the events. We continue to be very lucky with the staff we have, they are dedicated, committed to the improvement of outcomes for the students in all areas, prepared to give up their time to add to the school activities and on top of that, they are great community members, involving themselves in many different sporting and service groups. Thank you as always, for your continued enthusiastic input to all things 'Narembeen DHS'

THANK YOU

Huge thanks to AG IMPLEMENTS for their extremely generous donation of our brand new ride on lawn mower. Mr Liam Hickey dropped the new mower off last week and we greatly appreciate the donation from this business. This means more of our budget can be spent on our key business, teaching and learning.

CROSS COUNTRY 2021: WHO WILL WIN THE STIRRAT FAMILY SHIELD?

This Friday, all students aged 6 years and over (age as at December 31 2021) will be competing in the annual Faction Cross Country. Maroon were lucky enough to be the inaugural winners of our Stirrat Family Cross Country Shield, but can Gold get up this year? I certainly hope so!! The event will start with the 8 & Under event at 1:15pm and then run through from the lower ages through to the 14 & Over event. **We would like to remind all parents that this is a compulsory carnival, part of the physical education curriculum, with all students expected to RUN the event to the best of their ability. We know that our students will continue to do their best and strive to run, not walk.** The distances are the same as those run at the Interschool event later in the term. All parents and community members are very welcome to come along and watch, cheer the students on and stay for the presentation of the 1st, 2nd and 3rd medallions at the end of the last event.

YEAR 5/6 ASSEMBLY AND YEAR 1 CLASS REPORT

I bet Hannah C is pretty happy to have had her first assembly over and done with ☺. It is a stressful time for any teacher, but a graduate teacher's first assembly item or concert item with a class, really is an anxious time! Well done to the Year 5/6 on both their poem and song and what a wonderful bit of history the Year 1's shared with us. The community karaoke "We are Australian" was also very well done. We hope you all enjoyed the entertainment ☺.

SOME REMINDERS ON UNIFORM EXPECTATIONS

With winter coming I would like to remind all members of the school community about some of the expectations we have around the standard of uniform at school. Please remember the following:

- ✓ Earrings are to be small studs or sleepers only.
- ✓ No rings can be worn in other facial piercings (eg: nose or eyebrow).
- ✓ If a necklace is worn for a medical or cultural reason, it must be tucked inside the school shirt.
- ✓ Socks are to be PLAIN white, black, grey or brown.
- ✓ Only the school jumper, jacket or leavers jacket are acceptable attire. Jackets of any other type are not to be worn, they are not a part of the uniform.
- ✓ Only school beanies and school caps or hats are to be worn.

SCREEN TIME (THAT OLD CHESTNUT AGAIN!!)

Firstly, I am sure that you are all aware of the huge issue of screen time and our children. We cannot keep our children away from screens, they are a part of modern life, but we must ensure that we are keeping their screen time to a healthy amount, and we should certainly be fully aware of what our children are accessing on the screens at all times. There is a lot of research out there regarding this problem, you can access this on any one of your screens, but these simple tips are pretty handy:

Changes to your routine can make a difference. Try these tips today to help your family be the best they can be:

- ✓ **Parents, be seen without a screen.**
- ✓ **Under two, no screens for you!**
- ✓ **Start a no screen-time routine.**

Taking that first step:

Creating an engaged, positive environment by playing screen-based games with your child is the first step in building their confidence to create change. Here are some great activities that you can do with your child to help get them started.

[Boredom Busters](#) – Bust their boredom with these great ideas

[Family Appivities](#) – Get your whole family moving with these interactive apps

Setting healthy limits:

The pull of screens is everywhere we turn. Teaching children to choose quality screen time, over quantity, helps to create space for families to engage in happy, healthy time together. Below are some guidelines on safe limits for using screens.

Kids aged 5-17 should have no more than two hours of screen time a day.

Kids aged 2-5 should have no more than one hour of unrestrained (as in not sitting still) screen time a day – less is better. **Sedentary screen time is not recommended.**

Children under 2 should have no screen time.

