Preparing Students for a Changing World

THANK YOU BRAD AND AMANDA HALL 😊

Huge thanks to Brad and Amanda Hall who have saved the school a considerable freight bill for all of the new science room furniture that was collected from Perth. They did two trips with a large trailer to get the furniture, saving us upward of \$1300. Your time and effort is greatly appreciated.

THANK YOU NAREMBEEN IGA, NAREMBEEN HARDWARE AND AG SUPPLIES, NAREMBEEN SPRAYING SERVICES AND NAREMBEEN P & C ASSOCIATION

Thank you once again to these business houses and group; Graham and Tash at Narembeen IGA, Pom and Amy at Narembeen Hardware and Ag Supplies, Graham and Jo at Narembeen Spraying Services and our own P & C Association for once again donating \$5 per shirt for the new Country Week shirts for our Year 7's and new students. Their generosity sees the students cost kept to \$20 for these and we acknowledge and thank them for their continued support of our school.

THANK YOU HANNAH BALD, KELLY LYON AND SHOHAN HICKEY AND PARENTS OF OUR YEAR 5 - 10 STUDENTS

The cake stall was a great success on Friday and we would like to acknowledge and thank all of the parents who contributed produce and also Hannah, Kelly and Shohan who ran the stall for us. We are so lucky to have volunteers who are willing to put their hand up to both cook and work for our students.

SPORTING SUCCESS: CONGRATULATIONS MIA PARSONS

Well done to Mia Parsons (Year 8) on being selected in the Future Fever program for the Wheatbelt/Goldfields region. To top this off, Mia also won the B Grade Fairest and Best in the Corrigin & Districts Netball Association on Saturday after the semi-finals. A well deserved winner in her first year in seniors and still only 13.

ASSEMBLY

Well done to our smallest and youngest class on running a terrific assembly last Friday August 18 2023. All aspects of it were well done. Thanks to Joey, Paige and Terri for their input into ensuring our Pre-primary students were confident and prepared to stand in front of a large audience and both speak and perform. Great job also by our Year 2 class with the presentation of their report. The smiling, super, stunning, savvy students (...it's alliteration!) showed us just how much work they are doing with Miss Jones.

OUR HONOUR CERTIFICATE WINNERS 😊

AUSSIE'S OF THE MONTH

Maya Della Vedova (July):

Maya is a delightful young girl who always shows respect to her teachers and peers. She is a dedicated student who works hard, both at school and at home. She demonstrates kindness, resilience and generosity each day inside and outside the classroom. Well done Maya, you are a deserving winner of this award. Congratulations.

Mia Parsons (August):

Mia is a true example of a student who others can strive to be like. She is polite to teachers and other students and always offers to help and assist with any duties without hesitation, often doing more than is necessary. Mia goes about this business quietly and efficiently without a fuss. Her positive impact on our classroom and school community is highly valued. Well done Mia, you are a very deserving winner of Aussie of the Month. Congratulations.

NAREMBEEN DHS DIGITAL INDIGENOUS ARTWORK

Thanks to Sarah Kuhne-Munroe for taking the initiative and seeking out ex-student and talented artist Brittany Lavery, we now have a significant piece of artwork which staff will use on staff shirts in the future and which will be part of our upgrade of the breezeway in the future.

ABOUT THE ARTWORK:

Artist: **Brittany Lavery**

Title: **Katadgin (Knowledge)**

Date of Completion: July 2023

Region: Noongar/Yamatji

Language Group: Yued/Ballardong

The Story

The Waitj (emu in Ballardong) were creator spirits that soared through the skies above looking over land. Depending on the time of year the 'emu in the sky' is orientated to either appear sitting or running. Indigenous people knew from the positioning of the Waitj whether they should be out hunting for emus or collecting their eggs. The Waitj is a symbol of survival, adaptability and proper planning.

This symbol represents the Waitj's footprints/travelling path. The circle's (meeting place) with the U (people) around it represents Narembeen District High School and the supporting community within Narembeen.

The smaller U's represent the children within the school and larger U's represent the teachers and staff that support the children not just with their education but holistically as a community and family.

The straight white lines connecting to the meeting places represent the travelling paths and connection the school has to its community.

This symbol represents human footprints. It represents the student's journey that they will travel together with the staff and community during their education to eventually branch out into adulthood and continue their journey alone. The footprints left behind is a symbol of the impint they will leave on the school and community during their time at Narembeen DHS.

