Over the Fence....

Welcome to another edition of 'The Fence Post'!

Very cold and not enough rain for the crops...not yet but hopefully soon;) A few nice articles sent in for you to enjoy. Nice to see what our community groups are achieving. Thanks again also to the local Police, keeping us up to date and continuing to encourage the younger generation to be safe on the roads (p. 6, 7). Looks like 'The Biggest Morning Tea' was a success, a new record for donations (p. 9). If you were near the school grounds last Friday afternoon, you may have seen some 'Cross Country' runners testing their endurance (p. 16, 17). Read about that and more in the school newsletter (p. 14-25). More staff to meet from the local shire (p. 31) and plenty of sporting write-ups (p.33-39) to keep you up to date with what's been happening on the weekend. Enjoy the weekend off, including Monday...Public Holiday so no shops open! Looks like good weather for sleeping in or at least pancakes, a cooked breakfast! Stay safe on the roads if you're travelling away. Thanks as always for loyally supporting your local paper, especially those who volunteer their time and energy to contribute in any way, including our readers! Enjoy...

Narembreen Town Team - SHUTTLE FARM

Your local Town Team continues to stay busy behind the scenes. Lupins, Canola, Wheat and Barley have been seeded at the 'Shuttle farm' at the Grain Discovery Centre and the signage is up! Thank you to Ray Henderer for installing and Go Narembreen for sponsorship of the signs. We are hoping for a lavish harvest!

Lakeside update...

Pictured above: Margaret Teasdale with her artwork creation

The Ladies Hospital Auxiliary Committee, community members, hospital staff and residents witnessed the unveiling of new artwork located in the Lakeside wing of the Hospital. The artwork was created by talented local lady Margaret Teasdale.

President, Lynda Cornish welcomed everyone to the unveiling and firstly thanked Rosemary Smoker and Dorcas for donating the funds to make this project possible. "Thank you Rosemary for helping us to brighten up Lakeside for the enjoyment of the elderly residents."

Lynda thanked Kerry Fricker, Rhonda Cole, Graeme & Margaret Teasdale for assisting with the installation of the painting, but above all thanked Margaret for sharing her talents and creating a simply outstanding masterpiece. "I am sure we will all spend a lot of time discovering the intricacies of the artwork, thank you Margaret".

Kerry Fricker on behalf of Rosemary Smoker thanked the Committee for allowing Dorcas and Rosemary to be involved in such an important project.

Margaret Teasdale responded by saying, "Firstly, thank you for the honour and privilege to create this painting for Lakeside. I know how important it is to have something bright and interactive for the patients in care.

Some of you might know that I am a survivor of Ovarian Cancer and the relation to doing this painting really goes back to my experience.

Three Lakeside residents from left: Gaynor Latham and Iris and Melvin Bristow sitting in the living area last Thursday, beneath the engaging and newly commissioned painting by Margaret Teasdale. Also enjoying morning tea were visitors Norm Pascoe and Chris Bray. Norm usually calls in weekly with his dogs, Molly and Bonnie. Molly is sitting on Melvin's knee and was previously the Bristow's dog, but has now been kindly adopted by Norm. Janine Bristow who was also visiting took the photo.

Hello,

Hope everyone is well.

On 27 May, we assisted Southern Cross Police with a Misuse of Drugs Act search warrant in the townsite. Police located a quantity of amphetamines, cannabis, smoking implements and unlicensed ammunition. An adult male and female were charged with various illicit drug related charges.

With a high volume of towed agricultural implements on the roads in the Wheatbelt Police District, please be aware of your responsibilities in relation to the legal requirements for moving agricultural vehicles and implements based on width, length and height. ¹If stoplights are not installed on the rear of the implement or towing vehicle does not have adequate mirrors.

²Except where the combination may come into contact with an electrical supply line.

³Unless otherwise stipulated on a Main Roads permit or order.

⁴A combination must be fitted with flashing amber light, reflectors, rear lights signaling lights when towed at night.

If a vehicle other than an agricultural implement is being towed in the agricultural combination, no more than two agricultural implements may be towed as part of the combination.

Note: All agricultural vehicles that exceed a statutory mass limit MUST operate under a permit or order from Main Roads WA.

We had a great time being involved in the 'The Walk Safely to School Day'. It was a good reminder for drivers to slow down in school zones and students to take care when crossing roads. Thank you to all the Narembeen DHS students for participating. Until next time, stay safe.

Narembreen CRC Update

Hello everyone, we hope you had a good week.