MRS CHRIS ARNOLD
PRINCIPAL

ASSEMBLY HONOUR CERTIFICATE WINNERS 😊

Congratulations to the following Honour Certificate winners:

Student:	Year:	Student:	Year:
Rocco Federici	Pre-primary	Matthew Lopez x 2	Year 6

Aussie of the Month

MAKAYLA COLE
NAREMBEEN DISTRICT HIGH SCHOOL

Makayla has a very positive disposition and shares her enthusiasm with others. She is supportive of other students and encourages them whenever the need arises. She has developed her leadership qualities and is an asset to our Student Council and school community.

CASSEROLE TEA FUNDRAISER THANK YOU'S

Huge thanks to Sarah Kuhne-Munroe who took on the organisation of last Saturday night's winter sports casserole tea fundraiser. She was helped either during the day, or in the kitchen that night by Hannah Chitty, Lucy Lines, Amy Hardham, Trista Federici, Ebony Cowan, Jacquie Nikora, Pauline Kuhne, Lucy Currie, Alice Hardham, Navaeh Brown, Portia and Levi Fidge. This catering raised \$2,130 for camp and country week. It was supported so well by all of you and our terrific staff, the food was amazing, so thank you for your efforts.

POSITIVE REWARDS

The following students received 10 points for their faction. Well done!

	Sofie Deluis	Gold	
	Theo Cheetham	Gold	
	Mason Kuhne-Munroe	Gold	
	Alice Hardham x 2	Gold	
	Makayla Cole	Maroon	
	Rhave Palompo	Gold	
	Avayah Cowan	Maroon	
	Maya Della Vedova	Maroon	
	Mia Parsons	Gold	
	Jack Cusack	Maroon	
	Chloe Browning	Maroon	

Simultaneous Story Time

Such excitement on Wednesday May 19 2021, when the Pre-primary to Year 6 classes joined together for two hours of space themed learning. To mark National Simultaneous Story Time, the book 'Give Me Some Space' by Philip Bunting was read to us by one of the astronauts and streamed from the International Space Station. Over 80 students then moved through 4 rotations (space stations) for a range of activities. Miss Laura was doing space themed music and movement, Miss Jones had organised Astronaut Training School with manual dexterity and memory tasks, Mrs Cheetham had students creating calm down bottles containing very glittery inter-galactic debris and Mr Walldorf organised the decoration and launch of rockets. The "be an astronaut" selfies were a hit. As a grand finale, Mr Walldorf launched a final rocket with the help of cool drink and mentos. The student groups were multi-age, with collaborative learning and lots of fun taking place throughout the session.

Travel back in time as you step into the Year 1 classroom. The students have curated an exhibition of domestic items, many of them 100 or more years old. Their hands-on investigation of these valuable artefacts have created a real world learning opportunity that was showcased in our assembly item. The first visitors to our museum were the 9-10 class who visited this week. Thanks must go to **Mrs Rhonda Hickey** and **Ms Lorraine Lethlean** from the Narembeen Historical Society who have supported us in this learning journey.

A huge thanks to the parents who volunteered to run a session, giving a small insight into their cultural background. **Liam Hickey** demonstrated how hurling is played. He hasn't lost his touch! **Felicity Cowan** showed us some flamboyant flamenco moves. Thank you to **Crystal and Tsogtgerel** for making all the students some yummy dumplings and sending us interesting facts about Mongolia. The students also loved trying **Maria Lopez's** delicious olives whilst they journeyed to Italy using the virtual reality headsets. Thank you also to **Heather Garlick** for bringing in some Polish dolls. Last, but not least, thanks to the parents who came along and joined in the fun.

9am*

Reconciliation Australia's theme for 2021, 'More than a word. Reconciliation takes action', urges the reconciliation movement towards braver and more impactful action.

Reconciliation is a journey for all Australians – as individuals, families, communities, organisations and importantly as a nation. At the heart of this journey are **relationships** between the broader Australian community and Aboriginal and Torres Strait Islander peoples.

