Over the Fence....

Well Christmas is very near now and the year is closing off. Here at the Fencepost we wish you all the very best for the festive season and the New Year.

This is our last edition for 2022, we start up again on the 1st of February.

Business Closures for January

Remember to check if businesses are open over the Christmas and January period before you make the trip to town.

The harvest and the weather have been unusual this year. What a season it has been! Some older people in the district are reporting that they have never seen crops like it!

Then we get the weather....cool with mizzle mid December!

The school is closed after this Thursday and starts again Wednesday 1st of February 2023.

The last Shire meeting for the year has just occurred. Go on to their website to check out what happened.

Lions Club

The annual ham raffle was another success. Thanks to the Hills family at IGA for allowing tickets to be sold in the shop. And to Glenis Maringoni for selling them. The Week 1 and Week 3 winner was Di Miolini. The Week 2 winner was a lovely person who is working for CBH here.

The ski lake has water in it and there are some keen skiers out there regularly. Go out for a drive on a Sunday and check out this lovely place. Talk to the members and find out about membership and the facilities. The club will be running a hamburger/sausage stand at the street party. Drop in and make a donation.

Whats Happening

Check out what is happening during this crazy time of year. Please try and join in and make it a joyous occasion for everyone.

Lost

Vanessa, our CRC Manager, has lost her brown Carla Zampatti sunglasses and her Apple ear buds both in a black glasses case..Please please contact her or let her friends know if you have seen them around town. Lost around the Oval, Rec Centre, Brown St area; from a bike basket.

FencePost Subscriptions

What about giving your friends or family an annual Fencepost subscription for Christmas or just because..... If you order a hard copy you get the email sent complimentary, but you have to let us know you want it, and we need your email address!

Preparing Students for a Changing World

2022 WHAT A RIDE!!

A year of the lowest of lows and the highest of highs, from the worst of a global pandemic, to the winning of the highest education accolade in our state. We have had a year of continual change and we have weathered the storm and come out of it, hopefully stronger and prepared for whatever life can throw at us next. As we head into our long break, I would like to thank once again those that make all that happens at this school possible, **our wonderful staff, teaching and non-teaching, our amazing students who showcased their incredible talent last night, and our supportive parents, who ensure that we work as a team to achieve the best possible outcomes.**

From all of us here, have the best break, spend time with family, enjoy screen free games and interactions with your children, catch up with friends and be grateful for all that we have.

I would like to thank Mrs Hannah Smoker for all of her work in preparing the students for their performance at the recent senior citizens' dinner, and all of the teachers for supporting her. The students did a great job with the songs and looked very 'Christmassy'. Thanks to the parents for bringing them in to be involved. Many thanks to Tyrese Takuira who prepared table ornaments. Lastly, as always Mrs Bianca Currie and her classes provided white Christmas for the event, so thank you once again.

Fire Danger Ratings and Bushfire Warnings

- **Fire Danger Ratings describe the potential level of danger should a bushfire start.** They provide important information so you can take action to protect yourself and others from the potentially dangerous impacts of a bushfire. You need to understand the Fire Danger Rating to assess your level of bushfire risk and decide what actions to take.

The new Australian Fire Danger Rating System (AFDRS) levels are:

Moderate: Plan and prepare.

Most fires can be controlled. Stay up to date and be alert for fires in your area.

High: Be ready to act.

Fires can be dangerous. Decide what you will do if a fire starts.
Leave bushfire risk areas if necessary.

Extreme: Take action now to protect your life and property.

Fires will spread quickly and be extremely dangerous. Put your bushfire plan into action.
If you and your property are not prepared to the highest level, plan to leave early.

Catastrophic: For your survival, leave bushfire risk areas.

These are the most dangerous conditions for a fire. Homes cannot withstand fires in these conditions and if a fire starts and takes hold, lives are likely to be lost. Stay safe by going to a safer location early in the morning or the night before.

- When there is minimal risk, Fire Danger Ratings will be set to **'No Rating'**. On these days you still need to remain alert and abide by local seasonal laws and regulations.

Fire Danger Ratings and Bushfire Warnings

- **When a bushfire starts, things can change in a matter of minutes so it's important to stay up to date through official information sources.**

During a bushfire, emergency services will provide you with as much information as possible, but no system is foolproof. If you believe you are in danger, act immediately to stay safe and do not wait for a warning.

If you see smoke or flames call Triple Zero (000) and put your bushfire plan into action immediately.

Bushfire warning levels change to reflect the increasing risk to your life or property, and the decreasing amount of time you have until the fire arrives.

The warning levels for bushfires are:

Advice	Watch and Act	Emergency Warning	All Clear
			
A fire has started but there is no immediate threat to lives or homes. Be aware and keep up to date.	There is a possible threat to lives or homes. You need to leave or get ready to defend – do not wait and see.	There is a threat to lives or homes. You are in danger and need to take immediate action to survive.	The danger has passed and the fire is under control. Take care and remain vigilant in case the situation changes.