We are all crossing our fingers for some rain this week!

BIGGEST MORNING TEA

The Narembreen's Biggest Morning Tea was held last Thursday, 25 May 2023 at the Pop-Up Shop on the Main Street.

This event was organised to raise money for the Cancer Council for those impacted by Cancer, a cause that is very close to many of our hearts. Around 30 people joined us for a cuppa, some morning tea and a few fundraising games.

Well done to Wendy Fudge for winning the raffle and to Dale Dixon for winning the Co-Op voucher for the Sweepstake cup of tea game.

Thank you to the raffle sponsors: IGA, Three-0-Two, CRC and the Co-Op

We just wanted to send out a huge THANK YOU to each and every person that donated big or small to the BMT (Biggest Morning Tea) especially to the

Autumn Club who weren't able to attend the morning tea, to those who weren't able to make it so donated online, and to all that popped in and donated a plate to share PLUS a money donation. We have a very generous community and are so lucky to receive the support we do from the Narembreen Community.

You will all be amazed to hear that we raised a total of **\$1,026** beating out previous years record of \$800. THANK YOU!!!!

SOCK WEEK

SOCK Week is only a month away so preparations are in full swing—stay tuned!

Lots of courses are happening in July, if you are interested in any please get in quick as numbers are limited!

Hoping you have a great week!

WEEK 6 QUOTE

2023 RECONCILIATION WEEK IS THIS WEEK 😊

“

Reconciliation requires changes of heart and spirit, as well as social and economic change. It requires symbolic as well as practical action.

Preparing Students for a Changing World

NATIONAL RECONCILIATION WEEK 2023

This week all classes will be involved in activities to ensure that our students understand the aim of reconciliation to ensure a more just, equitable and reconciled country for all. We will be encouraging them to be a voice for reconciliation in tangible ways every day, where we live, work, and socialise. Hannah Chitty has organised another whole school art project and our teachers have accessed many activities to ensure the message is understood. We are a multicultural school, and one of our many aims is to ensure that we are culturally responsive and inclusive to all.

The National Reconciliation Week 2023 theme, **“Be a voice for generations”** calls on all Australians to act today to tackle the unfinished business of reconciliation. Generations of Australians have fought hard for meaningful change, but more effort is needed to create a just, equitable and reconciled Australia. Reconciliation is all about building a better nation. A more united Australia that respects and takes pride in 65,000 years of Aboriginal and Torres Strait Islander cultures, histories, stories, and achievements. An Australia that believes in the right of First Nations peoples to make decisions about their lives and their communities. An Australia that stands opposed to racism, inequity, and injustice. To be a voice for reconciliation today means the start of real change tomorrow. It means amplifying the calls of past generations of Aboriginal and Torres Strait Islander peoples that have fought hard and paved the way.

National Reconciliation Week, May 27 2023 to June 3 2023, is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation in Australia.

The dates for Reconciliation Week are the same every year as they commemorate two significant milestones in the reconciliation journey, the successful 1967 referendum, and the High Court Mabo decision respectively.

May 27 1967: On this day, Australia’s most successful referendum saw more than 90 per cent of Australians vote to give the Australian Government power to make laws for Aboriginal and Torres Strait Islander people and recognise them in the Census.

June 3 1992: On this day, the Australian High Court delivered the Mabo decision, the culmination of Eddie Koiki Mabo's challenge to the legal fiction of 'terra nullius' (land belonging to no one) and leading to the legal recognition of Aboriginal and Torres Strait Islander peoples as the Traditional Owners and Custodians of lands. This decision paved the way for Native Title.

Reconciliation must live in the hearts, minds, and actions of all Australians as we move forward, creating a nation strengthened by respectful relationships between the wider Australian community, and Aboriginal and Torres Strait Islander peoples.