We all have a role to play when it comes to reconciliation, and in playing our part we collectively build relationships and communities that value Aboriginal and Torres Strait Islander peoples, histories, cultures, and futures

2021 marks **twenty years** of Reconciliation Australia and almost three decades of Australia's formal reconciliation process.

What is National Reconciliation Week?

National Reconciliation Week (NRW) is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation in Australia.

The dates for NRW remain the same each year; **May 27 to June 3**. These dates commemorate two significant milestones in the reconciliation journey – the **successful 1967 referendum**, and the **High Court Mabo decision** respectively.

Reconciliation must live in the hearts, minds and actions of all Australians as we move forward, creating a nation strengthened by respectful relationships between the wider Australian community, and Aboriginal and Torres Strait Islander peoples.

We will be, as a school community, recognising National Reconciliation Week in our classrooms and across the school. Our staff have come up with a myriad of ways to learn about our shared histories and **continue working towards achieving reconciliation in Australia.**

More information and pictures of the activities that the students are engaged in will be on our facebook pages and in the next Newsletter.

HON MIA DAVIES MLA
LEADER OF THE OPPOSITION

To Whom It May Concern

ELECTORAL REFORM IN THE LEGISLATIVE COUNCIL

I write to draw your attention to the McGowan Government's announcement to form a Committee to review the *Electoral Act 1907*, and the opportunity for the public and key stakeholders to engage in the consultation process.

The Government has requested the Committee to review the electoral system for the Legislative Council and provide:

- (1) Recommendations as to how electoral equality might be achieved for all citizens entitled to vote for the Legislative Council; and
- (2) Recommendations for the distribution of preferences in the Legislative Council's proportional representation system.

The Committee have released a Discussion Paper (two weeks after the request for submissions started), and they require all submissions to be made by June 8th, 5pm.

It is vitally important that as many voices as possible are added to this conversation, whether you live, work or invest in regional WA or metropolitan Perth.

The National & Liberal Alliance Opposition (Opposition) is not opposed to sensible reforms – particularly when it comes to item (2) and the changes required to prevent preference harvesting to elect Members to the Parliament who have only accrued a handful of primary votes. The election of the Daylight Saving Party representative at the March 2021 State election is a compelling reason to support sensible reform on this front.

It is unfortunate that these reforms were not pursued by the McGowan Government in the previous Parliament as it is almost certain they would have passed without challenge.

The Opposition has grave concerns in relation to the Attorney General's instruction as it relates to item (1) and regional representation in the State Parliament. We reject the assertion by the Government and Attorney General that an equal weighting system for each region in the Legislative Council of Western Australia 'fails the democratic fairness test'.

In 2008, changes that were driven by the Labor Party and Greens WA to our electoral system delivered on both Parties long-held ambition to achieve 'one-vote-one-value' in the Legislative Assembly. It effectively means that every electorate in the State has the same number of electors with a notable exception - the reform recognised the need to compensate what are considered to be large districts by a weighting mechanism known as Large District Allowance (LDA).

The issue that needs serious consideration is whether or not the pursuit of 'one-vote-one-value' for the Legislative Council is appropriate or needed.

In advance of the debate (in April 2005) then Professor Greg Craven, Executive Director of the John Curtin Institute of Public Policy and Professor of Government and Constitutional Law made the following comment on the *One Vote Value Bill*:

"I would respectfully argue that, once the Lower House of the Parliament is constituted on a more or less strict One Vote One Value basis, the case for constituting the Upper House differently as a Chamber where regional interests receive moderately enhanced representation, is strong. This follows from the necessity to ensure that the diversity of interests contained within the State are adequately reflected in the Parliament."

Similarly, Dr Harry Phillips, Parliamentary Fellow, Adjunct Professor, Edith Cowan University and Curtin University of Technology said in April 2005:

"In Western Australia, the interpretations of the Canadian Courts have tended to be used as support for the 'one vote one value' argument. However, the Canadian Courts, have given thrust to a broader concept of 'effective representation'. The latter provides scope for deviation (sometimes substantial) from voter parity. If one sought to do so I think there would be scope to argue that in many settings, other factors (such as geography), have to be considered for effective representation to prevail."