BOWLS NEWS

This Sunday saw the bowling green full of players with the derby being played along with the Ladies Championship Pairs. Thank you to our sponsor of the ladies pairs event Iris Bristow, we appreciate your sponsorship over many years for this event. 7 teams of ladies played off in two blocks, lots of good bowls being played by all. The wind was once again not very helpful..... The final was played between Maree Campbell and Maxine Miolini and Helen Copeman and Kellie Mortimore, and what a final it was all even at the finish of the game with one end to be played to decide the winner. Helen and Kellie scraped through, they will play in the C of C Pairs in Bruce Rock in March.

The Ladies were unlucky on Wednesday to lose to Corrigin Blue 1-3, however no change to the ladder position so hopefully this week we can get back into the winners circle.

The men played their derby on Sunday with Gold really needing a win to stay in touch with the top four. Unfortunately this wasn't to be with the score being Maroon 6—Gold 2. On a good note Maroon are now sitting in 2nd spot on the ladder. Gold sit in 8th and will need a very lucky run home to get anywhere near the top teams for the finals.

Ladies Pennants this week away against Corrigin Gold. This is the last pennant round for 2022. Ladies Pennants re-commence on February 1, 2023.

This coming Sunday sees our mixed doubles (or divorce doubles) champs followed by the Mt Walker Community Christmas Party – we're looking forward to seeing everyone there!

We will be trialling Saturday tennis in the New Year, with our first fixture for 2023 being the weekend before school goes back on Saturday, 28 January. This will be a great way to catch up with everyone after the summer holidays!

Thanks again to all our members who take the court each week and constantly help out around the club. Best wishes for Christmas and a prosperous 2023!

Please make sure that if you have taken the court this season, you have paid your full subs which are now due; and if you've visited the club socially please pay your social membership.

The Mt Walker Sports Club fundraising committee is seeking paddocks for skellyweed searching again this year. If you have any available please contact Michael Morrone 0428 346 679.

Be skin aware this summer

Cancer Council WA is encouraging adults in the Wheatbelt region to familiarise themselves with the common symptoms of skin cancer, with the majority (55-70%) of melanomas detected by themselves or their partners.

It is important to know your skin and what is normal for you, particularly if you are over 40 years of age. Skin cancers (including melanoma) accounts for the largest number of cancers diagnosed in Australia each year. Our latest data reveals that in 2019, 1587 people in WA were diagnosed with melanoma and sadly 145 people died from it. In the Wheatbelt region in 2019, 58 people were diagnosed with melanoma and 5 died from it.

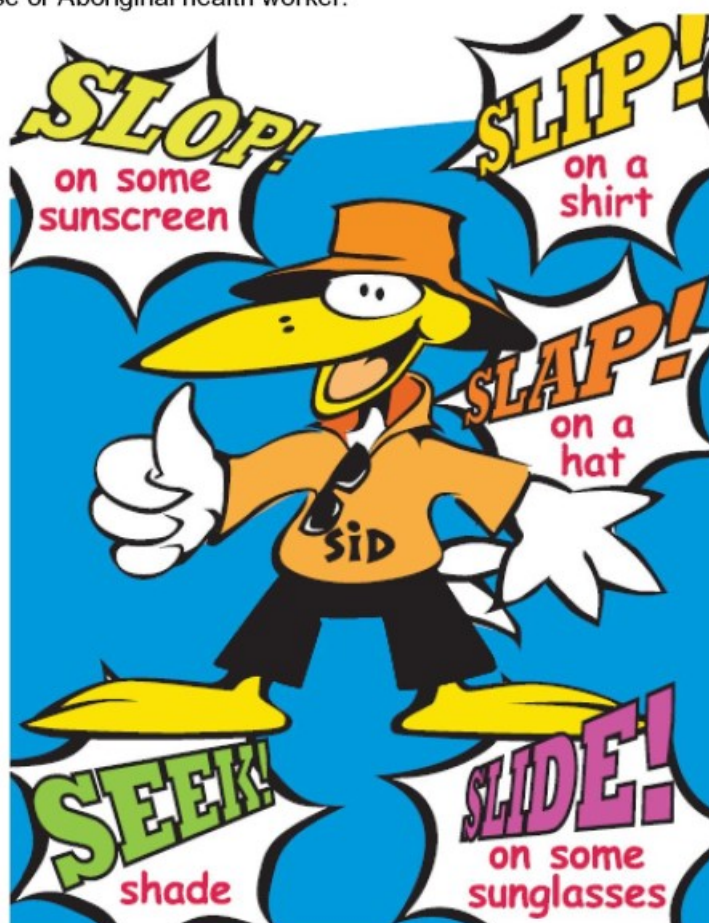

We know people living in regional Australia have lower rates of five-year survival, compared with people living in cities, so we urge anyone in the Wheatbelt experiencing a skin cancer symptom to visit their doctor, clinic nurse or Aboriginal health worker.

Common symptoms of skin cancer include:

- A new spot or mole on your skin
- A spot that is different from other spots on your skin
- Any crusty or non-healing sores
- Any spots, freckles or any moles changing in size (width), thickness (height), colour, or shape over a period of weeks to months.

It doesn't mean you've got skin cancer – often it turns out to be something less serious. But it is important to get checked. Getting our symptoms checked out and treated early means we can get back to the people we love and the things we love doing.

<http://www.myuv.com.au/skincancer/>
 to find out how to check your skin for skin cancer.