We look forward to ensuring this artwork and its story become part of our school and that all of our students are familiar with it. **Thank you so much to Brittany Lavery (nee Sherwood) for her efforts for our school.** We are able to use this for any purpose within our school and it will look great on shirts in the future.

(Copyright of both Artwork and text described remains with the artist and may not be reproduced by any manner whatsoever without the express permission in writing by the artist.)

NAREMBEEN DHS CENTENARY .. THE COUNTDOWN IS ON .. 25 DAYS TO GO 😊

This is a huge event for our school, one hundred years in the making! It is not every day that a community can get to celebrate 100 years of an institution in it, but this year we can. There have been major changes, over the years, hey, there have been major changes in the time I have been Principal, let alone the time I have been teaching here and it will be great to celebrate with past and present students and staff. I hope the parents are putting out the message for our committee and encouraging those who have moved on from our small community to come back and celebrate with us. Our hard working committee have the day organised and with them, we would like to acknowledge and thank the sponsors who have ensured there are funds available for the event: **Go Narembeeen, Colgar Wind Farms and the Mortimore Family**. We are excited for the day, and the students are keen to see a big crowd along for the day. Get around it guys, there are probably not going to be many of us around to celebrate the 200th!

1972 ... 51 years ago!! Jeff Dargan and your's truly accepting the SCDHSSA Outright Pennant at the Interschool Swimming Carnival, if memory serves me I think it was in Corrigin but I am not sure! It was not in Narembeeen and it is not my photo so thank you for the donation!

CHANGE OF DATE SCDHSSA INTERSCHOOL ATHLETICS CARNIVAL

The SCDHSSA Interschool event has been moved this one time from Friday of Week 8 back to the Tuesday of Week 9 (which is when it always was until last year), this being **TUESDAY SEPTEMBER 12 2023**. This is due to conflicts that other schools had with events. The date will move back to the Friday of Week 8 for all future interschool athletics carnivals (we hope!!!). This event will be held in Bruce Rock this year.

GOOD LUCK TO ALL OF OUR WINTER SPORTS TEAMS

Well done to the Women's B Grade hockey and Men on making it through to the **Grand Final of the Eastern Districts Hockey Association to be played in Merredin on Saturday September 2 2023**. Well done also to the league football team who have won their way into the **EDFL Grand Final to be played in Hyden on Sunday September 3 2023**. Good luck this weekend to the A Grade women and junior hockey teams and the A1, A2 and B grade netball sides who are all doing it the hard way through the prelims, this Saturday August 26 2023 with all five games in Bruce Rock. Bad luck to the reserves football side, who went out in the EDFL 1st semi-final on Saturday.

SPOTTERS POST VISIT

Last week in Geography the Year 1 class were considering the changing use of different locations. We visited the Spotter's Post, located on Longhurst Street, built in 1942 for the purpose of spotting enemy aircraft during WWII. In 1945 the Narembeen branch of the Sailor's, Soldier's, Airmen and Nurse's Father's Association of WA met at the building. In 1946 the building was converted for use as an Infant Health Clinic. In more recent times a beauty salon and the Narembeen Toy Library have utilised the building. In 2015, the Spotter's Post was opened as a War Museum to celebrate the Centenary of ANZAC. This is a wonderful example of a location within our community which has served many purposes during its long life.

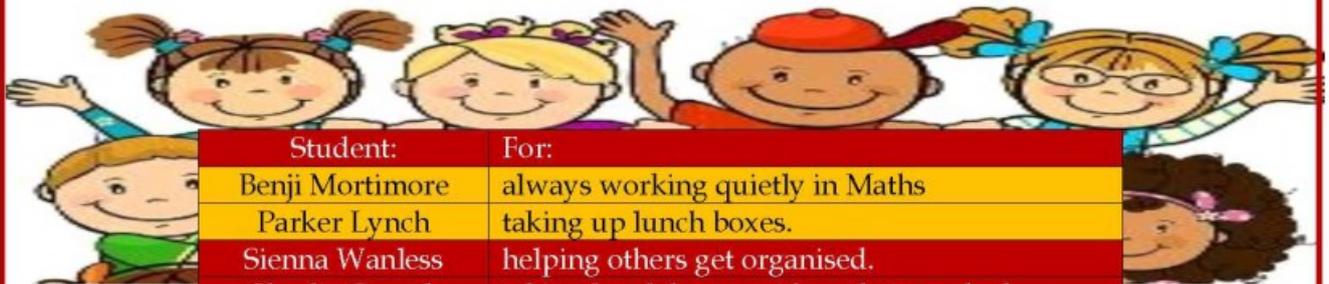

We were joined on our visit by **Mrs Hazel Toovey**, who at the age of 16 worked in the Spotter's Post, reporting the presence of planes to the bases in Perth. She was accompanied by **Chris Bray**, also from the Narembeen Historical Society. Thanks so much to both for facilitating this rich learning experience.