This type of reform pursued by the Labor Party in 2005 and now again in 2021 is centred on the notion of mathematical equality. It is the Opposition's view that there are inequalities in access to services and infrastructure in regional WA when compared to our metropolitan colleagues. There is a significant lack of parity in relation to health services, access to education, the cost of living and transport, access to core Government services and Departments, to name just a few. Tipping the balance to increase the number of metropolitan representatives and decrease regional representation can only make it harder to elevate these issues in the Parliament and with Government. It will only widen the gap that exists between our regional and metropolitan populations.

Given our State relies on industry, communities, and people in regional Western Australia for the wealth that underpins our economy, it would seem counterproductive to pursue changes to satisfy a mathematical notion of equality.

I'd encourage you to consider making a submission to the Committee to ensure the panel can consider this matter, particularly providing them with examples of how a reduction in the number of people from regional Western Australia in the State's Parliament may impact you, your organisation and/or community.

Yours sincerely

HON MIA DAVIES MLA
Leader of the Opposition
Leader of The Nationals WA
Shadow Minister for Electoral Affairs

Submission to the Electoral Reform Committee

As a regional producer/voter I am asking you to consider favourably the value of the weighted system in the State Legislative Council. We, who live here, have for decades have had our interests overlooked and even discounted, even though a major portion of the States income comes from non-urban areas. Royalties for Regions tried to re-balance this deficit and was very beneficial to us. But not to the major parties!

If our representation is minimised, is that fair, as we in the regions fully accept that the majority of income is spent in the urban areas but wish to have some safeguard in place so we are not completely ignored. I find the current enquiry interesting as the majority of West Australians benefit from a weighted system in the Federal Senate and would look with horror if our state was sidelined in a Federal debate, due to a low representation- and would use the quote of "but we are the main drivers of the Federal income with our mining industry". The hypocrisy is underwhelming to say the least.

Please, we not only need fairness in numbers but in equality of benefits from our government. Equity is not just a numbers game but it should mean all people of Western Australia are equally heard, supported and appreciated.

Yours sincerely,

Joan Cusack

Customer Service Officer

Permanent Part Time Position

Applications are invited for the Customer Service position with the Narembeen Community Resource Centre, starting in July 2021.

This position is offered as a permanent part time position offering 28-35 hours per fortnight.

For the position description please contact the CRC by phone on 9064 7055, in person or via email.

The key objectives of this position include:

- Provide administrative and receptionist support to the CRC
- Assist with the Coordination of Community Events and Activities
- Develop and promote the CRC within Narembeen and the surrounding districts

To apply for the role, please submit a written application including an up-to-date resume and cover letter responding to the selection criteria listed in the position description, to:

Vanessa Wittstock
Coordinator
Narembeen Community Resource Centre
2/19 Churchill Street
Narembeen WA 6369

or by email to:

crcmanager@narembeen.wa.gov.au

by 4.00pm, Monday, 31 May 2021

Better Again

One of the great things to see in country footy, well I suppose all footy, is when you can see noticeable improvement in teams, in individuals and in whole clubs.

As season 2021 rolls towards the mid point, the Narembreen Footy Club is continually ticking all these boxes. A great example of that was the effort the club was able to put together as they took on Burracoppin last Saturday.

The Ressies got jumped. Really jumped. Five minutes into the second quarter they were down seven goals to none and things looked grim. It would be really easy for a Ressies side to lay down and die in such a situation. It would be easy to just accept a situation and not care about getting belted. This wasn't the case for the Narembreen Ressies though, as they stood up to the challenge.

The ensuing two and a half quarters proved to be an arm wrestle of the most impressive proportions. Ben Latham and Nikau Brown led a backline that refused to allow a mark for the opposition and got the ball going their way at every opportunity. Danny Conway did a wonderful job on the talented Michael Hayden and the Ressies were getting themselves back in the game.