CROSS COUNTRY 2023

What ideal conditions for a cross country afternoon! Most of our students committed themselves to our standard of working with heart and resilience to finish a tough activity, that many find quite difficult, our cross-country event. The smaller age groups certainly stole the show with some outstanding running, and great times, with not a single runner stopping at any stage. It was unfortunate that some runners, in the later girl's events stopped to walk, an indication that they did not commit to the event and the preparation prior to the day, and it has been a long time since we have seen this! The standard we set is for all our students and next year, perhaps we need to increase our preparation so that they are well and truly fit enough to complete the 2 or 2.5km courses. That said, **there were many runners on the course who struggled but never once stopped or walked.** **Angela Andrews** in Year 9 may be a gun in the netball circle as a shooter, however she doesn't love cross country, but she did it and she never walked and never gave up! How about **Zayne Tyler**, I rode with him the whole time and there was never a thought that he might stop. **Mason Kuhne-Munroe** will let you know that he really hates cross country, but he was doing fine, and then fell about halfway through, skinned knees and hands resulting. He got up, dusted himself off, and then finished the course. It is these moments that make the hard work worthwhile, these times that we know that this is **building our students up for success, giving them the resilience to complete a tough assignment, to not give up, to not find excuses to not finish.** There were of course, some outstanding runs, **Noah Smoker** continues to shine in all areas of sport and his 7.05 for 2km was amazing.

Congratulations again to Maroon on taking out the Stirrat Family Cross Country shield again, remaining the only faction to have their name on this particular shield .. but there were only 13 points in it this year.

For most of the students, that is it, cross country training for the year is done and they can start to do other activities in their PE and fitness sessions. For our interschool competitors, and they are the medallion winners (with some run offs to be done due to illness, injuries or educational absence to be done in some events), training will continue during TAG this week Monday, Tuesday, Thursday and Friday, and then next Monday and Tuesday.

The **Combined Schools Cross Country** will be on held on **Friday June 9 2023** at **Bruce Rock**. Parents of team members will receive the paperwork for this excursion very shortly (after we complete the run offs - gold and silver medallists are definitely in, the third place getter in some events will be run off against those who were absent on the day.

OUR MEDALLION WINNERS:**ASSEMBLY YEAR 4/5 AND YEAR 5/6 REPORT**

Loved the last assembly, so much talent on display! The Year 4/5's showed us what they have been doing in Music with Hannah Smoker and seeing them showcasing their creativity was just great. Han Chitty also showed us her lyric writing ability and her class delivered it to the audience excellently. Assemblies are often freezing or too hot, sometimes they may seem like it is an hour of your life you'll never get back, but when your old like me, you realise that these kids showing us their confidence and talent is something that you actually will never get back!

YEAR 4 – 6 HOCKEY CARNIVAL AT NARROGIN THURSDAY JUNE 1 2023

This **Thursday June 1 2023**, many of our Year 4 – 6 students are off to Narrogin to compete in the CSBP Primary Cup. Usually, we attend the Bruce Rock carnival but it clashed with our Youth Forum so we are off to Narrogin instead. Thanks to **Luke Smoker** for driving the bus for us and to **Carissa Wanless** for giving up her time to attend as an umpire. Staff members **Jess Smoker, Hannah Kerse and Georgia Miller** will be attending the day and provide duty of care, as well as umpiring and coaching. Good luck to all, and please make sure the excursion paperwork is back 😊.

DO YOU KNOW WHAT YOUR CHILD IS DOING ONLINE

Gaming, group chats, snap chat, insta, the list goes on. It is apparent that screens are here to stay, how you work your screen time out with your child/ren is obviously up to you. We have put lots of suggestions in the Newsletter over the years and there is an overabundance of really great information online for parents, and it is all evidence based and all says the same thing – keep your kids active and keep screen time down! Knowing what your child is doing online, what they are saying, how they are saying it and who they are saying it to, is something that you all, as parents, should know. Do we all know if our teenagers are actually getting off devices and going to sleep if we are allowing them to have connectivity devices in their bedrooms???

Some advice from my research, mainly from Susan Mclean, who was Australia's foremost expert in the area of cyber safety and young people, she was the first Victorian Police Officer appointed to a position involving cyber safety and young people. Her three key take home points are:

"Keep all digital devices out of the bedroom!"

"Be a parent, not a friend"

"Don't let your child do anything online that you wouldn't let them do offline"

Susan McLean's Top Tips for Cyber Safety

- ✓ Lead by example
- ✓ Be your child's best parent, not their best friend
- ✓ Get comfortable with saying, 'no'
- ✓ Understand the difference between 'need' and 'want'
- ✓ **Keep all technology out of the bedroom**
- ✓ Know your children's passwords (but don't stalk them)
- ✓ Do not share passwords
- ✓ Keep channels of communication open
- ✓ Have a 'family contract' so children understand boundaries
- ✓ Use all security settings
- ✓ Learn about technology
- ✓ Do not disclose personal information online
- ✓ Shoulder surf - watch what your kids are doing
- ✓ Only let your children communicate with people they know in real life
- ✓ Know when your child is online and offline

We were not born into the era of tablets, smart phones ... or even mobile phones. Susan McLean makes it clear that we will, as modern parents, be challenged by our kids. "You don't know anything about this stuff", "But all my friends have their own YouTube channel!", "I don't want you invading my privacy" are the type of comments we should expect our kids to throw at us.