Narembeen Autumn Club – by John Timms

Visit to Pingelly

A few years ago Val and I stayed in Narembeen to find out more about her Grandfather who farmed there after the first world war. We called in to the Mens Shed (as we do!) and we had a cuppa with the guys and then one of the men suggested that we should visit the Autumn Club group who were just around the corner. They were busy making rugs etc. for various charities in WA. They were a very friendly and lovely group of ladies. We talked about Narembeen and Pingelly and they said that they would organise a bus trip in the future to visit our town.

Last Thursday the 10th August the Autumn Club paid us that visit. They arrived at 10 am for morning tea at the Railway Station. They were very impressed with the facility.

We then had a bus tour of the town pointing out the Medical Centre, PRACC etc. and then stopped off at the Mens Shed. The group were amazed by the generous donation by Steve Kolb and also the effort that the members had put in to make the Shed such a great facility.

We then drove past the School, Church, Roads Board building, Shire office etc. and on to the Town Hall. Thanks to Bryan Hotham for opening up the Hall and for the guided tour of the museum. The group then walked down the street to the Craft Shop where they purchased items for their charity work.

Back on the bus for an organised lunch at the Pingelly Hotel. Thanks to Tara, Stevvy, Jesse, and Crysta for their prompt service and great food, and the friendly way that they welcomed our guests. After lunch we drove out to Mourambine Church and also showed the group the old barns and yards at Leake's farm and then back to town.

A few members of the group called in to the CRC where Lee Steel outlined the services that the CRC provide to the community, and then it was a quick visit to our place, the old CBA building. We then said our 'goodbyes' to the group with the promise that we would visit them in the future.

Our thanks go to Carmel Harper for organising the visit and to Michael the driver for his patience and help getting everyone on and off the bus.

We would like to thank John and Helen Price and John Holm for their help in welcoming the Narembeen Autumn Club to our town.

John and Val Timms

PS. We have found information regarding Val's Grandfather Alfred Butcher (Phyl Marshall's Father) and we visited the location of his farm on Soldiers Road. Our thanks to Lorraine from the Narembeen Historical Group for all her help.

The Message Wall...

Brown Shearing's Anywhere

Anytime has an offer for every Hawks supporter who is as excited as we are that they are back in the big dance. We would like to invite everyone to send through messages of support for the boys. We will then print them out and plaster them all over the wall of the changeroom on the big day. Just like the TV stations do for the professionals.

So, if you would like to show you support for your Hawks, please send a message through to this Facebook page or a text through to 0429647651, remember to put your name and where you are from. Then we will make sure the boys know you are behind them.

Stepping Up

Finals present footballers with just fantastic opportunities. They give chances to play in front of big crowds. Chances to play in what are usually great conditions. Then finally they give chances to set up when their team needs them most. To show how good they really are.

Last Sunday the Hawks went into the Second Smi Final knowing that they were in for a tough day. They knew that their opposition were a classy outfit. An outfit that had got the better of the Hawks only a couple of weeks ago. The maroon and gold would need to show that they had adapted and improved since that day.

Mitch Miolini is nearly 30, he came home after school some thirteen years ago and played in a Grand Final in his first year at home. In the ensuing years he has immersed himself in the footy club on just about every level. A long-time committee member, he's always running busy bees and rarely misses a training session. He has also led from the front as the club went through some of its darkest years which included two winless seasons and a ten-year gap between appearances in the big dance. He led from the front again on Sunday.

Starting in the backline he found himself on the Saints talisman in Alex James. When Miolini beat James to the footy a couple of times early in the game it was clear that the skipper was on. He played in a few roles through the day and was magnificent in the ground he covered, the risks he took and his refusal to stop competing. Miolini was in everything, doing everything

he could to lead his side to another shot at the title. He was stepping up in the most admirable way.

Nikau Brown is still only a young fella. Twenty years old, he is a local who came back to town last year to take up an apprenticeship at the local AFGRI dealership. Nikau became a Ressies premiership player in 2022 and has been finding his way in the league side this year. He has always shown great potential and on Sunday he took another step to meeting that potential.