After half time the Ressies kept their intensity up and controlled a great part of the third quarter into what was a handy breeze. Dan Waldorf once again gave a huge effort in the ruck and started to get used up as a target through the middle of the ground. Contributions were coming from all over the ground and it was really an outstanding effort. They may not have won but their ability to defend and refusal to give up was a credit to all of them.

Ressies	3-4	22
---------	-----	----

Burracoppin	10-6	66
-------------	------	----

Best Players: Latham, Waldorf, N.Brown, D.Conway, Brady Garlick

The Hawks started the contest with the breeze and looked the better side early. Their half back line was again showing an ability to get the ball back and Cody Duncan

was looking to be damaging with the ball on the turn over. New Hawk; Drew Pearman set the tone early in the middle of the ground, as he won the ball out of the contest and allowed his midfield to move the ball fast.

The Cats showed a level of resilience which was a credit to them, as they dominated the early parts of the second quarter. The Hawks midfield started getting beaten and some intelligent use of the ball allowed the talented Corey Craine into the contest and hit the scoreboard. At half time the contest was on and the Hawks needed to keep improving.

Improvement was the best adjective for what happened after the long break. The coach played his best game since his return as he provided a taller target forward of the footy and along with the consistently improving Connor Spinks gave the Hawks a way into goal which was proving hard for the Cats to stop. The Hawks were improving as they were finding space and being damaging with the footy.

James Kennedy is a good footballer. His ability to play much taller than he is coupled with a hardness at the contest makes him difficult to stop. His move into the middle of the ground gave Pearman great assistance and had a big say in the Hawks dominating the second half. A second half where the home side kicked twelve goals and would go on to win by eleven. It was an ever improved effort.

Hawks	19-9	123
-------	------	-----

Burracoppin	8-6	54
-------------	-----	----

Best: Kennedy, Spinks, Pearman, Sam Bald, Jayden Hooper, Duncan

There's a bubble around the town about the footy club that once was the norm for the Narembreen Footy Club but hasn't really been present since the heady days of the first decade of the century. People seem to be coming to watch the footy like once before and also hanging around in the club on the night of the game. While there certainly is a long way to go we should never let the result influence our judgment of improvement. For win, lose or draw the Hawks are a club that are constantly on the improve,

Excitement...

It's fun when things are exciting. People start finding energy easier to come by. More people come round to see what the fuss is about. There's always something to talk about as people are impatient to see what happened. Then of course, the best bit about excitement, is that people smile and laugh.

It's been a while since excitement has made it's way to the Narembeen Footy Club. It was flirted with in 2017 and 2019 but really it hasn't made it's way through the doors of Hawks Parks since the heady days of the previous decade when wins were plentiful and crowds were huge. While there is some way to go before a return to those kinds of days the start of the year has certainly reminded people around the club just how much fun footy can be.

The Hawks are up and about after some good wins and a growing brand of footy. The side seems to have gelled quickly and gelled well. The brand which was dangerously one way at the start of the year has developed a defensive aspect to it that sees the ball won back consistently through the middle of the ground and swung back the other side at pace. Simply put they have become a side that is increasingly hard to score against.

Up the other end of the ground they are building a forward line that is getting better with every run. While it lacks in height it makes up for it in mobility and options. They are growing their ability to pressure the ball that gets out and are becoming all the better at making the most of the opportunities that they are creating. Simply put they are making the most of the cattle they have.

When it is all weighed up however perhaps the most exciting part about the side is that they seem to be improving every week. In a sign that the coaching staff has the players on board they are training well and getting better. Over the six weeks of the season they have improved their ability to get the ball back. They have improved their use of the ball and also their ability

to put pressure on the opposition with both physicality and also the way they work hard enough to shut down the options that their opponents are presented with when they have the ball. All of this makes for a side that is fun to watch and that's exciting.

What's also exciting is the fact that, again for the first time in a long time, the Ressies are also up and about. Ressies footy is a different beast to the League side but vitally important for so many reasons to any footy club. A band of regulars are fronting up for the Ressies as the side looks to continue to build it's numbers as we move towards the run home. There are young blokes playing good footy and the club has even found a couple of Irishmen (despite the pandemic) to introduce to our great game.