However, we should not be afraid to upset our children. It doesn't matter if they like you. "Be the parent. Make the important decisions," says McLean.

This includes knowing what they do online, controlling and restricting their access to digital devices and making sure what they see and do online is age-appropriate and suitable for them ... because nobody knows your child as well as you do.

Teenagers may try to get you to 'break the rules', give them access to apps they are too young to subscribe to, allow them to play on their iPad in their bed, **"but if you don't hear them shout, 'I hate you', at least once or twice - or once a week - you're probably not doing your job properly,"** says McLean.

Don't give in to your children just so they will be 'liked' by you. Make the right choices to keep your child safe. Be the good parent not the good friend.

THE ABORIGINAL SEASONS: FOR YOUR INFORMATION 😊

This may be reconciliation week with extra activities to ensure that our students are exposed to the reasons that we have it, but our Pre-primary students have been working with the aboriginal seasons all year. We are heading in to Makuru, which brings with it rain and cold weather.

National Simultaneous Storytime (NSS) is held annually by the Australian Library and Information Association (ALIA). Every year a picture book, written and illustrated by an Australian author and illustrator, is read simultaneously in libraries, schools, pre-schools, childcare centres, family homes, bookshops and many other places around the country.

We all loved this year's book which was all about being a winner, even if you come last. What a great message for our kids. With cross-country only last week, it is an important reminder to persevere and be proud of your achievements—no matter where you come!

Groundhog Day....

I got asked by one of my students the other day why do we study history. The answer is complicated, but I offered the idea that we need to learn from the mistakes and not make them again. The young fellah bought what I was selling and moved on. As I sat having my beer after umpiring on the weekend it was a phrase that ran through my sizeable suede again. So, we don't make the same mistakes.

On the weekend the Hawks did away with Kulin-Kondinin by the tune of almost ten goals. In truth though their inaccuracy kept the difference from being quite sizeable. After a willing start the Hawks proved themselves to be too fast, have too many options in front of the footy and too daring for their opponents. It was a strong win and something that showed the Hawks too be the league leaders at the moment. The thing is though the same thing happened twelve months ago.

It was a strong win, a powerful win against a good opponent. After a close contest in the first quarter where the Blues got control of the footy and used it well, the Hawks found their mojo. They opened the Blues up on the fat side of the ground more than once and proved to quick for their opposition. Their decision making was good and their dare impressive. They just didn't hit the scoreboard.

After that tightness of the first term the game opened up and spent a lot of time in the Hawks half of the ground. They got numbers around the footy and their willingness to honour leads across half forward forced the Blues to try and man up rather than zone off. This created a more one on one contest which played into the hands of the Hawks big forwards. Jayden Hooper was exceptional at full forward, taking some tremendous marks. A big contested mark by Jake Solomon late in the game also put a stamp on proceedings.

Six goals in the second quarter was matched by six goals in the third quarter. The Hawks were just proving too quick and precise for the Blues. They could lock the ball in with pressure and probably should have been further in front at the last change. Tommy Baldwin was doing as he liked through the middle of the ground while James Kennedy and Jake Solomon were also continuing what are good seasons.

Things would level themselves out in the final quarter where the Blues showed their pride in their club by kicking three goals and perhaps having the better of the final stanza. Perhaps the sting had gone out of it by the end though. So, it was a strong win, a good win by a good side. However, it was however strangely similar to the corresponding fixture in Kondinin twelve months ago. The Hawks won then by about the same margin and sat pretty at the top of the ladder as well.

So, the challenge now for this Hawks group is to learn from the past. They need to be aware of what went wrong in the second half of 2022. They need to be able to see what they can do to give themselves the best chance of not making the same mistake again. For if they can learn from their recent history they may just give themselves the chance to make history of their own.

Staring the challenges down.....

Meeting challenges is one of the great joys of life. Being stared down and not blinking is something we should all take great pride in doing. After overcoming a concerning lack of numbers at the start of the year the Ressies were confronted by a high-class Kulin-Kondinin Ressies side on Saturday. It was a side that presented many challenges, including at least five multiple league premiership winners, however to their credit the boys stared each one of the challenges down and laid them out flat.