On Sunday, Brown worked through the middle of the ground and spent times in front of the ball and contributed all over the place. He worked both ways, applying pressure on the ball carrier and being a dangerous one when he was in possession. His work rate saw him have two shots on goal in a close game and his calmness under pressure saw him make some great decisions with the ball. Brown had seen the opportunity to step up and done so impressively.

There were of course others that stepped up on Sunday, for the Hawks needed all to contribute to shake off such a class opposition as the Saints. To their eternal credit the group refused to give things away when things were suggesting that they probably should. They kept their heads, kept the toys in the cot and came back for surely one of the great finals wins for the footy club. A win that had a lot to do with the fact that they were willing to step up.

Narembeen CRC Update

Hello!

Georgia is back from her Europe adventure and will be at the CRC four days a week! This means the CRC is once again able to offer all graphic design services. If you require any assistance in this field, please contact the CRC. We thank all our customers for their understanding over the past weeks.

Georgia's Holiday

Hello everyone! Euro summer has officially ended for me and I'm back on Aussie soil! I had a great 3 weeks travelling around Europe. Casey Hooper and I visited Greece, Italy, Switzerland, Spain, France, Netherlands and London! 7 countries in 3 weeks! We created many memories and had many laughs. I am already thinking about my next trip, but for now its back to reality as the jet lag wears off!

Wednesday, the CRC hosted our monthly Morning Coffee Club. We had eleven very competitive ladies visit and enjoy a fun morning playing games. The seniors were split into three groups, playing UNO, Spot it and a very tricky memory game on different gaming stations. We had to use our brain and memory a fair bit and after all this competitive gaming everyone deserved a cuppa and some yummy morning tea! A fantastic morning with lots of laughs all around. Thank you to all those who came.

Enjoy the rest of your week!

MEDIA RELEASE

AVON DESCENT CELEBRATES GOLDEN JUBILEE

16 August 2023

Member for Central Wheatbelt Mia Davies MLA has congratulated the Northam Avon Descent Association, volunteers, local governments, competitors, and all those involved for the successful 50th staging of the State's premier white-water event.

Ms Davies said she was pleased there were close to 400 entrants signed up to brave the event for the 50th year, jumping into their canoes, kayaks, ski paddles and power boats to navigate the 124km white water race.

The Avon Descent was first held in 1973 with just 49 competitors, pulled together by some passionate paddling enthusiasts, many of whom have had an enduring connection to the race.

In that first race there were no rules, no officials, no checkpoints and very few spectators.

In the years since, over 35,000 people have competed in the Avon Descent, from novices, through to World Champions and Olympic competitors.

"Well done to Dad Strength X Bold Beast Jesse Phillip and Noah Boldy as the winning paddling team, M2 Technology Michael Prosser and Justin Green in the power craft event, and all who took on the might of the Avon in challenging conditions," Ms Davies said.

"I know how hard everyone trains for the event, with crews and teams spending many hours preparing to participate in the State's longest white-water race.

"I'd also like to pay special tribute to the volunteers that are involved every year to make the event run smoothly and safely."

Ms Davies said the Avon Descent depended on volunteers to run, with 99 percent of its organising teams consisting entirely of volunteers.

"Over its 50-year history, Northam's Avon Descent Association has engaged thousands of volunteers and hundreds of different volunteer groups to deliver the iconic event," she said.

"The event generates over \$50,000 each year for local volunteer groups in the communities engaged in hosting the event, from Northam through to Bayswater.

"Congratulations to everyone for another fantastic event and thank you to the Local Governments for the community events they host to make it a truly special community event to match the iconic sporting challenge for participants."

JUST A RIPPING GAME OF FOOTY.....

Do you ever walk away from watching a game of footy and think to yourself, ‘Self, that was just a ripping game of footy?’ It happens to more than just me, right? Other people get set on their heels by the quality of what they just saw don’t they? It surely happened to everyone who was lucky enough to watch the second semi between Narembeen and Hyden/Karlgarin on Sunday. For that was a ripping game of footy.

We all knew they were pretty evenly balanced going in and the early stanzas of the game suggested exactly that. The midfields looked even and were taking turns in control at times early on. The key match ups at each end looked right for both sides early on. The big forwards were finding it hard to get space. It was tight.

The conditions were playing a part as well. A steady north westerly sort of breeze was pushing the ball to the far side of the ground and making the southern end of the ground seemingly the scoring end. After a close first quarter the Saints got on top through the middle in the second quarter and the ball was stuck for a long time in their half. The thing was though they couldn’t take advantage of this dominance.

