ROTARY WHEATBELT SWIM – Thankyou to Michael Lethlean

On Saturday, 22 February 2020 the Rotary Wheatbelt Swim for Reading was to take place at the Bruce Rock Aquatic Centre. Due to an emergency closure of the Aquatic Centre in Bruce Rock there was fears the swim might have to be aborted for 2020.

Thankfully the Narembeen Aquatic Centre was able to assist Rotary and provide an alternate venue for this wonderful event. The Shire has received thanks from Rotary and Bruce Rock District High School praising Narembeen Pool Manager, Michael Lethlean and his team for their very prompt response making it possible at the last minute to have the Rotary Wheatbelt Swim for Reading at the Narembeen Aquatic Centre.

This meant 32 young people were able to meet the expectations of their sponsors by swimming for their schools. In the case of Narembeen District High School, the Swim will see more than \$2500 injected into reading programs, with more to come by way of the Rotary Love of Reading program, meaning books will be provided for a class of young readers. Additionally, the Swim associates with a Young Citizen Incentive program and a record of five participants from Narembeen were offered places in the Rotary Youth Program of Enrichment, which is a personal development camp for young people aged 14-17.

The Shire and I am sure I can speak on behalf of the community as a whole, would again, like to thank the staff at the Narembeen Aquatic Centre, especially Michael Lethlean, for reacting extremely quickly in this situation and providing a great day for all who attended, it was greatly appreciated by all. Well done also to all the children who participated in the day, it is a great achievement by all.

DRY SEASON SURVEY - ARE YOU CARTING WATER FOR LIVESTOCK?

This is an urgent message for the Narembeen Community regarding the Dry Season Survey. Winter rainfall has been low in most of the agricultural area, farm dam levels are low and there is a potential for livestock water shortages. Water deficiency declaration may be required, however the Department of Water and Environmental Regulation requires data on affected areas and practices in place.

If you are or may need to cart water from dams for livestock then it is essential that you fill out this survey so that the Department has enough data to act quickly, should we require assistance.

If the community do not complete the survey it is likely to cause delays in arranging government assistance supplying water for the preservation of livestock. It is simply 10 questions that need to be completed but the impact it may have could be huge. Please visit the site below to fill out the survey. If you do not have access to the internet or a PC then please visit the CRC who are happy to provide assistance in this area.

ROYAL FLYING DOCTOR SERVICE AIRPORT UPGRADES

There has been some significant upgrades to the facilities at the Narembeen Air Strip for the Royal Flying Doctor Service. This has included a newly renovated kitchen area and other basic amenity upgrades. The RFDS is an extremely important service to have here in the Wheatbelt especially when help can sometimes be too far away in an emergency. We are sure each and every one of us is thankful that we have this service in times of need, therefore providing a more positive experience with up to date facilities when they do have to come to Narembeen, is the least we can do for all of their efforts.

LESSER HALL IN NAREMBEEN

Have you seen the changes to the Lesser Hall area in Narembeen? It is a beautifully designed area of local history and information. It provides all visitors and members of the community with a relaxing place to sit and enjoy a cultural journey through the history of Narembeen. The famous Horse made out of scrap metal by Narembeen local artist, Jordan Sprigg, which was originally located at the front of the Shire of Narembeen Building has now been relocated to the Lesser Hall area, visitors can walk right the way round the Horse and have a good look at how it has been made. The Lesser Hall is located on Latham Road opposite the Shire of Narembeen Building. As a handy hint – this is a stunning setting at sunset and everyone should take the time to visit the Lesser Hall gardens and learn about the history of Narembeen.

BURNING - PERMITS REQUIRED

The Shire of Narembeen advises that we are now in the **RESITRICTED (PERMIT REQUIRED)** burning period from **1 February 2020 to 15 April 2020**.

From the start of the restricted burning time to the 15 April, no person is allowed to light a fire on a Sunday or Public Holiday.

Any questions about burning times should be directed to a Fire Control Officer or the Shire Office.

Would you know what you'd do in a situation where your child's friend disclosed information about abuse? Have you ever considered what to say in the case of another child showing yours pornography?

Often parents don't want to think about dealing with a situation like this. It's scary and they hope it won't ever happen to their child.

What would you do?

Are you confused about how to teach your children to be wary of potential harm, without overloading them with fear, wrapping them in cotton wool, or giving them so much information that their innocence is damaged? Would you know what tried and true steps to take in the event a situation occurred?

Come along to this Protective Education Workshop

Protective Education is a proactive whole community approach to teaching life skills to children. It gives them the language to identify unsafe situations, arm them with tools to seek appropriate assistance or protect themselves.