The ball moved quick early on as each side was trying to get the upper hand. In a sign of the commitment from the lads, they were working hard to get the ball back as early as they could. The sound of the footy thumping into close by hands was an indication as to how committed both sides were. As it so often is between these two clubs it was, as they say, 'game on'.

The first challenge the Ressies met was the power of the Blues midfield. Bobby (Baden) Kennedy continued a fine season by leading the way in the contest. He mixed well with young Hawks Nikau Brown, Archie Saunders, and Blake Davey in the middle to gain an upper hand at the stoppage. The willingness of all of them to take a risk and run with the footy out of traffic was a big reason for the Ressies to be on top in that area.

Down back Trent Davis had his best game for the year. After having a disjointed start to the year where an ankle issue and the small matter of the arrival of his first child kept him away, TD had his best game of the year. Trent is a classy player and he set the tone for the back six early. He was always brave with his decision making and, as always, rarely missed a target. The lead that Davis set allowed the Ressies to catch their opponents on the hop several times with the use of the open side of the ground and some really gutsy running.

Although they were on top, the Ressies found it hard to shake a defiant opposition. Eight more scoring shots had only equated to an eight-point lead at the long break. Inaccuracy had plagued the boys. After the long break though they took things in their own hands. Kennedy and Nikau Brown again set the tone at the stoppage and the boys responded well to every lost contest. Matty Poultney found more space, as did Kallen Parsons across half forward, both showing a desire to run with the footy and be dangerous by foot. It was this kind of dare that saw the boys kick three goals to one and take a twenty-point lead into the last.

The last quarter turned into a bit of an arm wrestle with only one goal kicked. It seemed that perhaps the boys were gassed from the effort both sides had put in over the first three. It would end up being a strong win for the Ressies. They were challenged by not only a traditional opponent but an opposition that was big and talented. To their credit the whole group stepped up, looked both challenges in the eye and laid them out flat.

Mt Walker Golf

Sunday 28th May, 2023

This week due to a couple of our players with ill health, some with other commitments and the start of seeding, our numbers were down. The three that played enjoyed the nice weather, and with lots of zigging and zagging had an enjoyable game of golf.

Shot of the day, went to Merle Phillips with a great 100m hole in one, ferret/birdy shot on number 5. Will be one that will be talked about for a while. Also not to be outdone, Darren Phillips had a nice long par putt on number 13.

The days scores were Merle Phillips 37 points, Darren Phillips with 32 points & Bevan Eyles with 22 points

Thank you to all our sponsors that help us throughout the year.
Next week is a Sweepstakes Round again.

TEE OFF TIME 11.30am – All grades of players welcome.

NAREMBEEN GOLF CLUB

The Ladies played a Stableford round on Wednesday for the Sherrie Heather Trophy. Wow! A great field of 14 players all wanting to win Sherrie's Trophy. Amy Hardham joined us for a first card in and copped a fine for out driving the "Pop Guns". Well done Amy. We also believe Kellie Mortimore shifted the Long Drive. Hmmm... There will be a few out to get this! Might need a strong westerly though. We celebrated the Captain Noela Coles birthday with a lovely cake made by Gina. Now, back to the Golf...

The Winner was Julie Miller with a very good score of 42 pts. Maree Sprigg came in Runner Up with 37 pts and other good scores were Julie Hayter 35 pts, Kyla Padfield and Kellie Mortimore had a 34 pts and Noela Cole and Miranda Noack 33 pts.

The Men held their Foursome Championships on Sunday with a very good entry of 13 pairs. The Championship is a Gross Event and the Winners with a 78 off the bat were Danny Gray and John Currie. Well done Guys. The Runners Up with an 81 were Paul Wanless and Damon Hayter. John and Dan also won the nett with a 71.5 and second to them was Mick Toovey and Robert Miolini with a 74.25. Great to have Father and Son, Jason and Heath Spinks up joining in the competition for a casual whack. They had a gross score of 75. Three over par! Not bad eh? Was worth the couple of balls...

The Ladies also followed the field and played a Stableford. Carol Currie came in the Winner here with 36 pts. Carol won on a count back from Kellie Mortimore. Other good scores were Darien Pascoe. Yay!! She is liking this game better now. Darien had 33 pts. Welcome back Chris Padfield who also had 33 pts as did Anita Cowan and Miranda Noack.

So what's happening this week. The Ladies are going to get very wet (positive thinking), playing a Stroke round this Wednesday for the Julie Hayter Trophy. The Men have a Stableford for the John Currie Trophy on Sunday.