As I said before the best bit about excitement is it makes people wonder what will happen next. Wonder about result and look forward to what goes on around those results. It is exciting to wonder whether your footy club might be successful. It is exciting to look forward to what might happen after footy and its exciting to see young players keen to play for the footy club. Narembeen finds itself with all these things going on at the moment. Long let it continue.

"The Joan McCutcheon Courts"

Please find attached an invitation to the Official Naming of our netball courts.

Joan was the driving force behind the establishment of junior netball in Narembeen & surrounding towns, and the founder of the Narembeen Junior Netball Association within CDNA.

She was a respected Life member of CDNA, Narembeen Netball Club & Narembeen Junior Netball Association.

Joan was a passionate advocate of netball.

Narembreen Hockey

Saturday 22nd May

A grade Burracoppin v Narembreen 3-1

Another overcast and warm day on Saturday saw us take on a tough and in form Burracoppin side. With Burracoppin winning the toss they decided to take the initial pass back. However, Hannah Kerse started us off with an interception of this and then we were in attack. Initially we found it difficult to play our own game, but with plenty of positive talk on the field and our inspirational coaches, we soon bought it back and were able to make inroads into the attacking circle and have many attempts at goals off short corners. As we moved towards the end of the first half, and Caz Robbo (Caroline Robinson) moving from the back line into a striker role, we were able to finally convert field play into a goal. However, as the second half began to unfold Burracoppin were able to answer that back with a goal of their own. Early in the fourth quarter Tayla Atkins was able to convert a short corner into a terrific goal after excellent movement around the circle. This was followed closely behind with a field goal from Caz Robbo which started with amazing play from Mel Baldwin in the back line. Nat Browning made a comeback this week and we look forward to seeing a lot more of her on the field.

B Grade Burracoppin v Narembreen 2-0

Juniors Burracoppin V Narembreen 0-2

Last Saturday we played hockey against Burracoppin. It was a good game. We had to fight hard for our goals. The game ended with Narembreen 2, Burracoppin 0. Our goals were scored by Noah Browning and Noah Smoker, both were scored off short corners. Our defense worked hard for the whole game to keep Burracoppin from getting any goals. We would like to thank Imogen Hickey for stepping up as goalie this week and we think we had such a good game because everyone worked well as a team. Thanks to Mrs Caz Robinson for coaching us, we really look forward to playing hockey every week.

Narembreen Golf

An urgent order has gone out for some night sight glasses—only \$15 on eBay!

It was cold, wet and very dark as the last of the men found the clubhouse after their 30 hole Canadian Foursomes Championship on Sunday. Apparently the last in couldn't even find the hole!

Twenty four men hit off in balmy conditions, but the task of finding the first drives, let alone deciding which was preferred, took its toll. Not even the soup and toasties helped. One set of crafty men checked the weather radar and got in ok but we think the sledging and mind games held up the other side. The survivors and winners of the gross were Mike Currie and Damon Hayter 134 from R/up Greg Vaughan and Tim Cusack 136. The nett winners were John Currie and Dan Gray 127 from Mike and Damon 127.25. Novelty winners were Long Dong#1 Cody Duncan and Mitch Miolini, Best 2nd#7 and NP #17 Mike and Damon, Best 2nd#14 Scott Stirrat and Dave Blurton .

On Wednesday the women played for the Sherrie Heather trophy, a stableford and Gina DeLuis romped it in with a great 37 pts from Nat Kilminster on 33 on a c/b from Anita Cowan who always keeps us honest. Good scores were Julie Miller and Carol Currie 32. NP#2 was Anita and Longest Putt #18 was Gina. Then on Sunday the women managed to speed around the course and Carol Currie had a ripper 37 pts including a birdie on 11. It was good to be a spectator. Miranda Noak grabbed a 34 and Joan Cusack clawed her way to a 32!-and then the hot food was very welcome.

Please remember to pay your subs ASAP. Full-\$160, Country-\$60, Social-\$25 online at BSB 306-026 Acct No 5159579.

“Golf is a game, invented by God to punish men who retire early.”