AJ was leading the way for the Saints and his example was being followed by Mitch Lane and TJ who were both going well. The Hawks held firm though. Haslam, Hayden, and James were all well held through the quarter. What often happens in these situations is that after holding on for so long a team can get the ball out of the deadlock and score at the other end. The Saints didn’t allow this though and despite not taking advantage of their dominance in the quarter they went in with a lead at the long break.

The first five minutes after the long break has such an influence in a final. For when the tone is set in the second half the team that sets it gets going and the team that doesn’t can’t catch them.

Showing their class, the Saints took this advantage. They were able to hit the scoreboard early in the quarter with Cam James looking like he was about to rip it apart. The Hawks needed to respond.

A bit of a reshuffle saw Mac Cole go back on to James and big Jake Solmon spend more time in front of the ball. Along with a midfield that started to get more of the ball these moves saw the Hawks get some grip back on the game. Tommy Baldwin led the way as the Hawks running brigade matched their opponents and moved the ball with some more precision and more dare. Plus, they got the ball on the right side of the ground. They just didn’t kick straight.

While the Saints had got out to close to five goals at one stage the Hawks had reeled them in to just nine points at the final change. It had been a ripping stanza with both sides showing their grit and their class. It was exactly what you want in a second semi.

The last quarter saw the Hawks just keep coming. They were able to have the best of the stoppages and showed an ability to get the ball back higher up the ground. which made it tough for the Saints big forwards to hit the scoreboard. It took until the final minutes of the game for the Hawks to get in front.

As they do however, the Saints never stopped. With time running out they threatened to get the ball forward with some brave ball movement and gut running. It was an arm wrestle of the most wonderful country footy style, and it was not until a late quarter Jimmy Kennedy goal that the Hawks would get out by eight points and have enough space to hold on and earn themselves a spot in the big dance. It was just a ripping game of footy.

Narembeen	9-12	66
Hyden/Karlgarin	8-10	58

Sad that it's over but happy that it happened....

So, the Ressies came second in their First Semi Final on Saturday. They were beaten by a Burra side that were too quick and too big. The boys were on the back foot early and try as they might they just couldn't get back into it. They defended with all they had and created opportunities to score but just weren't good enough on the day. The thing is though while they were beaten, and full credit to Burracoppin, they didn't lose.

The Ressies started the year with just fourteen players in Burracoppin. While they used a heap of fill-ins to get to 21 players in round two, they didn't get to a full complement until round four. Despite this and losing their first two games, the Ressies went on to win eight of their next nine games. They sat in second place with three rounds to go.

Through this period the group and showed some wonderful positives for the season and the footy club. The young fellas had wonderful seasons.

Blake Davey continued to grow as a ruckman and Archie Saunders had a couple of games where he was so clearly best on ground daylight was second. Cam Hills displayed a growing goal sense. They Barrett had a game in Corrigin that was quite dominant, and Stephen Cummins went so well he earned himself a league game. These boys grew as players and men and that is a huge success for the Ressies and the club.

Veterans are needed in sides like this as veterans bring control when the pressure comes and instruction when mistakes are made. Ressies sides need veterans and this one had some good ones. Mike Mortimore had a good year predominantly at full forward, kicking some wonderful goals. Kyle Della was a force at centre half back and guys like Mike Morrone, Pete Delevale, Stuart Yandle, Craig Kennedy and for one tremendous cameo Nick Cheetham, added nothing but value to the group

and the season.

The Ressies also provided an environment for players to push for a league game. In good clubs, in strong clubs there is competition for a spot in the league side and much of that tussles needs to happen in the twos. This up and down added value to the club not only to the seconds. The Twos were playing their role in the bigger picture.

With communities not getting any bigger the Ressies often needs help from outside. This Ressies team got it. Will Gray, Blake Phillips, Jordan Garlick and Lleyton Sewell travelled from Perth at their own expense to play for the Ressies. This kind of commitment allowed the boys to stay competitive and always play. Their contribution was huge.

Footy has a tough way to finish seasons and it's easy to fall into the trap of thinking you're a loser unless you win the final game of the year. It's important not to fall into this trap however and the Narem Ressies of this year certainly shouldn't. For while they may have been beaten by a better side on Saturday, they certainly didn't lose in 2023.

Ressies	3-3	21
Burracoppin	16-9	105