There will be a steak tea following play on Sunday. Please bring a salad to share. Our 'Head of the food' is Maxine Miolini who will be putting some catering lists on the board shortly as we have a few events coming up.

BEHIND THE GOALS

Juniors

On Saturday we tried hard. Kulin-Kondinin scored 2 goals while Narembeen did not get any. Our full backs and halves got the ball a lot. We nearly scored a goal when Chloe was on the post. Thanks to Ava and Aden for playing goalie. After our game we played an extra Junior and Minkey game against Kulin-Kondinin and we won. It was 3-1. Thanks to Bryce and Noah B for helping the Kulin-Kondinin team.

Charles Robinson

At hockey on Saturday the older Minkey's played a little Junior game against Vipers. We played 15 minutes in each half. We had a lot of fun. Thank you to Deakin for umpiring the game.

Annie Robinson

B grade

We played against the KK Vipers this week. We knew it was going to be a pretty tough game. Our first quarter was good with some clever passing. It was a very fast game with the ball travelling quickly from one end of the field to the other, which was very challenging considering how warm it was. Our second quarter saw us score our first goal, a neat dribble into the 'D' and hit from the top by Noah Smoker had us up by one. Unfortunately the KK Vipers managed to rally and get two goals in the third quarter. We went into the fourth quarter with a lot of determination and although we had a large majority of the play, the Vipers defence was too strong and we ended the game with a 2-1 loss. It was a hard fought game and we thank Rachael Padfield for filling in and for running the whole game out as inner. Although a loss this week, it was a really positive and fun game.

Noah Smoker

A Grade

This week we took on the KK Vipers at home on our vastly improved and excellently prepared, mowed, marked and rolled field. Cheers to the boys involved for all that prep work... it was a pleasure to play on! It would have been nice to bring home a win to go with it, but after a hard fought 2-3 loss, I think we can all be proud of our second half recovery and efforts.

KK started strong. Playing high strikers, they used their speed well and bombing the long ball worked well for them. The defence was under pressure early and couldn't prevent the Vipers from getting their first goal. The Narem girls fought back and got some great clearances out of defence. The midfield then did a great job of keeping the ball in our attacking half and our press was working well. Despite plenty of shots on goal, short

BEHIND THE GOALS

corners and some awesome work on the pads by the forwards, we were unable to get one past the defense and keeper.

The second quarter ran a similar course to the first. With plenty of tussles through the midfield, some great runs forward down the wings and plenty of sprinting back in defence. Again, unable to convert any of our own opportunities, the Vipers were able to get up 2-0 from a deflection off a short corner. The third quarter started in a similar fashion to the first, the Vipers were strong over the ball, quick to move it through the forward line and passed well in front of the goals to put away their third. This was very much a turning point in the game. The Narem girls didn't give up, stuck to the game plan, reset and went again. We shortened up our game, linked up better and started talking more. The halfbacks and full backs were able to push forward keeping the pressure on the Vipers defence and Maddie Della was finally able to put one in the goals off the pads from a short corner. Not even 10 minutes later, Emma Miolini got off a great shot from a short corner to bring the score to 2-3.

The 4th was a continuation of the Narem game plan, with plenty of forward pressure, some consistent clearances out of defence, better passing and linkages and much better strength over the ball. While the Vipers may have won the game, the Narem girls should be incredibly proud of the way we played that second half of hockey!

Special mentions: To Jess Padfield who landed badly on her shoulder and was taken up to hospital with a suspected dislocation... hopefully its not serious! To Maddi Noack who had some cracking saves on the day... one of which gave herself a good crack on the head and a suspected concussion (only admitting it well after the game was finished).

Enjoy the upcoming BYE weekend as we look forward to hosting Burracoppin in two weeks.

Gina Cheetham

Mens

On Saturday the 27th of May, the Narembreen men's team played the Kulin-Kondinin Vipers at home on the grass. Not having played this team in many years, we didn't know what to expect. The game was tough, with neither team scoring in the first 3 quarters. Fortunately, Angus Latham was able to get a defection from Cam Sims early in the 4th quarter to gain the lead. This was followed by a goal from Nathan Sprigg and then another from Angus Latham. Narembreen finished up winning 3-0 at the final whistle.

Honourable mentions: To Wes Taylor for receiving the players choice vote for the round and Will Gray for filling in after footy as we were short on numbers. As always, thanks to all the supporters that came and watched the game.
